(2) If it is not practicable for a seafarer to undergo an evidential breath test at a place to which the seafarer has accompanied an enforcement officer under subsection (1), an enforcement officer may require the seafarer to accompany the officer to any other place where it is likely that the seafarer can undergo an evidential breath test or a blood test (or both).

(5) If a blood specimen taken under this section is insufficient for the purposes of the relevant blood specimen collecting procedure,—

(a) the seafarer from whom the specimen was taken must permit a medical practitioner or medical officer to take a further blood specimen immediately after being requested to do so by the medical practitioner or medical officer; and

(b) a further blood specimen so taken is to be treated as part of the original blood specimen taken from the seafarer.

(6) An enforcement officer may arrest a seafarer without warrant if the seafarer—

(a) fails or refuses to accompany an enforcement officer to a place when required to do so under this section; or

(1) Except as provided in section 40S, production of a certificate to which this section applies in proceedings for an offence against this Part is sufficient evidence, in the absence of proof to the contrary, of the matters that are stated in the certificate and of the sufficiency of the authority and qualifications of the person by whom the certificate is made and, in the case of a certificate referred to in subsection (5), of the person who carried out the analysis.

(2) This section applies to a certificate purporting to be signed by a medical practitioner or medical officer and certifying that—

(a) a specimen of venous blood was taken by the medical practitioner or medical officer in accordance with the blood specimen collecting procedure specified in the certificate from a person named in the certificate; and

(b) for the purposes of the specified blood specimen collecting procedure,—

(i) the specimen was sufficient; or

(ii) the specimen was insufficient and the medical practitioner or medical officer took a further specimen; and

(c) in accordance with the specified blood specimen collecting procedure, the medical practitioner or medical officer kept the specimen in the appropriate container or containers (as applicable); and

(d) each container was received by the medical practitioner or medical officer in a sealed blood specimen collecting kit; and

(e) the medical practitioner or medical officer handed each container to an enforcement officer named in the certificate.
This section also applies to a certificate purporting to be signed by a medical practitioner and certifying that—

(a) the person named in the certificate was in a hospital or doctor’s surgery; and

(b) the medical practitioner, being a medical practitioner in immediate charge of the examination, care, or treatment of that person, took a blood specimen or caused a blood specimen to be taken by any other medical practitioner or any medical officer from the person under section 40M; and

(c) the medical practitioner has reasonable grounds to suspect that the person—

(i) is a seafarer; and

(ii) was in the hospital or doctor’s surgery as a result of—

(A) an accident or incident involving a ship:

(B) an injury or a medical condition arising subsequent to an accident or incident involving the use of a ship; and

(d) before taking the blood specimen or causing the blood specimen to be taken from the person, the medical practitioner examined the person and was satisfied that the taking of the blood specimen would not be prejudicial to the person’s proper care or treatment; and

(e) the medical practitioner—

(i) told the person that the blood specimen was being or had been taken under section 40M for evidential purposes; or

(ii) if the person was unconscious when the specimen was taken, notified the person in writing as soon as practicable that the blood specimen was taken under section 40M for evidential purposes.

(4) This section also applies to a certificate purporting to be signed by a medical practitioner or medical officer and certifying—

(a) all the matters referred to in subsection (2)(a) to (d); and

(b) that the medical practitioner or medical officer sent or caused to be sent by registered post, personal delivery, or delivery by courier, on a specified date, the specimen to a specified approved laboratory in accordance with section 40N; and

(c) that, if at the time the blood specimen was taken more than 1 approved laboratory existed, the medical practitioner or medical officer had notified the Commissioner in writing of the approved laboratory to which the specimen was delivered or posted.

(5) This section also applies to a certificate purporting to be signed by an approved analyst and certifying that—
(a) A blood specimen in a sealed container was, on a specified date, delivered to an approved analyst (or a person employed by an approved laboratory and approved for the purpose by an approved analyst) for analysis, and was delivered by registered post or personal delivery or delivery by courier; and

(b) On analysis of the blood specimen by an analyst specified in the certificate, the presence or a specified proportion of alcohol was found in the specimen; and

(c) No such deterioration or congealing of the specimen was found as would prevent a proper analysis.

(6) This section also applies to a certificate purporting to be signed by an approved analyst and certifying that, following an application under section 40N, a blood specimen was posted to a specified private analyst by registered post, personal delivery, or delivery by courier, and addressed to the private analyst at the address given in the application.

(7) For the purposes of this section, it is not necessary for the person making a certificate to specify his or her entitlement to give the certificate if the certificate indicates that the person belongs to the general category of persons who may make the certificate.

40P Certificates of compliance for evidential breath-testing devices

(1) An evidential breath-testing device must be supported by a certificate of compliance given under this section or section 75A of the Land Transport Act 1998 by a person authorised for the purpose by the Science Minister.

(2) At any trial or defended hearing for an offence involving excess breath alcohol recorded by the device (being an offence committed on or after the commencement of this section), the prosecution must produce to the court a certified copy of the certificate of compliance, and the certificate must be provided by a person authorised for the purpose by the Commissioner and must state that the copy is a true copy of the original certificate.

(3) Subject to subsection (4), a certificate of compliance or a certified copy of it that is produced under subsection (2) is for all purposes conclusive evidence of the matters stated in the certificate, and neither the matters stated in the certificate nor the manufacturer’s specifications for the device concerned may be challenged, called into question, or put in issue in any proceedings in respect of an offence involving excess breath alcohol recorded by the device.

(4) In the absence of proof to the contrary, a document purporting to be a certificate of compliance or a certified copy of a certificate of compliance—

(a) Must be treated as such a certificate or certified copy; and
(b) is conclusive evidence of the sufficiency of the authority of the person who signed the document.

(5) After consultation with the Minister and the Minister of Justice, the Minister of Police must, by notice in the Gazette, specify for each kind of evidential breath-testing device the matters that are required to be stated in a certificate of compliance.

(6) Without limiting subsection (5), the notice given under subsection (5) must—

(a) be, in the case of any kind of evidential breath-testing device approved after the commencement of this section, given in conjunction with the notice approving that kind of device:

(b) specify the maximum period of service for the relevant kind of device, and must require a certificate of compliance to specify the date on which that period began or begins:

(c) specify the maximum period permitted between the date on which a certificate of compliance is issued and the date by which a test result must be obtained, and must require a certificate of compliance to specify the date on which the certificate of compliance was issued:

(d) require a certificate of compliance to include a statement to the effect that the device is being maintained in accordance with the manufacturer’s specifications.

40Q Presumptions relating to blood specimens

(1) In proceedings for an offence against this Part, it is to be presumed, in the absence of proof to the contrary, that,—

(a) if a certificate referred to in section 40P names a person having the same name, address, and occupation as the defendant as the person from whom the specimen of blood was taken, the specimen was taken from the defendant:

(b) every approved analyst who signed a certificate referred to in section 40O(5) was duly authorised to sign it:

(c) if the container in which a blood specimen (or part of a blood specimen) was placed was received by a medical practitioner or medical officer in a sealed blood specimen collecting kit, the container contained a substance (whether or not a combination or mixture of 2 or more substances) and that substance was a preservative and anti-coagulant.

(2) On the request of a person from whom a blood specimen has been taken under section 40L or 40M, or of the person’s lawyer, copies of any certificates
referred to in subsection (1) that relate to that blood specimen must be supplied by the prosecutor to the person making the request.

Section 40Q: inserted, on 23 October 2013, by section 12 of the Maritime Transport Amendment Act 2013 (2013 No 84).

40R Presumptions relating to alcohol-testing

(1) For the purposes of proceedings for an offence against this Part arising out of the circumstances in which an evidential breath test was undergone by the defendant, it is to be conclusively presumed that the proportion of alcohol in the defendant’s breath at the time of the alleged offence was the same as the proportion of alcohol in the defendant’s breath indicated by the test.

(2) For the purposes of proceedings for an offence against this Part arising out of the circumstances in which a blood specimen was taken from the defendant under section 40L or 40M, it is to be conclusively presumed that the proportion of alcohol in the defendant’s blood at the time of the alleged offence was the same as the proportion of alcohol in the blood specimen taken from the defendant.

(3) Except as provided in subsection (4), the result of a positive evidential breath test is not admissible in evidence in proceedings for an offence against any of sections 40C to 40E if—

(a) the seafarer who underwent the test is not advised by an enforcement officer, without delay after the result of the test is ascertained, that the test was positive and that, if the seafarer does not request a blood test within 10 minutes, in the case of a positive test that indicates that the proportion of alcohol in the seafarer’s breath exceeds 250 micrograms of alcohol per litre of breath, the test could of itself be conclusive evidence to lead to that seafarer’s conviction for an offence against this Part; or

(b) the seafarer who underwent the test—

(i) advises an enforcement officer, within 10 minutes of being advised of the matters specified in paragraph (a), that the seafarer wishes to undergo a blood test; and

(ii) complies with section 40L(3).

(4) Subsection (3)(a) does not apply if the seafarer who underwent the test fails or refuses to remain at the place where the seafarer underwent the test until the seafarer can be advised of the result of the test.

(5) If it is proved in proceedings for an offence against section 40E that the defendant failed or refused, without reasonable cause, to comply with section 40H, 40I, 40J, 40L, or 40M, or any lawful requirement, direction, or request made by an enforcement officer under any of those sections, or any lawful requirement or request made by a medical practitioner or medical officer under section 40L or 40M, the failure or refusal may be treated as supporting any evi-
dence given on behalf of the prosecution, or as rebutting any evidence given on behalf of the defendant, concerning the defendant’s condition at the time of the alleged offence.

Section 40R: inserted, on 23 October 2013, by section 12 of the Maritime Transport Amendment Act 2013 (2013 No 84).

40S Circumstances in which certificate not admissible in proceedings

(1) A certificate referred to in section 40O(2), (3), or (4) is not admissible in evidence in proceedings for an offence against this Part if the court, on application made by the defendant not less than 14 days before the hearing, orders that the medical practitioner or medical officer who gave the certificate must appear as a witness at the hearing.

(2) No certificate referred to in section 40O(5) is admissible in evidence in proceedings for an offence against this Part if—

(a) an application has been made in accordance with section 40N for the blood specimen to be sent to a private analyst; and

(b) the specimen has not been sent to the private analyst in compliance with the application.

(3) However, subsection (2) does not apply in respect of a specimen destroyed under the authority of section 40N(7) before the date of the application.

(4) No certificate referred to in section 40O(5) or (6) is admissible in evidence in proceedings for an offence against this Part if the court, on application made by the defendant not less than 14 days before the hearing, orders that,—

(a) in the case of a certificate referred to in section 40O(5), the person who made the analysis or the approved analyst who gave the certificate ought to appear as a witness at the hearing; or

(b) in the case of a certificate referred to in section 40O(6), the person who posted or delivered the specimen, or the person who gave the specimen to the courier, or the approved analyst who gave the certificate ought to appear as a witness at the hearing.

(5) The court may not make an order under subsection (4) unless the application made by the defendant under that subsection is accompanied by an affidavit, sworn by the private analyst who is specified in the defendant’s application under section 40N, to the effect that,—

(a) since the date given to the private analyst as the date on which application was made under section 40N for the sending to the analyst of a blood specimen relating to the defendant, the analyst has not received any such specimen; or

(b) the blood specimen received by the private analyst relating to the defendant—
was not suitable for analysis; or
(ii) was suitable for analysis but, for specified reasons, that analysis was not carried out; or
(iii) was suitable for analysis and that analysis was carried out but, for specified reasons, the results of the analysis are not available; or
(c) the blood specimen received by the private analyst relating to the defendant has been analysed and found to contain not more than 50 milligrams of alcohol per 100 millilitres of blood; or
(d) the blood specimen received by the private analyst relating to the defendant has been analysed and found to contain 20 milligrams or more of alcohol per 100 millilitres of blood more or less than the proportion of alcohol per 100 millilitres of blood specified in the certificate referred to in section 40O(5).

(6) If a blood specimen is destroyed in accordance with section 40N(7), that act does not affect the admissibility in proceedings of a certificate given in respect of the specimen by an approved analyst for the purposes of this Part.

(a) the enforcement officer has good cause to suspect that a seafarer on board the ship has recently committed an offence against section 40C; or
(b) a safety, security, or environmental incident has occurred involving the use of the ship while the seafarer was performing designated safety, security, or marine environmental duties and the enforcement officer has good cause to suspect that alcohol was a contributing factor.

(2) A ship that is stopped by an enforcement officer under subsection (1) must remain stopped for as long as is reasonably necessary for the enforcement officer to complete the exercise of any powers conferred, or duties imposed, on an enforcement officer by this Part.

(a) a seafarer, because of his or her physical or mental condition (however arising), is incapable of carrying out his or her duties properly; and

(b) in all the circumstances, the direction or prohibition or action is necessary in the interests of the seafarer or of any other person or of the public.

(2) The enforcement officer may—

(a) forbid the seafarer to carry out his or her duties for such period as the enforcement officer specifies:

(b) direct the seafarer to a specified place where the seafarer may rest:

(c) take any steps that may be necessary to detain the ship or to remove it to a place where it does not constitute a hazard.

(2) No muster list or other official record referred to in subsection (1) is admissible as evidence in proceedings for an offence against this Part if the court, on application made by the defendant not less than 14 days before the hearing, orders that the master or operator appear as a witness at the hearing.

(4) Subsection (3)—

41 Issue of maritime documents and recognition of documents

(1) After considering any application under section 35, the Director shall, as soon as practicable, grant the application if he or she is satisfied that—

(a) all things in respect of which the document is sought or, in the case of an application for recognition of a document as a maritime document, all things to which the document relates, meet any relevant prescribed requirements; and

(b) the applicant and any person who is to have or is likely to have control over the exercise of the privileges under the document—

(i) either hold the relevant prescribed qualifications and experience or hold such qualifications as are acceptable to the Director under subsection (2); and

(ii) are fit and proper persons to have such control or hold the document; and

(iii) meet all other relevant prescribed requirements; and

(c) it is not contrary to the interests of maritime safety for the document to be granted, renewed, or recognised.

(2) For the purpose of granting or renewing a maritime document, or recognising a document as a maritime document, the Director may, subject to any provisions in the maritime rules, recognise such qualifications or certifications as he or she considers appropriate in each case.

(3) In no case shall the Director recognise foreign qualifications or foreign certificates where—

(a) the requirements to gain such qualifications or to obtain such certificates are less than the requirements to gain similar qualifications or to obtain similar certificates in New Zealand; and

(b) the Director believes that to recognise such qualifications or certificates might pose a risk or danger to the safety of any person, to property, or to the marine environment.

(4) Where a licence, permit, certificate, or other document is recognised by the Director under this section, the Director shall either—

(a) issue an equivalent maritime document under this section; or
(b) notify in writing such recognition.

(5) It shall be a condition of every current maritime document issued or recognised by the Director that the holder shall continue to satisfy the fit and proper person criteria specified in subsection (1)(b)(ii).

(6) Where the Director declines to grant an application under section 35, the applicant may appeal against that decision to the District Court under section 424.

(7) Nothing in this section applies in respect of any ship, crew, or maritime product in respect of which section 42 applies.

Compare: 1990 No 98 s 9; 1992 No 75 s 6

42 Acceptance of convention documents

(1) Subject to subsection (2), the Director shall accept every valid licence, permit, certificate, or other document issued or approved by a State, other than New Zealand, under a convention to which that State and New Zealand are both parties; and, for the purposes of this Act, such documents shall be deemed to be maritime documents.

(2) The Director shall not accept, or shall suspend acceptance of, any documents referred to in subsection (1) where he or she has clear grounds for believing that—

(a) the condition of the ship or maritime product does not correspond substantially with the particulars of any document relating to the ship or maritime product; or

(b) the condition of the ship or maritime product has not been maintained in accordance with the provisions of any requirements leading to the issue of that document; or

(c) the ship is not in all respects fit to proceed to sea without danger to the ship or the persons on board or without presenting an unreasonable threat of harm to the marine environment; or

(d) the ship or maritime product has been materially altered without the sanction of the State that issued or approved the document; or

(e) the document has been fraudulently obtained or the holder of the document is not the person to whom the document was originally issued.

(3) Sections 35, 41, 43 to 51, 68, 69, 73 to 78, 406(b), and 406(c) shall not apply to any document referred to in subsection (1).

(b) the crew of every ship referred to in paragraph (a):
43 Suspension of maritime documents or imposition of conditions

(1) The Director may from time to time—

(a) suspend any maritime document issued by the Director under this Act or under any maritime rules, or impose conditions in respect of any such maritime document; or

(b) suspend the Director’s recognition as a maritime document of any document issued by another person or any organisation, or impose conditions in respect of such recognition,—

if he or she considers such action necessary in the interests of maritime safety, and if he or she—

(c) is satisfied that the holder has failed to comply with any conditions of the relevant maritime document or with the requirements of section 17; or

(d) is satisfied the holder has contravened or failed to comply with section 406; or

(e) is satisfied such action is necessary to ensure compliance with any provisions of Parts 1 to 15 or any regulations or maritime rules made under this Act; or

(f) considers that the privileges or duties for which the document has been granted, or the relevant document has been recognised as a maritime document, are being carried out by the holder in a careless or incompetent manner.

(2) Without limiting the general provisions of subsection (1), the Director may suspend any maritime document, or the recognition of any document as a maritime document, relating to the use of any ship, or maritime product, or impose conditions in respect of any such document, if he or she considers that there is reasonable doubt as to the seaworthiness of the ship or as to the quality or safety of the maritime product to which the document relates.

(3) A suspension, or imposition of conditions, under subsection (1) or (2) remains in force until the earliest of the following:

(a) the Director makes an adverse decision under section 51:

(i) impose, vary, or lift the condition; or
extend the period during which the condition applies for a further specified period:

(b) despite subsection (3)(c) and before the 14-day period expires, extend the period of the suspension for a further specified period.

(5) When a maritime document or recognition of a document as a maritime document is suspended or a maritime document is made subject to conditions under this section, the holder of the document or recognition must immediately produce the maritime document or the document of recognition to the Director, and—

(a) the Director must endorse the document to indicate the action taken under this section; and

(b) the Director may retain a document while it is suspended.

96 Right of contribution

(1) Subject to subsection (2), where, by the fault of 2 or more ships, any person on board one of the ships is killed or injured, and a proportion of the damages is recovered against the owners of one of the ships that exceeds the proportion in which that ship was at fault, those owners may recover the amount of the excess by way of contribution from the owners of the other ship or ships to the extent to which those ships were respectively at fault.

(2) No amount shall be recovered under subsection (1) that could not, by reason of any statutory or contractual limitation of or exemption from liability, or for any other reasons, have been recovered in the first instance as damages by the persons entitled to sue for damages.

(3) In addition to any other remedy provided by law, the persons entitled to any contribution under this section shall, for the purpose of recovering the contribution, have, subject to the provisions of this Act, the same rights and powers as the persons entitled to sue for damages in the first instance.

(b) damages for loss of life or personal injuries suffered by any person on board another ship, that were caused wholly or partly by the fault of the defendant ship,—

unless proceedings are commenced within 2 years after the date when the damage or loss or injury was caused.

(2) Subject to subsections (3) and (4), no action shall be maintainable under section 96 to recover any contribution in respect of an overpaid proportion of any damages for loss of life or personal injuries unless proceedings are commenced within 1 year after the date of payment.

(3) If, in any case to which subsection (1) or subsection (2) applies, the High Court is satisfied that there has not been a reasonable opportunity to arrest the defendant ship—

(a) at any port in New Zealand; or
(b) within New Zealand waters; or
(c) locally within the jurisdiction of the country to which the plaintiff’s ship belongs or in which the plaintiff resides or has his or her principal place of business,—

within the period specified by subsection (1) or (as the case may require) subsection (2), the court shall, on the application of the plaintiff, extend that period to an extent sufficient to give such a reasonable opportunity.

(4) Without limiting subsection (3), in any case to which subsection (1) or subsection (2) applies, the High Court may, in accordance with rules of court, extend the period referred to in the appropriate one of those subsections to such extent and on such conditions as it thinks fit.

Exercise of power by Director

(1) The Director must not issue any instructions, or take any measures, under section 248 or 249 unless the Director considers the issue of such instructions, or the taking of such measures, necessary to avoid, reduce, or remedy pollution, or a significant risk of pollution, by—
   (a) a hazardous substance other than oil; or
   (b) oil or any other harmful substance that is causing, will cause, or will be likely to cause serious harmful consequences to the marine environment or marine interests.

(a) was not reasonably necessary—

(i) to protect the marine environment or marine interests from a harmful substance; or

(ii) to prevent or reduce the risk of a harmful substance being discharged into the sea; or

(b) was such that the good done by the action or measure, or the good likely to be done, was disproportionately less than the expense incurred, or the loss or damage suffered, as a result of that action or that measure.

(2) Where a claim is brought against the Crown for compensation under this section, the court, in determining whether subsection (1)(b) applies, shall take into account—

(a) the probability of a harmful substance being discharged into the sea if the action or measure had not been taken; and

(c) wilfully obstructs the Director in carrying out any of the powers conferred on the Director by either of those sections.

(3) It shall be an additional defence to an offence against subsection (1)(a) to prove that the person charged complied as promptly as possible with the instructions.

(4) Every person who commits an offence against this section is liable on conviction to imprisonment for a term not exceeding 2 years or to a fine not exceeding $200,000 and, if the offence is a continuing one, to a fine not exceeding $10,000 for every day or part of a day on which the offence is continued.

(2) The Minister shall not give directions under subsection (1) that conflict with the exercise of the powers referred to in section 254(3).

(3) Sections 250 and 251 shall apply in respect of every direction under subsection (1) as if it were an instruction under section 248.

(4) Where any direction has been made by the Minister under subsection (1), the Minister shall, as soon as practicable, lay before the House of Representatives a copy of the direction in written form.

343 Ownership of CLC Ship

Notwithstanding any other provision of this Act, for the purposes of this Part, in respect of any discharge or escape of oil from a CLC ship, the owner of that ship shall be deemed to be the CLC owner of that ship at the time of an event giving rise to liability under this Part or (where such event consists of a series of occurrences) at the time of the first such occurrence, as the case may be.

Liability for pollution from ships

344 Liability to the Crown and marine agencies for costs of cleaning up pollution

(1) Subject to subsection (2), section 348, and Part 7, the owner of a ship must pay to the Crown (or marine agency) the cost, including goods and services tax (if any), reasonably incurred by or on behalf of the Crown (or marine agency) in dealing with—

(a) a harmful substance that is discharged or escapes, or any waste or other matter that is dumped, from that ship into the internal waters of New Zealand or into New Zealand marine waters or on to the beds below those internal or marine waters; or

(b) a harmful substance, if that harmful substance poses a grave and imminent threat of being discharged or escaping from that ship into the internal waters of New Zealand or into New Zealand marine waters or on to the beds below those internal or marine waters.

(2) Nothing in this section shall apply to the discharge or escape of oil from a CLC ship.

(3) The amounts payable under subsection (1) shall—

(a) be payable as a debt due to the Crown or the marine agency, as the case may be; and

(b) be payable only to the extent that those amounts have not been otherwise paid by the owner of the ship.

(4) For the purposes of subsection (1), dealing with means any reasonable action taken in relation to the discharge or escape of a harmful substance, or the dumping of any waste or other matter, including (but not limited to)—

(a) the removing, containing, and rendering harmless the harmful substance, or the waste or other matter, or doing any of those things; and

(b) any reasonable measures taken to prevent or minimise the discharge or escape of a harmful substance.

Compare: 1974 No 14 s 30

345 Liability of shipowners for pollution damage

(1) Subject to sections 347 and 348 and Part 7, the owner of a ship is liable in damages, including goods and services tax (if any), for—

(a) all pollution damage in New Zealand or the internal waters of New Zealand or in New Zealand marine waters or on to the beds below those internal or marine waters caused by—

(i) a harmful substance that is discharged or escapes from a ship; or

(ii) any waste or other matter that is dumped from a ship; and

(b) the costs reasonably incurred for any reasonable preventive measures taken by the Crown (or marine agency) to eliminate or reduce a grave and imminent threat that a harmful substance may be discharged or escape from that ship into the internal waters of New Zealand or into New Zealand marine waters or on to the beds below those internal or marine waters.

(2) The recovery of costs by the Crown (or marine agency) under section 344(1) does not preclude a claim for costs under subsection (1) if that claim relates to matters that are different from the matters for which costs were recovered under section 344(1).

346 Liability for unattributable pollution damage from ships

(1) Where the owner of a ship is liable in damages for pollution damage under section 345, but the pollution damage for which that owner is liable cannot reasonably be separated from the pollution damage for which any owner of another ship is liable under section 345, each of the owners shall be jointly and severally liable for all the pollution damage for which the owners together would be liable under section 345.

(2) Any liability under subsection (1) shall be subject to the provisions of sections 347 and 348.

Compare: 1974 No 14 ss 31(7), 32(7)

347 Limits of liability of CLC shipowners for oil pollution damage

(1) If—

(a) oil is discharged or escapes, or there is a grave and imminent threat of discharge or escape of oil, from a CLC ship; and

(b) the discharge or escape is not the result of the personal act or omission of the owner of the CLC ship, committed with intent to cause pollution
damage or recklessly as to whether pollution damage would probably occur,—

the maximum amount for which the owner is liable under section 345 or sec-
tion 346 must be determined under this section; but, in the case of any other
event, the owner’s liability under section 345 or section 346 is not limited by
this section.

(2) The maximum amount for which an owner of a ship is liable in the circum-
cstances specified in subsection (1) may be fixed from time to time by the
Governor-General by Order in Council and, until the time that the maximum
amount is so fixed, is—

(a) 3 million units of account for a ship not exceeding 5 000 units of ton-
nage; and

(b) for a ship with a tonnage exceeding 5 000 units, 3 million units of
account plus 420 units of account for each additional unit of tonnage, up
to a maximum aggregate amount of 59.7 million units of account.

(3) The owner of a ship shall be liable for the costs of any proceedings that may be
awarded against that owner in addition to any other liabilities which are subject
to a maximum amount determined under this section.

(4) The maximum amount of liability of an owner of a ship determined under this
section shall relate to all pollution damage that arises on any one occasion and
whether or not the pollution damage arising from that occasion is sustained by
more than 1 person.

(5) If the maximum amount for which the owner of a ship may be liable under this
section is paid into court, no subsequent variation of the method of calculating
the liability in New Zealand currency under any marine protection rules will
affect the maximum amount of liability.

(6) The liability limits for pollution damage, other than oil pollution damage from
CLC ships, are specified in Part 7.

(1) The owner of a ship shall not be liable under section 344, section 345, or section 346 if the owner proves that the discharge or escape, or the grave and imminent threat of the discharge or escape,—

(a) resulted from an act of war, hostilities, civil war, insurrection, or a natural phenomenon of an exceptional, inevitable, and irresistible character; or

(b) was wholly caused by the act or omission of a third person, other than the employee or agent of the owner, with intent to cause damage; or

(c) was wholly caused by the negligence or other wrongful act of any government or other authority, or of any person, responsible for the maintenance of lights or other navigational aids in the exercise of its functions in relation to those lights or aids.

(2) The owner of a ship shall not be liable in damages to a claimant under section 344, section 345, or section 346 if it is proved that the discharge or escape, or the grave and imminent threat of the discharge or escape, was wholly caused by the act or omission of that claimant, or the employee or agent of that claimant, with intent to cause damage, or was wholly caused by the negligence of that claimant or the employee or agent of that claimant.

Compare: 1974 No 14 s 33(1), (3)

349 Reduction of shipowner’s liability for pollution damage where contributory negligence

(1) A court may reduce, to such extent as it thinks just and equitable, the damages for which the owner of a ship is liable to a claimant under section 345 or section 346 if it is proved that the pollution damage suffered by that claimant was partly caused either by the act or omission of that claimant with intent to cause damage or by the negligence of that claimant.
(2) For the purposes of subsection (1), the term claimant includes any employee or agent of the claimant.

Compare: 1974 No 14 s 33(4)

350 Proceedings against third parties in respect of pollution from ships

(1) Subject to subsection (3), where the owner of a ship avoids liability under section 344 or section 345 or section 346 by proving any of the matters specified in paragraph (b) or paragraph (c) of section 348(1), proceedings may be brought under this section against the person specified in the said paragraph (b) or the said paragraph (c) who has caused the discharge or escape of a harmful substance or waste or other matter, as the case may be.

(2) If proceedings have been brought under this section against a person specified in section 348(1)(c), that defendant shall be entitled to the same limitation of liability as is available under this Part to the owner of the ship from which the harmful substance or waste or other matter has been discharged or has escaped, as the case may be, and the provisions of section 351 shall apply, with the necessary modifications, to the defendant.

(3) Proceedings shall not be brought under this section against any government other than the Government of New Zealand.

351 Distribution of amounts paid in satisfaction of liability

(1) Where a court finds that the owner of a ship is liable in damages under section 345 or section 346, and the liability of that owner is limited under section 347, the court shall—

(a) determine the maximum amount of liability; and

(b) direct payment into court of that amount; and

(c) determine the amount to which the persons making claims in the proceedings would otherwise be entitled; and

(d) direct the distribution of the amount paid into court to each of those persons in proportion to the amount determined under paragraph (c) as the amount to which that person would otherwise be entitled.

(2) Where, prior to a court making a direction for distribution of moneys under this section, any sum has been paid to a person in or towards satisfaction of any claim in damages for pollution damage under section 345 or section 346—

(a) by the owner of the ship or any insurer; or

(b) by a person who has or is alleged to have incurred liability otherwise than under section 345 or section 346 and who is—

(ii) the charterer of the ship or the agent in New Zealand of the charterer; or
(iii) any person interested in, or in possession of, the ship,— the person who paid the sum shall, to the extent of the amount paid, be in the same position with respect to any distribution made in accordance with this section as the person to whom it was paid would have been.

(3) Where an owner of a ship who is liable under section 345 or section 346 has voluntarily made any reasonable sacrifice, or incurred any reasonable expenses, to prevent or reduce the pollution damage for which the owner is liable or would have been liable, that owner shall be in the same position with respect to any distribution made under this section as if that owner had a claim for the cost of that sacrifice or those expenses.

(4) No claim for the distribution of any money under this section shall be admitted by a court unless it is made within such time as the court may direct or such further time as the court may allow.

(5) The court may, if it thinks fit, postpone the distribution of any money under this section having regard to any claims that may be made in the future.

Compare: 1974 No 14 s 35

352 Liability of shipowners for damages for pollution damage only under this Act

353 Restrictions on enforcement of claims against shipowners

(1) Where the amount directed to be paid under section 351(1) has been paid into court,—

   (b) no judgment for any such claim shall be enforced (except in relation to costs).

(2) In proceedings under this Part against the owner of a ship, the reasonable costs and expenses of the claimant, including costs incurred between solicitor and client, shall, unless the court otherwise orders, be taxed by the court and paid by that owner.

   (a) a CLC State and the pollution damage is in respect of the discharge or escape of oil:
   (b) a Bunker Oil Convention State and the pollution damage is in respect of the discharge or escape of bunker oil.

Compensation and indemnity from International Oil Pollution Fund and Supplementary Fund

371 International Oil Pollution Fund and Supplementary Fund declared to be legal entities

The International Oil Pollution Fund and the Supplementary Fund are legal entities and each fund has all the rights, powers, duties, and liabilities of a legal person.

372 Compensation from International Oil Pollution Fund and Supplementary Fund for certain pollution damage

(1) Subject to the provisions of this Part, the International Oil Pollution Fund must pay compensation, up to a maximum amount determined under section 373(1), for pollution damage in New Zealand, the internal waters of New Zealand, or New Zealand marine waters, or the seabed below such waters caused by the discharge or escape of oil from a CLC ship—

(a) if the owner of the ship is not liable for the pollution damage under Part 25; or
(b) if, and to the extent that, the pollution damage exceeds the maximum amount of liability of the owner of the ship determined under section 347; or
(c) if, and to the extent that, the pollution damage exceeds the maximum amount of liability of the owner of the ship determined under any convention (other than the Civil Liability Convention) which is in force between New Zealand and a State that is not a CLC State; or
(d) if, and to the extent that, a person (after pursuing that person’s legal remedies against the owner of the ship), and any insurer of the owner, does not recover payment in full of any damages and costs awarded by a court under section 345 or section 366.

(2) Subject to the provisions of this Part, the Supplementary Fund must pay compensation, up to a maximum amount determined under section 373(1A), for pollution damage if, and to the extent that, the maximum amount of compensation payable under subsection (1) is insufficient to compensate for the pollution damage.

Compare: 1974 No 14 s 49(3)

373 Maximum amount of liability of International Oil Pollution Fund and Supplementary Fund

(1) The maximum amount for which the International Oil Pollution Fund is liable for pollution damage under section 372(1) must be fixed by Order in Council and, until that maximum amount is fixed, is,—

(a) where the pollution damage resulted from a natural phenomenon of an exceptional, inevitable, and irresistible character, the amount of 135 million units of account:

(b) where no liability arises because of the provisions of section 348 giving effect to the Civil Liability Convention, the amount of 135 million units of account:

(c) where liability has been incurred under section 345 by the owner of a CLC ship, 135 million units of account, less the amount of compensation actually paid by the owner, or the owner’s insurer, or by both pursuant to a direction of the court under section 351.

(1A) The maximum amount for which the Supplementary Fund is liable for pollution damage under section 372(2) must be fixed by Order in Council and, until that maximum amount is fixed, is the amount of 750 million units of account less any amount paid by the International Oil Pollution Fund under section 372(1).

(2) A maximum amount of liability fixed by this section applies to the total liability incurred on each distinct occasion, and applies in respect of each distinct occasion without regard to any liability incurred on another occasion.

Section 373(1A): inserted, on 15 June 2018, by section 16(3) of the Maritime Transport Amendment Act 2017 (2017 No 48).
374 **International Oil Pollution Fund’s liability for compensation avoided or limited in certain cases**

(1) The provisions of this section apply only in respect of a CLC ship carrying persistent hydrocarbon mineral oil in bulk as cargo.

(2) The International Oil Pollution Fund is not liable under section 372(1) to pay compensation for pollution damage in the following circumstances:

(a) if it is proved that the pollution damage resulted from an act of war, hostilities, civil war, or insurrection, or was caused by oil which had been discharged from a warship, or from any other ship owned or operated by a State, and which at the time of the discharge was being used by the Government of that State for purposes other than commercial purposes:

(b) if the person making the claim in respect of the pollution damage is unable to prove that the pollution damage was the result of the discharge of oil from 1 or more ships.

(3) Where the International Oil Pollution Fund proves that the damages suffered by any person are a result in part of—

(a) that person’s own negligence; or

(b) any act or omission by that person done or omitted with intent to cause pollution damage,—

the compensation recoverable from the International Oil Pollution Fund under section 372 is reduced to the extent that the court thinks just and equitable having regard to that person’s share in the responsibility for the damage suffered.

(4) Nothing in subsection (3) applies to any claim against the International Oil Pollution Fund that relates to—

(a) expenses reasonably incurred or sacrifices reasonably made by the owner of a ship voluntarily to prevent or reduce pollution damage; or

(b) expenses relating to measures carried out by the owner of a ship pursuant to an instruction of the Director under Part 20.

Compare: 1974 No 14 s 49(4), (5)

375  **Several claims for compensation from International Oil Pollution Fund**

(1) Subject to subsection (2), where liability to pay compensation is incurred under section 372(1) by the International Oil Pollution Fund in respect of several claims for pollution damage arising out of the same event, the court must determine the amount of the International Oil Pollution Fund’s liability and apportion that amount rateably among the several claimants.

(2) Where the amount of claims for compensation established under section 372(1) against the International Oil Pollution Fund exceeds the maximum amount determined under section 373(1), the court must order the maximum amount available to be distributed in such a way that the ratio between any established claim and the amount recovered by a claimant from the owner of a CLC ship and the owner’s insurer, under section 345 or section 366, and from the International Oil Pollution Fund under section 372(1), is the same for all claimants.

(2) If an action to enforce a claim for compensation for pollution damage under the Civil Liability Convention has been brought before a court in a State that is a party to that convention but is not a party to the Fund Convention or the Supplementary Fund Protocol, an action by the claimant against the International Oil Pollution Fund for compensation under Article 4 of the Fund Convention (or against both that fund under Article 4 of the Fund Convention and the Supplementary Fund under Article 4 of the Supplementary Fund Protocol) may be brought before a court in New Zealand, and the provisions of this Part apply accordingly.

Notice of proceedings against International Oil Pollution Fund or Supplementary Fund

If proceedings are brought against the International Oil Pollution Fund or the Supplementary Fund under section 372, the Registrar of the court in which the documents commencing the proceedings are filed must send copies of those documents to the Director.

Notice to and joining of International Oil Pollution Fund and Supplementary Fund in certain proceedings

(1) In proceedings brought in a court against the owner of a CLC ship, or the owner’s insurer, to enforce a claim in respect of any liability incurred under section 372,—

(a) either party to the proceedings may serve a notice on the International Oil Pollution Fund or on the Supplementary Fund; and

(b) specify a period of 30 days, or a lesser period ordered by the court, for the fund served to apply to be joined in the action.

(3) If the fund served applies to be joined in the action, the court must join the fund in the proceedings.

(4) If a fund has been served under subsection (1)(a) but has not been joined in the proceedings, the judgment of the court is final and binding on the fund to the extent that the fund may not challenge the findings of the court in any proceedings relating to the same cause of action.

Reciprocal enforcement of judgments against International Oil Pollution Fund or Supplementary Fund

(1) Part 1 of the Reciprocal Enforcement of Judgments Act 1934 applies to any judgment given by a court against the International Oil Pollution Fund or the Supplementary Fund in a country in respect of which the Fund Convention or the Supplementary Fund Protocol (as the case may be) is in force.

(2) Subsections (3) and (4) of section 6 of the Reciprocal Enforcement of Judgments Act 1934 have no effect in the case of any such judgment.

amounts available for distribution in accordance with the provisions of para-
graph 5 of Article 4 of that convention or paragraph 3 of Article 4 of that proto-
col (as the case may be), then, for the purpose of enforcing the judgment of that
court in New Zealand, the judgment to be enforced is the judgment of that
court as modified by that direction as to distribution.

(1) Where the owner of a marine structure or the person in charge of any marine operations is liable in damages for pollution damage under section 385C, but the pollution damage for which that owner or person in charge is liable cannot reasonably be separated from the pollution damage for which any other owner
of a marine structure or person in charge of any marine operations, or both, is
liable under section 385C, each of the owners and persons in charge is liable,
jointly and severally with the others, for the whole of the pollution damage for

(1) The owner of a marine structure, or the person in charge of any marine oper-
ations, is not liable under section 385B, 385C, or 385D if the owner or person
in charge, as the case may be, proves that the discharge or escape, or the grave
and imminent threat of the discharge or escape, or dumping—

(a) resulted from an act of war, hostilities, civil war, insurrection, or a nat-
ural phenomenon of an exceptional, inevitable, and irresistible character;
or

(b) was wholly caused by the act or omission of a third person, other than
the employee or agent of the owner or the person in charge, as the case
may be, with intent to cause damage; or

(c) was wholly caused by the negligence or other wrongful act of any gov-

(2) The owner of a marine structure and the person in charge of marine operations
is not liable to a claimant under section 385B, 385C, or 385D if it is proved

or escape, was wholly caused by the act or omission of that claimant, or the
employee or agent of that claimant, with intent to cause damage, or was wholly
caused by the negligence of that claimant or the employee or agent of that
claimant.

(1) A court may reduce to such extent as it thinks just and equitable, the damages
for which the owner of a marine structure, or the person in charge of any mar-
ine operations, is liable to a claimant under section 385C or 385D if it is proved
that the pollution damage suffered by that claimant was partly caused either by
the act or omission of that claimant with intent to cause damage or by the negli-
gen of that claimant.

(2) For the purposes of subsection (1), **claimant** includes any employee or agent of
the claimant.

marine structures or operations

Where the owner of a marine structure or the person in charge of any marine
operations avoids liability in damages for pollution damage under section 385C
or 385D by proving any of the matters specified in section 385E(1)(b) or (c),
proceedings for pollution damage may be brought under this section against the
person specified in section 385E(1)(b) or (c) who has caused the discharge,
escape, or dumping of a harmful substance or waste or other matter, as the case
may be.

Compare: 1974 No 14 s 40(2); 1994 No 104 s 360

Act 2013 (2013 No 84).

### 385H Regulated offshore installations to have certificates of insurance

(1) A current certificate of insurance issued, recognised, or accepted by the
Director under section 270 or 271 is required to be for the time being in force
in respect of every regulated offshore installation.

(2) The Director may, in accordance with section 270 or 271, as the case may
require, issue, recognise, or accept certificates of insurance in respect of a regu-
lated offshore installation.

Compare: 1994 No 104 ss 363, 364

Section 385H: inserted, on 23 October 2013, by section 62 of the Maritime Transport Amendment
Act 2013 (2013 No 84).

### 385I Production of certificate of insurance

The person in charge of a regulated offshore installation must produce any cer-
tificate of insurance required by section 385H on demand if requested by a har-
bourmaster, any officer of Customs, or the Director.

Compare: 1974 No 14 s 37(6); 1994 No 104 s 365

Section 385I: inserted, on 23 October 2013, by section 62 of the Maritime Transport Amendment Act
2013 (2013 No 84).
385J Rights of third-party claimants against insurers of regulated offshore installations

(1) This section applies if the owner of a regulated offshore installation is alleged to have incurred liability to a person (a claimant) under any of the following sections:

(a) section 385B (liability to the Crown and marine agencies for costs of cleaning up pollution);
(b) section 385C (liability for pollution damage from marine structures and operations);
(c) section 385D (liability for unattributable pollution damage from marine structures and operations).

(2) The claimant may recover the insured amount of the liability from any person (in this section, the insurer) providing insurance or other financial security for the owner’s liability for pollution damage to which any certificate of insurance referred to in section 385H relates.

(3) The insured amount of the liability is the amount of indemnity (if any) payable under the terms of the contract of insurance or other financial security in respect of the owner’s liability to the claimant.

(4) Proceedings may only be brought by a claimant against an insurer under this section with the leave of the court.

(5) In proceedings brought by a claimant against an insurer under this section,—

(a) the insurer stands in the place of the owner as if the proceedings were proceedings to recover damages, compensation, or costs from the owner; and

(b) the parties have the same rights and liabilities, and the court has the same powers, as if the proceedings were proceedings brought against the insured person; and

(c) the insurer is entitled to rely on any defence or any other matter in answer to the claim or in reduction of its liability to the claimant—

(i) that the insurer would have been entitled to rely on in a claim made by the owner under the terms of the contract of insurance or other financial security; or

(ii) that the owner would have been entitled to rely on in proceedings brought by the claimant against the owner in respect of the liability.

(6) However, despite subsections (3) and (5)(c)(i), the insurer is not entitled to rely on any defence arising from an act or omission by the owner that occurred after the event that gave rise to the liability (for example, a defence based on a failure by the owner to comply with a condition that the owner provide information or assistance to the insurer).
(7) Nothing in this section—
   (a) entitles a claimant to recover any amount from a re-insurer under a contract or arrangement for re-insurance:
   (b) prejudices any claim, or the enforcement of any claim, by any person against the owner of a regulated offshore installation in respect of pollution damage.

(8) Any payment made by the insurer to the claimant under this section in respect of the liability discharges, to the extent of the payment, the liability of the insurer to make a payment to the owner under the terms of the contract of insurance or other financial security in respect of the liability.

(9) An insurer’s liability to a claimant under this section is not reduced, discharged, or otherwise affected by—
   (a) any compromise or settlement between the insurer and the owner in respect of the liability; or
   (b) any payment by the insurer to the owner in respect of the liability unless and to the extent that the amount of the payment is or has been paid by the owner to the claimant in respect of the liability.

Compare: Civil Liability (Third Party Claims Against Insurers) Act 2017 (NSW) ss 4, 7, 9–11
Section 385J: replaced, on 1 January 2020, by section 5 of the Maritime Transport (Offshore Installations) Amendment Act 2019 (2019 No 80).

385K Offence
The owner and person in charge of a regulated offshore installation each commits an offence and is liable to imprisonment for a term not exceeding 2 years or a fine of $200,000 if, without reasonable excuse, a current certificate of insurance issued under the marine protection rules is not for the time being in force in respect of the regulated offshore installation.

Schedule 5
The Amended Hague Rules

Article 1
In this convention the following words are employed with the meanings set out below:

(a) “Carrier” includes the owner or the charterer who enters into a contract of carriage with a shipper.

(b) “Contract of carriage” applies only to contracts of carriage covered by a bill of lading or any similar document of title, in so far as such document relates to the carriage of goods by sea, including any bill of lading or any similar document as aforesaid issued under or pursuant to a charter party from the moment at which such bill of lading or similar document of title regulates the relations between a carrier and a holder of the same.

(c) “Goods” includes goods, wares, merchandise, and articles of every kind whatsoever except live animals and cargo which by the contract of carriage is stated as being carried on deck and is so carried.

(d) “Ship” means any vessel used for the carriage of goods by sea.

(e) “Carriage of goods” covers the period from the time when the goods are loaded on to the time they are discharged from the ship.

Article 2
Subject to the provisions of Article 6, under every contract of carriage of goods by sea the carrier, in relation to the loading, handling, stowage, carriage, custody, care and discharge of such goods, shall be subject to the responsibilities and liabilities, and entitled to the rights and immunities hereinafter set forth.

Article 3
1. The carrier shall be bound before and at the beginning of the voyage to exercise due diligence to—

(a) Make the ship seaworthy.

(b) Properly man, equip and supply the ship.

(c) Make the holds, refrigerating and cool chambers, and all other parts of the ship in which goods are carried, fit and safe for their reception, carriage and preservation.

2. Subject to the provisions of Article 4, the carrier shall properly and carefully load, handle, stow, carry, keep, care for, and discharge the goods carried.
3. After receiving the goods into his charge the carrier or the master or agent of the carrier shall, on demand of the shipper, issue to the shipper a bill of lading showing among other things—

(a) The leading marks necessary for identification of the goods as the same are furnished in writing by the shipper before the loading of such goods starts, provided such marks are stamped or otherwise shown clearly upon the goods if uncovered, or on the cases or coverings in which such goods are contained, in such a manner as should ordinarily remain legible until the end of the voyage.

(b) Either the number of packages or pieces, or the quantity, or weight, as the case may be, as furnished in writing by the shipper.

(c) The apparent order and condition of the goods.

Provided that no carrier, master or agent of the carrier shall be bound to state or show in the bill of lading any marks, number, quantity, or weight which he has reasonable ground for suspecting not accurately to represent the goods actually received, or which he has had no reasonable means of checking.

4. Such a bill of lading shall be prima facie evidence of the receipt by the carrier of the goods as therein described in accordance with paragraph 3(a), (b) and (c). [However, proof to the contrary shall not be admissible when the bill of lading has been transferred to a third party acting in good faith.]

The words in square brackets were added by the Protocol of 23 February 1968.

5. The shipper shall be deemed to have guaranteed to the carrier the accuracy at the time of shipment of the marks, number, quantity and weight, as furnished by him, and the shipper shall indemnify the carrier against all loss, damages and expenses arising or resulting from inaccuracies in such particulars. The right of the carrier to such indemnity shall in no way limit his responsibility and liability under the contract of carriage to any person other than the shipper.

6. Unless notice of loss or damage and the general nature of such loss or damage be given in writing to the carrier or his agent at the port of discharge before or at the time of the removal of the goods into the custody of the person entitled to delivery thereof under the contract of carriage, or, if the loss or damage be not apparent, within three days, such removal shall be prima facie evidence of the delivery by the carrier of the goods as described in the bill of lading.

The notice in writing need not be given if the state of the goods has, at the time of their receipt, been the subject of joint survey or inspection.

[Subject to paragraph 6bis the carrier and the ship shall in any event be discharged from all liability whatsoever in respect of the goods, unless suit is brought within one year of their delivery or of the date when they should have been delivered. This period may, however, be extended if the parties so agree after the cause of action has arisen.]
In the case of any actual or apprehended loss or damage the carrier and the receiver shall give all reasonable facilities to each other for inspecting and tallying the goods.

[6bis. An action for indemnity against a third person may be brought even after the expiration of the year provided for in the preceding paragraph if brought within the time allowed by the law of the court seized of the case. However, the time allowed shall be not less than three months, commencing from the day when the person bringing such action for indemnity has settled the claim or has been served with process in the action against himself.]

The words in square brackets were added by the Protocol of 23 February 1968.

7. After the goods are loaded the bill of lading to be issued by the carrier, master, or agent of the carrier, to the shipper shall, if the shipper so demands, be a “shipped” bill of lading, provided that if the shipper shall have previously taken up any document of title to such goods, he shall surrender the same as against the issue of the “shipped” bill of lading, but at the option of the carrier such document of title may be noted at the port of shipment by the carrier, master, or agent with the name or names of the ship or ships upon which the goods have been shipped and the date or dates of shipment, and when so noted, if it shows the particulars mentioned in paragraph 3 of Article 3, shall for the purpose of this article be deemed to constitute a “shipped” bill of lading.

8. Any clause, covenant, or agreement in a contract of carriage relieving the carrier or the ship from liability for loss or damage to, or in connection with, goods arising from negligence, fault, or failure in the duties and obligations provided in this article or lessening such liability otherwise than as provided in this convention, shall be null and void and of no effect. A benefit of insurance in favour of the carrier or similar clause shall be deemed to be a clause relieving the carrier from liability.

Article 4

1. Neither the carrier nor the ship shall be liable for loss or damage arising or resulting from unseaworthiness unless caused by want of due diligence on the part of the carrier to make the ship seaworthy, and to secure that the ship is properly manned, equipped and supplied, and to make the holds, refrigerating and cool chambers and all other parts of the ship in which goods are carried fit and safe for their reception, carriage and preservation in accordance with the provisions of paragraph 1 of Article 3. Whenever loss or damage has resulted from unseaworthiness the burden of proving the exercise of due diligence shall be on the carrier or other person claiming exemption under this article.

2. Neither the carrier nor the ship shall be responsible for loss or damage arising or resulting from—
(a) Act, neglect or default of the master, mariner, pilot, or the servants of the carrier in the navigation or in the management of the ship.
(b) Fire, unless caused by the actual fault or privity of the carrier.
(c) Perils, dangers and accidents of the sea or other navigable waters.
(d) Act of God.
(e) Act of war.
(f) Act of public enemies.
(g) Arrest or restraint of princes, rulers or people, or seizure under legal process.
(h) Quarantine restrictions.
(i) Act or omission of the shipper or owner of the goods, his agent or representative.
(j) Strikes or lock-outs or stoppage or restraint of labour from whatever cause, whether partial or general.
(k) Riots and civil commotions.
(l) Saving or attempting to save life or property at sea.
(m) Wastage in bulk or weight or any other loss or damage arising from inherent defect, quality or vice of the goods.
(n) Insufficiency of packing.
(o) Insufficiency or inadequacy of marks.
(p) Latent defects not discoverable by due diligence.
(q) Any other cause arising without the actual fault or privity of the carrier, or without the actual fault or neglect of the agents or servants of the carrier, but the burden of proof shall be on the person claiming the benefit of this exception to show that neither the actual fault or privity of the carrier nor the fault or neglect of the agents or servants of the carrier contributed to the loss or damage.

3. The shipper shall not be responsible for loss or damage sustained by the carrier or the ship arising or resulting from any cause without the act, fault or neglect of the shipper, his agents or his servants.

4. Any deviation in saving or attempting to save life or property at sea or any reasonable deviation shall not be deemed to be an infringement or breach of this convention or of the contract of carriage, and the carrier shall not be liable for any loss or damage resulting therefrom.

[5. (a) Unless the nature and value of such goods have been declared by the shipper before shipment and inserted in the bill of lading, neither the carrier nor the ship shall in any event be or become liable for any loss or damage to or in connection with the goods in an amount exceeding}
666.67 units of account per package or unit or 2 units of account per kilogramme of gross weight of the goods lost or damaged, whichever is the higher.

(b) The total amount recoverable shall be calculated by reference to the value of such goods at the place and time at which the goods are discharged from the ship in accordance with the contract or should have been so discharged.

The value of the goods shall be fixed according to the commodity exchange price, or, if there be no such price, according to the current market price, or, if there be no commodity exchange price or current market price, by reference to the normal value of goods of the same kind and quality.

(c) Where a container, pallet or similar article of transport is used to consolidate goods, the number of packages or units enumerated in the Bill of Lading as packed in such article of transport shall be deemed the number of packages or units for the purpose of this paragraph as far as these packages or units are concerned. Except as aforesaid such article of transport shall be considered the package or unit.

(d) The unit of account mentioned in this Article is the Special Drawing Right as defined by the International Monetary Fund. The amounts mentioned in subparagraph (a) of this paragraph shall be converted into national currency on the basis of the value of that currency on a date to be determined by the law of the court seized of the case.

The value of the national currency, in terms of the Special Drawing Right, of a State which is a member of the International Monetary Fund, shall be calculated in accordance with the method of valuation applied by the International Monetary Fund in effect at the date in question for its operations and transactions. The value of the national currency, in terms of the Special Drawing Right, of a State which is not a member of the International Monetary Fund, shall be calculated in a manner determined by that State. Nevertheless, a State which is not a member of the International Monetary Fund and whose law does not permit the application of the provisions of the preceding sentences may, at the time of ratification of the Protocol of 1979 or accession thereto or at any time thereafter, declare that the limits of liability provided for in this Convention to be applied in its territory shall be fixed as follows:

(i) in respect of the amount of 666.67 units of account mentioned in subparagraph (a) of paragraph 5 of this Article, 10,000 monetary units;

(ii) in respect of the amount of 2 units of account mentioned in subparagraph (a) of paragraph 5 of this Article, 30 monetary units.

The monetary unit referred to in the preceding sentence corresponds to 65.5 milligrammes of gold of millesimal fineness 900. The conversion of the amounts specified in that sentence into the national currency shall be made according to the law of the State concerned.
The calculation and the conversion mentioned in the preceding sentences shall be made in such a manner as to express in the national currency of the State as far as possible the same real value for the amounts in subparagraph (a) of paragraph 5 of this Article as is expressed there in units of account. States shall communicate to the depository the manner of calculation or the result of the conversion as the case may be, when depositing an instrument of ratification of the Protocol of 1979 or of accession thereto and whenever there is a change in either.

[(e) Neither the carrier nor the ship shall be entitled to the benefit of the limitation of liability provided for in this paragraph if it is proved that the damage resulted from an act or omission of the carrier done with intent to cause damage, or recklessly and with knowledge that damage would probably result.

(f) The declaration mentioned in subparagraph (a) of this paragraph, if embodied in the Bill of Lading, shall be prima facie evidence, but shall not be binding or conclusive on the carrier.

(g) By agreement between the carrier, master or agent of the carrier and the shipper other maximum amounts than those mentioned in subparagraph (a) of this paragraph may be fixed, provided that no maximum amount so fixed shall be less than the appropriate maximum mentioned in that subparagraph.

(h) Neither the carrier nor the ship shall be responsible in any event for loss or damage to, or in connection with, goods if the nature or value thereof has been knowingly mis-stated by the shipper in the Bill of Lading.]

Paragraph 5(a) was inserted by the Protocol of 21 December 1979.

Paragraphs 5(b) and 5(c) were inserted by the Protocol of 23 February 1968.

Paragraph 5(d) and the succeeding unlettered paragraphs were inserted by the Protocol of 21 December 1979.

Paragraphs 5(e) to 5(h) were inserted by the Protocol of 23 February 1968.

6. Goods of an inflammable, explosive or dangerous nature to the shipment whereof the carrier, master or agent of the carrier has not consented with knowledge of their nature and character, may at any time before discharge be landed at any place, or destroyed or rendered innocuous by the carrier without compensation and the shipper of such goods shall be liable for all damages and expenses directly or indirectly arising out of or resulting from such shipment. If any such goods shipped with such knowledge and consent shall become a danger to the ship or cargo, they may in like manner be landed at any place, or destroyed or rendered innocuous by the carrier without liability on the part of the carrier except to general average, if any.
[Article 4bis

1. The defences and limits of liability provided for in this Convention shall apply in any action against the carrier in respect of loss or damage to goods covered by a contract of carriage whether the action be founded in contract or in tort.

2. If such an action is brought against a servant or agent of the carrier (such servant or agent not being an independent contractor), such servant or agent shall be entitled to avail himself of the defences and limits of liability which the carrier is entitled to invoke under this Convention.

3. The aggregate of the amounts recoverable from the carrier, and such servants and agents, shall in no case exceed the limit provided for in this Convention.

4. Nevertheless, a servant or agent of the carrier shall not be entitled to avail himself of the provisions of this Article, if it is proved that the damage resulted from an act or omission of the servant or agent done with intent to cause damage or recklessly and with knowledge that damage would probably result.]

This article was inserted by the Protocol of 23 February 1968.

Article 5

A carrier shall be at liberty to surrender in whole or in part all or any of his rights and immunities or to increase any of his responsibilities and obligations under this convention, provided such surrender or increase shall be embodied in the Bill of Lading issued to the shipper. The provisions of this convention shall not be applicable to charter parties, but if bills of lading are issued in the case of a ship under a charter party they shall comply with the terms of this convention. Nothing in these rules shall be held to prevent the insertion in a Bill of Lading of any lawful provision regarding general average.

Article 6

Notwithstanding the provisions of the preceding articles, a carrier, master or agent of the carrier and a shipper shall in regard to any particular goods be at liberty to enter into any agreement in any terms as to the responsibility and liability of the carrier for such goods, and as to the rights and immunities of the carrier in respect of such goods, or his obligation as to seaworthiness, so far as this stipulation is not contrary to public policy, or the care or diligence of his servants or agents in regard to the loading, handling, stowage, carriage, custody, care and discharge of the goods carried by sea, provided that in this case no bill of lading has been or shall be issued and that the terms agreed shall be embodied in a receipt which shall be a non-negotiable document and shall be marked as such.

Any agreement so entered into shall have full legal effect.

Provided that this article shall not apply to ordinary commercial shipments made in the ordinary course of trade, but only to other shipments where the character or condition of the property to be carried or the circumstances, terms and conditions under
which the carriage is to be performed are such as reasonably to justify a special agreement.

Article 7
Nothing herein contained shall prevent a carrier or a shipper from entering into any agreement, stipulation, condition, reservation or exemption as to the responsibility and liability of the carrier or the ship for the loss or damage to, or in connection with, the custody and care and handling of goods prior to the loading on, and subsequent to the discharge from the ship on which the goods are carried by sea.

Article 8
The provisions of this Convention shall not affect the rights and obligations of the carrier under any statute for the time being in force relating to the limitation of the liability of owners of sea-going vessels.

[Article 9
This Convention shall not affect the provisions of any international Convention or national law governing liability for nuclear damage.

Article 10
The provisions of this Convention shall apply to every Bill of Lading relating to the carriage of goods between ports in two different States if:
(a) The Bill of Lading is issued in a Contracting State, or
(b) The carriage is from a port in a Contracting State, or
(c) The contract contained in or evidenced by the Bill of Lading provides that the rules of this Convention or legislation of any State giving effect to them are to govern the contract

whatever may be the nationality of the ship, the carrier, the shipper, the consignee, or any other interested person.

Each Contracting State shall apply the provisions of this Convention to the Bills of Lading mentioned above.

This Article shall not prevent a Contracting State from applying the rules of this Convention to Bills of Lading not included in the preceding paragraphs.]

Articles 9 and 10 were added by the Protocol of 23 February 1968.
THE STATES PARTIES TO THE PRESENT CONVENTION,
RECOGNIZING the desirability of determining by agreement uniform international rules regarding salvage operations,
NOTING that substantial developments, in particular the increased concern for the protection of the environment, have demonstrated the need to review the international rules presently contained in the Convention for the Unification of Certain Rules of Law relating to Assistance and Salvage at Sea, done at Brussels, 23 September 1910,
CONSCIOUS of the major contribution which efficient and timely salvage operations can make to the safety of vessels and other property in danger and to the protection of the environment,
CONVINCED of the need to ensure that adequate incentives are available to persons who undertake salvage operations in respect of vessels and other property in danger,
HAVE AGREED as follows:

Chapter I
General provisions

Article 1—Definitions
For the purpose of this Convention:
(a) Salvage operation means any act or activity undertaken to assist a vessel or any other property in danger in navigable waters or in any other waters whatsoever.
(b) Vessel means any ship or craft, or any structure capable of navigation.
(c) Property means any property not permanently and intentionally attached to the shoreline and includes freight at risk.
(d) Damage to the environment means substantial physical damage to human health or to marine life or resources in coastal or inland waters or areas adjacent thereto, caused by pollution, contamination, fire, explosion or similar major incidents.
(e) Payment means any reward, remuneration or compensation due under this Convention.
(f) Organization means the International Maritime Organization.
(g) Secretary-General means the Secretary-General of the Organization.

Article 2—Application of the Convention
This Convention shall apply whenever judicial or arbitral proceedings relating to matters dealt with in this Convention are brought in a State Party.
Article 3—Platforms and drilling units
This Convention shall not apply to fixed or floating platforms or to mobile offshore drilling units when such platforms or units are on location engaged in the exploration, exploitation or production of sea-bed mineral sources.

Article 4—State-owned vessels
1 Without prejudice to article 5, this Convention shall not apply to warships or other non-commercial vessels owned or operated by a State and entitled, at the time of salvage operations, to sovereign immunity under generally recognized principles of international law unless that State decides otherwise.
2 Where a State Party decides to apply the Convention to its warships or other vessels described in paragraph 1, it shall notify the Secretary-General thereof specifying the terms and conditions of such application.

Article 5—Salvage operations controlled by public authorities
1 This Convention shall not affect any provisions of national law or any international convention relating to salvage operations by or under the control of public authorities.
2 Nevertheless, salvors carrying out such salvage operations shall be entitled to avail themselves of the rights and remedies provided for in this Convention in respect of salvage operations.
3 The extent to which a public authority under a duty to perform salvage operations may avail itself of the rights and remedies provided for in this Convention shall be determined by the law of the State where such authority is situated.

Article 6—Salvage contracts
1 This Convention shall apply to any salvage operations save to the extent that a contract otherwise provides expressly or by implication.
2 The master shall have the authority to conclude contracts for salvage operations on behalf of the owner of the vessel. The master or the owner of the vessel shall have the authority to conclude such contracts on behalf of the owner of the property on board the vessel.
3 Nothing in this article shall affect the application of article 7 nor duties to prevent or minimize damage to the environment.

Article 7—Annulment and modification of contracts
A contract or any terms thereof may be annulled or modified if:
(a) the contract has been entered into under undue influence or the influence of danger and its terms are inequitable; or
the payment under the contract is in an excessive degree too large or too small for the services actually rendered.

Chapter II
Performance of salvage operations

Article 8—Duties of the salvor and of the owner and master

1 The salvor shall owe a duty to the owner of the vessel or other property in danger:
   (a) to carry out the salvage operations with due care;
   (b) in performing the duty specified in subparagraph (a), to exercise due care to prevent or minimize damage to the environment;
   (c) whenever circumstances reasonably require, to seek assistance from other salvors; and
   (d) to accept the intervention of other salvors when reasonably requested to do so by the owner or master of the vessel or other property in danger; provided however that the amount of his reward shall not be prejudiced should it be found that such a request was unreasonable.

2 The owner and master of the vessel or the owner of other property in danger shall owe a duty to the salvor:
   (a) to co-operate fully with him during the course of the salvage operations;
   (b) in so doing, to exercise due care to prevent or minimize damage to the environment; and
   (c) when the vessel or other property has been brought to a place of safety, to accept redelivery when reasonably requested by the salvor to do so.

Article 9—Rights of coastal States

Nothing in this Convention shall affect the right of the coastal State concerned to take measures in accordance with generally recognized principles of international law to protect its coastline or related interests from pollution or the threat of pollution following upon a maritime casualty or acts relating to such a casualty which may reasonably be expected to result in major harmful consequences, including the right of a coastal State to give directions in relation to salvage operations.

Article 10—Duty to render assistance

1 Every master is bound, so far as he can do so without serious danger to his vessel and persons thereon, to render assistance to any person in danger of being lost at sea.

2 The States Parties shall adopt the measures necessary to enforce the duty set out in paragraph 1.
3 The owner of the vessel shall incur no liability for a breach of the duty of the master under paragraph 1.

Article 11—Co-operation

A State Party shall, whenever regulating or deciding upon matters relating to salvage operations such as admittance to ports of vessels in distress or the provisions of facilities to salvors, take into account the need for co-operation between salvors, other interested parties and public authorities in order to ensure the efficient and successful performance of salvage operations for the purpose of saving life or property in danger as well as preventing damage to the environment in general.

Chapter III
Rights of salvors

Article 12—Conditions for reward

1 Salvage operations which have had a useful result give right to a reward.
2 Except as otherwise provided, no payment is due under this Convention if the salvage operations have had no useful result.
3 This chapter shall apply, notwithstanding that the salved vessel and the vessel undertaking the salvage operations belong to the same owner.

Article 13—Criteria for fixing the reward

1 The reward shall be fixed with a view to encouraging salvage operations, taking into account the following criteria without regard to the order in which they are presented below:
   (a) the salved value of the vessel and other property;
   (b) the skill and efforts of the salvors in preventing or minimizing damage to the environment;
   (c) the measure of success obtained by the salvor;
   (d) the nature and degree of the danger;
   (e) the skill and efforts of the salvors in salving the vessel, other property and life;
   (f) the time used and expenses and losses incurred by the salvors;
   (g) the risk of liability and other risks run by the salvors or their equipment;
   (h) the promptness of the services rendered;
   (i) the availability and use of vessels or other equipment intended for salvage operations;
   (j) the state of readiness and efficiency of the salvor’s equipment and the value thereof.
2 Payment of a reward fixed according to paragraph 1 shall be made by all of the vessel and other property interests in proportion to their respective salved values. However, a State Party may in its national law provide that the payment of a reward has to be made by one of these interests, subject to a right of recourse of this interest against the other interests for their respective shares. Nothing in this article shall prevent any right of defence.

3 The rewards, exclusive of any interest and recoverable legal costs that may be payable thereon, shall not exceed the salved value of the vessel and other property.

**Article 14—Special compensation**

1 If the salvor has carried out salvage operations in respect of a vessel which by itself or its cargo threatened damage to the environment and has failed to earn a reward under article 13 at least equivalent to the special compensation assessable in accordance with this article, he shall be entitled to special compensation from the owner of that vessel equivalent to his expenses as herein defined.

2 If, in the circumstances set out in paragraph 1, the salvor by his salvage operations has prevented or minimized damage to the environment, the special compensation payable by the owner to the salvor under paragraph 1 may be increased up to a maximum of 30% of the expenses incurred by the salvor. However, the tribunal, if it deems it fair and just to do so and bearing in mind the relevant criteria set out in article 13, paragraph 1, may increase such special compensation further, but in no event shall the total increase be more than 100% of the expenses incurred by the salvor.

3 Salvor’s expenses for the purpose of paragraphs 1 and 2 means the out-of-pocket expenses reasonably incurred by the salvor in the salvage operation and a fair rate for equipment and personnel actually and reasonably used in the salvage operation, taking into consideration the criteria set out in article 13, paragraph 1(h), (i) and (j).

4 The total special compensation under this article shall be paid only if and to the extent that such compensation is greater than any reward recoverable by the salvor under article 13.

5 If the salvor has been negligent and has thereby failed to prevent or minimize damage to the environment, he may be deprived of the whole or part of any special compensation due under this article.

6 Nothing in this article shall affect any right of recourse on the part of the owner of the vessel.

**Article 15—Apportionment between salvors**

1 The apportionment of a reward under article 13 between salvors shall be made on the basis of the criteria contained in that article.
2 The apportionment between the owner, master and other persons in the service of each salving vessel shall be determined by the law of the flag of that vessel. If the salvage has not been carried out from a vessel, the apportionment shall be determined by the law governing the contract between the salvor and his servants.

Article 16—Salvage of persons
1 No remuneration is due from persons whose lives are saved, but nothing in this article shall affect the provisions of national law on this subject.
2 A salvor of human life, who has taken part in the services rendered on the occasion of the accident giving rise to salvage, is entitled to a fair share of the payment awarded to the salvor for salving the vessel or other property or preventing or minimizing damage to the environment.

Article 17—Services rendered under existing contracts
No payment is due under the provisions of this Convention unless the services rendered exceed what can be reasonably considered as due performance of a contract entered into before the danger arose.

Article 18—The effect of salvor’s misconduct
A salvor may be deprived of the whole or part of the payment due under this Convention to the extent that salvage operations have become necessary or more difficult because of fault or neglect on his part or if the salvor has been guilty of fraud or other dishonest conduct.

Article 19—Prohibition of salvage operations
Services rendered notwithstanding the express and reasonable prohibition of the owner or master of the vessel or the owner of any other property in danger which is not and has not been on board the vessel shall not give rise to payment under this Convention.

Chapter IV
Claims and actions

Article 20—Maritime lien
1 Nothing in this Convention shall affect the salvor’s maritime lien under any international convention or national law.
2 The salvor may not enforce his maritime lien when satisfactory security for his claim, including interest and costs, has been duly tendered or provided.
Article 21—Duty to provide security

1 Upon the request of the salvor a person liable for payment due under this Convention shall provide satisfactory security for the claim, including interest and costs of the salvor.

2 Without prejudice to paragraph 1, the owner of the salvaged vessel shall use his best endeavours to ensure that the owners of the cargo provide satisfactory security for the claims against them including interest and costs before the cargo is released.

3 The salvaged vessel and other property shall not, without the consent of the salvor, be removed from the port or place at which they first arrive after the completion of the salvage operations until satisfactory security has been put up for the salvor’s claim against the relevant vessel or property.

Article 22—Interim payment

1 The tribunal having jurisdiction over the claim of the salvor may, by interim decision, order that the salvor shall be paid on account such amount as seems fair and just, and on such terms including terms as to security where appropriate, as may be fair and just according to the circumstances of the case.

2 In the event of an interim payment under this article the security provided under article 21 shall be reduced accordingly.

Article 23—Limitation of actions

1 Any action relating to payment under this Convention shall be time-barred if judicial or arbitral proceedings have not been instituted within a period of two years. The limitation period commences on the day on which the salvage operations are terminated.

2 The person against whom a claim is made may at any time during the running of the limitation period extend that period by a declaration to the claimant. This period may in the like manner be further extended.

3 An action for indemnity by a person liable may be instituted even after the expiration of the limitation period provided for in the preceding paragraphs, if brought within the time allowed by the law of the State where proceedings are instituted.

Article 24—Interest

The right of the salvor to interest on any payment due under this Convention shall be determined according to the law of the State in which the tribunal seized of the case is situated.
Article 25—State-owned cargoes

Unless the State owner consents, no provision of this Convention shall be used as a basis for the seizure, arrest or detention by any legal process of, nor for any proceedings in rem against, non-commercial cargoes owned by a State and entitled, at the time of the salvage operations, to sovereign immunity under generally recognised principles of international law.

Article 26—Humanitarian cargoes

No provision of this Convention shall be used as a basis for the seizure, arrest or detention of humanitarian cargoes donated by a State, if such State has agreed to pay for salvage services rendered in respect of such humanitarian cargoes.

Article 27—Publication of arbitral awards

States Parties shall encourage, as far as possible and with the consent of the parties, the publication of arbitral awards made in salvage cases.

Chapter V

2 For a State which expresses its consent to be bound by this Convention after the conditions for entry into force thereof have been met, such consent shall take effect one year after the date of expression of such consent.
Article 30—Reservations

1 Any State may, at the time of signature, ratification, acceptance, approval or accession, reserve the right not to apply the provisions of this Convention:
   (a) when the salvage operation takes place in inland waters and all vessels involved are of inland navigation;
   (b) when the salvage operations take place in inland waters and no vessel is involved;
   (c) when all interested parties are nationals of that State;
   (d) when the property involved is maritime cultural property of prehistoric, archaeological or historic interest and is situated on the sea-bed.

2 Reservations made at the time of signature are subject to confirmation upon ratification, acceptance or approval.

3 Any State which has made a reservation to this Convention may withdraw it at any time by means of a notification addressed to the Secretary-General. Such withdrawal shall take effect on the date the notification is received. If the notification states that the withdrawal of a reservation is to take effect on a date specified therein, and such date is later than the date the notification is received by the Secretary-General, the withdrawal shall take effect on such later date.

Article 31—Denunciation

1 This Convention may be denounced by any State Party at any time after the expiry of one year from the date on which this Convention enters into force for that State.

2 Denunciation shall be effected by the deposit of an instrument of denunciation with the Secretary-General.

3 A denunciation shall take effect one year, or such longer period as may be specified in the instrument of denunciation, after the receipt of the instrument of denunciation by the Secretary-General.

Article 32—Revision and amendment

1 A conference for the purpose of revising or amending this Convention may be convened by the Organization.

2 The Secretary-General shall convene a conference of the States Parties to this Convention for revising or amending the Convention, at the request of eight States Parties, or one fourth of the States Parties, whichever is the higher figure.

3 Any consent to be bound by this Convention expressed after the date of entry into force of an amendment to this Convention shall be deemed to apply to the Convention as amended.
Article 33—Depositary

1 This Convention shall be deposited with the Secretary-General.

2 The Secretary-General shall:
   (a) inform all States which have signed this Convention or acceded thereto, and all Members of the Organization, of:
      (i) each new signature or deposit of an instrument of ratification, acceptance, approval or accession together with the date thereof;
      (ii) the date of the entry into force of this Convention;
      (iii) the deposit of any instrument of denunciation of this Convention together with the date on which it is received and the date on which the denunciation takes effect;
      (iv) any amendment adopted in conformity with article 32;
      (v) the receipt of any reservation, declaration or notification made under this Convention;
   (b) transmit certified true copies of this Convention to all States which have signed this Convention or acceded thereto.

THE STATES PARTIES TO THIS CONVENTION,
HAVING RECOGNIZED the desirability of determining by agreement certain uni-
form rules relating to the limitation of liability for maritime claims,
HAVE DECIDED to conclude a Convention for this purpose and have thereto agreed
as follows:

Chapter I
The Right of Limitation

Article 1—Persons entitled to limit liability
1. Shipowners and salvors, as hereinafter defined, may limit their liability in
accordance with the rules of this Convention for claims set out in Article 2.
2. The term “shipowner” shall mean the owner, charterer, manager and operator
of a seagoing ship.
3. Salvor shall mean any person rendering services in direct connexion with sal-
vage operations. Salvage operations shall also include operations referred to in
Article 2, paragraph 1(d), (e) and (f).
4. If any claims set out in Article 2 are made against any person for whose act,
neglect or default the shipowner or salvor is responsible, such person shall be
entitled to avail himself of the limitation of liability provided for in this Con-
vention.
5. In this Convention the liability of a shipowner shall include liability in an
action brought against the vessel itself.
6. An insurer of liability for claims subject to limitation in accordance with the
rules of this Convention shall be entitled to the benefits of this Convention to
the same extent as the assured himself.
7. The act of invoking limitation of liability shall not constitute an admission of
liability.

Article 2—Claims subject to limitation
1. Subject to Articles 3 and 4 the following claims, whatever the basis of liability
may be, shall be subject to limitation of liability:
(a) claims in respect of loss of life or personal injury or loss of or damage to property (including damage to harbour works, basins and waterways and aids to navigation), occurring on board or in direct connexion with the operation of the ship or with salvage operations, and consequential loss resulting therefrom;

(b) claims in respect of loss resulting from delay in the carriage by sea of cargo, passengers or their luggage;

(c) claims in respect of other loss resulting from infringement of rights other than contractual rights, occurring in direct connexion with the operation of the ship or salvage operations;

(d) claims in respect of the raising, removal, destruction or the rendering harmless of a ship which is sunk, wrecked, stranded or abandoned, including anything that is or has been on board such ship;

(e) claims in respect of the removal, destruction or the rendering harmless of the cargo of the ship;

(f) claims of a person other than the person liable in respect of measures taken in order to avert or minimize loss for which the person liable may limit his liability in accordance with this Convention, and further loss caused by such measures.

2. Claims set out in paragraph 1 shall be subject to limitation of liability even if brought by way of recourse or for indemnity under a contract or otherwise. However, claims set out under paragraph 1(d), (e) and (f) shall not be subject to limitation of liability to the extent that they relate to remuneration under a contract with the person liable.

Article 3—Claims excepted from limitation

The rules of this Convention shall not apply to:

(a) claims for salvage or contribution in general average;

(b) claims for oil pollution damage within the meaning of the International Convention on Civil Liability for Oil Pollution Damage, dated 29 November 1969 or of any amendment or Protocol thereto which is in force;

(c) claims subject to any international convention or national legislation governing or prohibiting limitation of liability for nuclear damage;

(d) claims against the shipowner of a nuclear ship for nuclear damage;

(e) claims by servants of the shipowner or salvor whose duties are connected with the ship or the salvage operations, including claims of their heirs, dependants or other persons entitled to make such claims, if under the law governing the contract of service between the shipowner or salvor and such servants the shipowner or salvor is not entitled to limit his liability in respect of such claims, or if he is by such law only permitted to limit his liability to an amount greater than that provided for in Article 6.
Article 4—Conduct barring limitation
A person liable shall not be entitled to limit his liability if it is proved that the loss resulted from his personal act or omission, committed with the intent to cause such loss, or recklessly and with knowledge that such loss would probably result.

Article 5—Counterclaims
Where a person entitled to limitation of liability under the rules of this Convention has a claim against the claimant arising out of the same occurrence, their respective claims shall be set off against each other and the provisions of this Convention shall only apply to the balance, if any.

Chapter II
Limits of Liability

Article 6—The general limits
1. The limits of liability for claims other than those mentioned in Article 7, arising on any distinct occasion, shall be calculated as follows:
   (a) in respect of claims for loss of life or personal injury,
      (i) 333,000 Units of Account for a ship with a tonnage not exceeding 500 tons,
      (ii) for a ship with a tonnage in excess thereof, the following amount in addition to that mentioned in (i):
           for each ton from 501 to 3,000 tons, 500 Units of Account;
           for each ton from 3,001 to 30,000 tons, 333 Units of Account;
           for each ton from 30,001 to 70,000 tons, 250 Units of Account; and
           for each ton in excess of 70,000 tons, 167 Units of Account,
   (b) in respect of any other claims,
      (i) 167,000 Units of Account for a ship with a tonnage not exceeding 500 tons,
      (ii) for a ship with a tonnage in excess thereof the following amount in addition to that mentioned in (i):
           for each ton from 501 to 30,000 tons, 167 Units of Account;
           for each ton from 30,001 to 70,000 tons, 125 Units of Account; and
           for each ton in excess of 70,000 tons, 83 Units of Account.
2. Where the amount calculated in accordance with paragraph 1(a) is insufficient to pay the claims mentioned therein in full, the amount calculated in accordance with paragraph 1(b) shall be available for payment of the unpaid balance of claims under paragraph 1(a) and such unpaid balance shall rank rateably with claims mentioned under paragraph 1(b).

3. However, without prejudice to the right of claims for loss of life or personal injury according to paragraph 2, a State Party may provide in its national law that claims in respect of damage to harbour works, basins and waterways and aids to navigation shall have such priority over other claims under paragraph 1(b) as is provided by that law.

4. The limits of liability for any salvor not operating from any ship or for any salvor operating solely on the ship to, or in respect of which he is rendering salvage services, shall be calculated according to a tonnage of 1,500 tons.

5. For the purpose of this Convention the ship’s tonnage shall be the gross tonnage calculated in accordance with the tonnage measurement rules contained in Annex I of the International Convention on Tonnage Measurement of Ships, 1969.

Article 7—The limit for passenger claims

1. In respect of claims arising on any distinct occasion for loss of life or personal injury to passengers of a ship, the limit of liability of the shipowner thereof shall be an amount of 46,666 Units of Account multiplied by the number of passengers which the ship is authorized to carry according to the ship’s certificate, but not exceeding 25 million Units of Account.

2. For the purpose of this Article “claims for loss of life or personal injury to passengers of a ship” shall mean any such claims brought by or on behalf of any person carried in that ship:
   (a) under a contract of passenger carriage, or
   (b) who, with the consent of the carrier, is accompanying a vehicle or live animals which are covered by a contract for the carriage of goods.

Article 8—Unit of Account

1. The Unit of Account referred to in Articles 6 and 7 is the Special Drawing Right as defined by the International Monetary Fund. The amounts mentioned in Articles 6 and 7 shall be converted into the national currency of the State in which limitation is sought, according to the value of that currency at the date the limitation fund shall have been constituted, payment is made, or security is given which under the law of that State is equivalent to such payment. The value of a national currency in terms of the Special Drawing Right, of a State Party which is a member of the International Monetary Fund, shall be calculated in accordance with the method of valuation applied by the International Monetary Fund in effect at the date in question for its operations and transac-
tions. The value of a national currency in terms of the Special Drawing Right, of a State Party which is not a member of the International Monetary Fund, shall be calculated in a manner determined by that State Party.

2. Nevertheless, those States which are not members of the International Monetary Fund and whose law does not permit the application of the provisions of paragraph 1 may, at the time of signature without reservation as to ratification, acceptance or approval or at the time of ratification, acceptance, approval or accession or at any time thereafter, declare that the limits of liability provided for in this Convention to be applied in their territories shall be fixed as follows:

(a) in respect of Article 6, paragraph 1(a) at an amount of:

(i) 5 million monetary units for a ship with a tonnage not exceeding 500 tons,

(ii) for a ship with a tonnage in excess thereof, the following amount in addition to that mentioned in (i):

for each ton from 501 to 3,000 tons, 7,500 monetary units;

for each ton from 3,001 to 30,000 tons, 5,000 monetary units;

for each ton from 30,001 to 70,000 tons, 3,750 monetary units; and

for each ton in excess of 70,000 tons, 2,500 monetary units;

and

(b) in respect of Article 6, paragraph 1(b), at an amount of:

(i) 2.5 million monetary units for a ship with a tonnage not exceeding 500 tons,

(ii) for a ship with a tonnage in excess thereof, the following amount in addition to that mentioned in (i):

for each ton from 501 to 30,000 tons, 2,500 monetary units;

for each ton from 30,001 to 70,000 tons, 1,850 monetary units; and

for each ton in excess of 70,000 tons, 1,250 monetary units;

and

(c) in respect of Article 7, paragraph 1, at an amount of 700,000 monetary units multiplied by the number of passengers which the ship is authorized to carry according to its certificate, but not exceeding 375 million monetary units.

Paragraphs 2 and 3 of Article 6 apply correspondingly to sub-paragraphs (a) and (b) of this paragraph.

3. The monetary unit referred to in paragraph 2 corresponds to sixty-five and a half milligrammes of gold of millesimal fineness nine hundred. The conversion
of the amounts referred to in paragraph 2 into the national currency shall be made according to the law of the State concerned.

4. The calculation mentioned in the last sentence of paragraph 1 and the conversion mentioned in paragraph 3 shall be made in such a manner as to express in the national currency of the State Party as far as possible the same real value for the amounts in Articles 6 and 7 as is expressed there in units of account. States Parties shall communicate to the depositary the manner of calculation pursuant to paragraph 1, or the result of the conversion in paragraph 3, as the case may be, at the time of the signature without reservation as to ratification, acceptance or approval, or when depositing an instrument referred to in Article 16 and whenever there is a change in either.

**Article 9—Aggregation of claims**

1. The limits of liability determined in accordance with Article 6 shall apply to the aggregate of all claims which arise on any distinct occasion:
   
   (a) against the person or persons mentioned in paragraph 2 of Article 1 and any person for whose act, neglect or default he or they are responsible; or
   
   (b) against the shipowner of a ship rendering salvage services from that ship and the salvor or salvors operating from such ship and any person for whose act, neglect or default he or they are responsible; or
   
   (c) against the salvor or salvors who are not operating from a ship or who are operating solely on the ship to, or in respect of which, the salvage services are rendered and any person for whose act, neglect or default he or they are responsible.

2. The limits of liability determined in accordance with Article 7 shall apply to the aggregate of all claims subject thereto which may arise on any distinct occasion against the person or persons mentioned in paragraph 2 of Article 1 in respect of the ship referred to in Article 7 and any person for whose act, neglect or default he or they are responsible.

**Article 10—Limitation of liability without constitution of a limitation fund**

1. Limitation of liability may be invoked notwithstanding that a limitation fund as mentioned in Article 11 has not been constituted. However, a State Party may provide in its national law that, where an action is brought in its Courts to enforce a claim subject to limitation, a person liable may only invoke the right to limit liability if a limitation fund has been constituted in accordance with the provisions of this Convention or is constituted when the right to limit liability is invoked.

2. If limitation of liability is invoked without the constitution of a limitation fund, the provisions of Article 12 shall apply correspondingly.
3. Questions of procedure arising under the rules of this Article shall be decided in accordance with the national law of the State Party in which action is brought.

Chapter III
The Limitation Fund

Article 11—Constitution of the fund

1. Any person alleged to be liable may constitute a fund with the Court or other competent authority in any State Party in which legal proceedings are instituted in respect of claims subject to limitation. The fund shall be constituted in the sum of such of the amounts set out in Articles 6 and 7 as are applicable to claims for which that person may be liable, together with interest thereon from the date of the occurrence giving rise to the liability until the date of the constitution of the fund. Any fund thus constituted shall be available only for the payment of claims in respect of which limitation of liability can be invoked.

2. A fund may be constituted, either by depositing the sum, or by producing a guarantee acceptable under the legislation of the State Party where the fund is constituted and considered to be adequate by the Court or other competent authority.

3. A fund constituted by one of the persons mentioned in paragraph 1(a), (b) or (c) or paragraph 2 of Article 9 or his insurer shall be deemed constituted by all persons mentioned in paragraph 1(a), (b) or (c) or paragraph 2, respectively.

Article 12—Distribution of the fund

1. Subject to the provisions of paragraphs 1, 2 and 3 of Article 6 and of Article 7, the fund shall be distributed among the claimants in proportion to their established claims against the fund.

2. If, before the fund is distributed, the person liable, or his insurer, has settled a claim against the fund such person shall, up to the amount he has paid, acquire by subrogation the rights which the person so compensated would have enjoyed under this Convention.

3. The right of subrogation provided for in paragraph 2 may also be exercised by persons other than those therein mentioned in respect of any amount of compensation which they may have paid, but only to the extent that such subrogation is permitted under the applicable national law.

4. Where the person liable or any other person establishes that he may be compelled to pay, at a later date, in whole or in part any such amount of compensation with regard to which such person would have enjoyed a right of subrogation pursuant to paragraphs 2 and 3 had the compensation been paid before the fund was distributed, the Court or other competent authority of the State where the fund has been constituted may order that a sufficient sum shall be provi-
sionally set aside to enable such person at such later date to enforce his claim against the fund.

Article 13—Bar to other actions

1. Where a limitation fund has been constituted in accordance with Article 11, any person having made a claim against the fund shall be barred from exercising any right in respect of such claim against any other assets of a person by or on behalf of whom the fund has been constituted.

2. After a limitation fund has been constituted in accordance with Article 11, any ship or other property, belonging to a person on behalf of whom the fund has been constituted, which has been arrested or attached within the jurisdiction of a State Party for a claim which may be raised against the fund, or any security given, may be released by order of the Court or other competent authority of such State. However, such release shall always be ordered if the limitation fund has been constituted:
   (a) at the port where the occurrence took place, or, if it took place out of port, at the first port of call thereafter; or
   (b) at the port of disembarkation in respect of claims for loss of life or personal injury; or
   (c) at the port of discharge in respect of damage to cargo; or
   (d) in the State where the arrest is made.

3. The rules of paragraphs 1 and 2 shall apply only if the claimant may bring a claim against the limitation fund before the Court administering that fund and the fund is actually available and freely transferable in respect of that claim.

Article 14—Governing law

Subject to the provisions of this Chapter the rules relating to the constitution and distribution of a limitation fund, and all rules of procedure in connexion therewith, shall be governed by the law of the State Party in which the fund is constituted.

Chapter IV
Scope of Application

Article 15

1. This Convention shall apply whenever any person referred to in Article 1 seeks to limit his liability before the Court of a State Party or seeks to procure the release of a ship or other property or the discharge of any security given within the jurisdiction of any such State. Nevertheless, each State Party may exclude wholly or partially from the application of this Convention any person referred to in Article 1 who at the time when the rules of this Convention are invoked before the Courts of that State does not have his habitual residence in a State Party or does not have his principal place of business in a State Party or any
ship in relation to which the right of limitation is invoked or whose release is sought and which does not at the time specified above fly the flag of a State Party.

2. A State Party may regulate by specific provisions of national law the system of limitation of liability to be applied to vessels which are:
   (a) according to the law of that State, ships intended for navigation on inland waterways
   (b) ships of less than 300 tons.

A State Party which makes use of the option provided for in this paragraph shall inform the depositary of the limits of liability adopted in its national legislation or of the fact that there are none.

3. A State Party may regulate by specific provisions of national law the system of limitation of liability to be applied to claims arising in cases in which interests of persons who are nationals of other States Parties are in no way involved.

4. The Courts of a State Party shall not apply this Convention to ships constructed for, or adapted to, and engaged in, drilling:
   (a) when that State has established under its national legislation a higher limit of liability than that otherwise provided for in Article 6; or
   (b) when that State has become party to an international convention regulating the system of liability in respect of such ships.

In a case to which sub-paragraph (a) applies that State Party shall inform the depositary accordingly.

5. This Convention shall not apply to:
   (a) air-cushion vehicles;
   (b) floating platforms constructed for the purpose of exploring or exploiting the natural resources of the sea-bed or the subsoil thereof.

Chapter V
Final Clauses

Article 16—Signature, ratification and accession

1. This Convention shall be open for signature by all States at the Headquarters of the Inter-Governmental Maritime Consultative Organization (hereinafter referred to as “the Organization”) from 1 February 1977 until 31 December 1977 and shall thereafter remain open for accession.

2. All States may become parties to this Convention by:
   (a) signature without reservation as to ratification, acceptance or approval; or
Article 17—Entry into force

1. This Convention shall enter into force on the first day of the month following one year after the date on which twelve States have either signed it without reservation as to ratification, acceptance or approval or have deposited the requisite instruments of ratification, acceptance, approval or accession.

2. For a State which deposits an instrument of ratification, acceptance, approval or accession, or signs without reservation as to ratification, acceptance or approval, in respect of this Convention after the requirements for entry into force have been met but prior to the date of entry into force, the ratification, acceptance, approval or accession or the signature without reservation as to ratification, acceptance or approval, shall take effect on the date of entry into force of the Convention or on the first day of the month following the ninetieth day after the date of the signature or the deposit of the instrument, whichever is the later date.

3. For any State which subsequently becomes a Party to this Convention, the Convention shall enter into force on the first day of the month following the expiration of ninety days after the date when such State deposited its instrument.

4. In respect of the relations between States which ratify, accept, or approve this Convention or accede to it, this Convention shall replace and abrogate the International Convention relating to the Limitation of the Liability of Owners of Sea-going Ships, done at Brussels on 10 October 1957, and the International Convention for the Unification of certain Rules relating to the Limitation of Liability of the Owners of Sea-going Vessels, signed at Brussels on 25 August 1924.

Article 18—Reservations

1. Any State may, at the time of signature, ratification, acceptance, approval or accession, reserve the right to exclude the application of Article 2 paragraph 1(d) and (e). No other reservations shall be admissible to the substantive provisions of this Convention.

2. Reservations made at the time of signature are subject to confirmation upon ratification, acceptance or approval.

3. Any State which has made a reservation to this Convention may withdraw it at any time by means of a notification addressed to the Secretary-General. Such
withdrawal shall take effect on the date the notification is received.
