## Explanatory note

*This note is not part of the regulations, but is intended to indicate their general effect.*

These regulations come into force on 19 September 2021, which is the date on which the Comprehensive and Progressive Agreement for Trans-Pacific Partnership done at Santiago on 8 March 2018 (the **CPTPP Agreement**) enters into force for Peru.

These regulations amend Part 5 of the Overseas Investment Regulations 2005, which provides for alternative monetary thresholds for overseas investments in significant business assets for the purpose of implementing New Zealand's obligations under the CPTPP Agreement. The thresholds apply for the purpose of determining whether overseas investments in business assets require consent under the Overseas Investment Act 2005.

These regulations bring Peru into the same overseas investment position as countries for which the CPTPP Agreement has already entered into force. There are increased monetary thresholds under section 13 of that Act from \$100 million to \$200 million for investors from those countries.

### **Regulatory impact assessment**

The Ministry of Foreign Affairs and Trade produced a national interest analysis (which incorporated all elements of a regulatory impact assessment) to help inform the decisions taken by the Government relating to the CPTPP Agreement.

A copy of the national interest analysis can be found (appended to the Report of the Foreign Affairs, Defence and Trade Committee) at—
