14 Student may not be eligible for certain allowances if eligible for other government study assistance

- (1) This regulation applies to every student who is the recipient of any bursary, scholarship, or award, however described (other than an allowance continued by regulation 3(d) or (e)), awarded or made out of money appropriated for the purpose by Parliament, for the purpose of study at a secondary school or a tertiary provider.
- (2) Despite anything to the contrary in these regulations, no student to whom this regulation applies may be awarded an allowance continued by regulation 3(a) to (c) without the consent of the chief executive, which allowance is subject to such conditions (if any) as the chief executive may determine in any particular case or class of case.
- (3) Without limiting the generality of subclause (2), it may be a condition of the award of an allowance continued by regulation 3(a) to (c) to a student to whom

 - (a) the recipient does not, by reason only of that reduction, cease to be entitled to that allowance; and
 - (b) regulation 29 will apply to the recipient as if every reference in that regulation to his or her course of study were a reference to the residue of that full-time programme.
- (2) The chief executive must not provide advice under subclause (1) unless, before providing that advice, he or she has consulted with the relevant tertiary provider or principal of the appropriate secondary school.
