**An Act to amend the Government Superannuation Fund Act 1956** [29 October 1987]

BE IT ENACTED by the Parliament of New Zealand as follows:

**1. Short Title and commencement**—(1) This Act may be cited as the Government Superannuation Fund Amendment Act 1987, and shall be read together with and deemed part of the Government Superannuation Fund Act 1956 (hereinafter referred to as the principal Act).

(2) This Act shall be deemed to have come into force on the 1st day of April 1987.

**2. New Part VI substituted**—The principal Act is hereby amended by repealing Part VI, and substituting the following Part:

“PART VI

“PARLIAMENTARY SUPERANNUATION

“82. **Interpretation**—(1) In this Part of this Act, unless the context otherwise requires,—

“‘Member’ means a member of the House of Representatives; and includes any person who is for the time being receiving a salary fixed by a determination made under section 16 of the Civil List Act 1979:

“‘Ordinary member’ means a member of the House of Representatives who holds no other office in respect of which a salary is payable under the Civil List Act 1979:

“‘Salary’, in relation to a member, means the salary payable to that member under the Civil List Act 1979:

“‘Year’ means a period of 12 months ending with the 31st day of December.

“(2) For the purpose of computing the length of any period of service of any person as a member for the purposes of this Part of this Act,—

- “(a) Where any period of such service has commenced or ended before the 1st day of July in any year, it shall be deemed to have commenced or ended, as the case may be, at the beginning of that year:
- “(b) Where any period of such service has commenced or ended on or after the 1st day of July in any year, it shall be deemed to have commenced or ended, as the case may be, at the end of that year.

“Contributions

“83. **Contributions by members**—(1) From the salary payable to any member a superannuation contribution at a rate equal to 11 percent of an ordinary member’s salary shall be deducted as the salary becomes payable from time to time, and paid into a special account within the Government Superannuation Fund to be called the Parliamentary Superannuation Account.

“(2) Notwithstanding the provisions of subsection (1) of this section, where the service of any person as a member exceeds 16 years, the superannuation contribution deducted from that member’s salary shall, in respect of service as a member in excess of 16 years, be at a rate equal to 8 percent of an ordinary member’s salary instead of at the rate specified in subsection (1) of this section.

“83A. **Taxation exemption in respect of contributions**—All contributions payable under this Part of this Act are hereby deemed, for the purposes of section 59 of the Income Tax Act 1976, to be contributions to the Government Superannuation Fund.

“83B. **Election to contribute in respect of notional service**—(1) Where any person is first elected as a member at a by-election in the period which begins with the day after the polling day appointed for a general election and ends with the 30th day of June in the second year following the year in which that polling day occurred, that person may elect, for the purposes of this Part of this Act, to have that person’s period of service computed as if that person had been elected a member at that general election.

“(2) Every election made under subsection (1) of this section shall be made not later than 3 months after the polling day appointed for the general election immediately following the by-election at which the person was elected.

“(3) Every election made under subsection (1) of this section shall be made in writing delivered to the Superintendent.

“(4) Where a person makes an election under subsection (1) of this section, that person shall pay into the Parliamentary Superannuation Account an amount equal to the superannuation contribution that would have been deducted under section 83 (1) of this Act if—

“(a) That person had been elected a member at the general election mentioned in subsection (1) of this section; and

“(b) That person had been receiving, from the polling day appointed for that general election until the day on which that person’s salary commenced to be payable consequent on that person’s election as a member at the by-election, a salary at a rate equal to that payable to an ordinary member as at the date on which the election is made by that person under subsection (1) of this section.

“(5) Where any amount payable pursuant to subsection (4) of this section is not paid within 6 months after the polling day appointed for the general election next following the by-election at which the person was elected, that amount or so much of it as is for the time being unpaid shall thereafter bear interest at the rate for the time being determined by the Board for the purposes of the proviso to section 23A (6) of this Act.

“(6) All interest payable under subsection (5) of this section shall be recoverable as a debt due to the Crown and may be deducted from any annual retiring allowance payable to the person who made the election or any annuity payable to the surviving spouse of that person.

“(7) Every election made under subsection (1) of this section shall have effect according to its tenor.

“83C. **Interest payments not to count as contributions**—Where any person is required or permitted to make payments to the Parliamentary Superannuation Account that include the payment of interest, that interest shall not comprise part of the contributions of that person.

*“Retiring Allowances*

“84. **Retiring allowance of members**—(1) Any person who—

“(a) Ceases to be a member on or after the 1st day of April 1987; and

“(b) Has, at the time of so ceasing to be a member, served as a member for not less than 9 years (whether continuously or in 2 or more separate periods, and

whether before or after the commencement of the 1st day of April 1987); and

“(c) Has attained the age of 45 years,— shall be entitled to an annual retiring allowance until that person dies or again becomes a member.

“(2) An annual retiring allowance under this section shall commence to be payable to the person entitled to it on the day after the date on which that person ceases to be a member or on the day on which that person attains the age of 45 years, whichever day is the later.

“(3) The annual retiring allowance payable to a person under this section shall comprise,—

“(a) In respect of each year of that person’s service as a member (not exceeding 16), one twenty-fourth part of the salary payable from time to time to an ordinary member; plus

“(b) In respect of each year of that person’s service as a member in excess of 16, one one-hundredth part of the salary payable from time to time to an ordinary member.

**“84A. Election to surrender portion of retiring allowance and receive cash payment—**(1) Any person who becomes entitled to an annual retiring allowance under this Part of this Act may elect to surrender the right to receive a proportion of the annual retiring allowance and to receive instead payment out of the Parliamentary Superannuation Account of a sum equal to 10 times the amount by which the annual retiring allowance is reduced by the surrender.

“(2) Notwithstanding anything in subsection (1) of this section, a member who intends to cease to be a member within the following 3 months may make an election under that subsection as if that member had become entitled to an annual retiring allowance under this Part of this Act if—

“(a) That member would have been so entitled if that member had ceased to be a member on the day before the date of the making of the election; or

“(b) That member would be so entitled if that member were to continue in office as a member for a further period (not exceeding 3 months) and were then to cease to be a member.

“(3) Where any member to whom subsection (2) of this section applies has made an election under subsection (1) of this section, that member may make a further election, before that member ceases to be a member, to thereupon receive not more

than half the amount that that member would be entitled to receive if that member had been entitled to an annual retiring allowance when that person made the election under subsection (1) of this section.

“(4) Where any amount is paid to any person under subsection (3) of this section, interest shall be payable on that amount by that person at such rate as the Board may determine for the period between the date on which that person receives that amount and the date on which that person becomes entitled to the annual retiring allowance or the date of that person’s death, whichever is the earlier.

“(5) All such interest shall be recoverable as a debt due to the Crown and may be deducted from any annual retiring allowance payable to the person who made the election or any annuity payable to the surviving spouse of that person.

“(6) Every election under this section shall be made in writing and delivered to the Superintendent before the person who made the election has accepted any instalment of that person’s annual retiring allowance.

“(7) Except as provided in subsections (3) and (8) of this section, no person shall have the right to revoke or amend any election under this section or to make any further election.

“(8) Where a person has made an election under subsection (1) of this section, that person shall be entitled to make one further election to increase the proportion of the annual retiring allowance surrendered by that person under subsection (1) of this section before that person has accepted any instalment of that person’s annual retiring allowance.

“(9) No election or combination of elections under this section shall entitle any person to surrender more than one-quarter of that person’s annual retiring allowance under this Part of this Act.

“(10) Where a person has completed an election under this section or under section 91 of this Act in respect of a previous period of service as a member, the amount so surrendered shall be deducted from the annual retiring allowance that that person may elect to surrender.

“(11) Upon an election under this section becoming effective, the annual retiring allowance payable to the person who made that election shall be reduced by the same proportion as that which that person has elected to surrender and all rights in respect of the proportion so surrendered shall be determined.

“(12) Except as provided in subsection (3) of this section, any amount which a person is entitled to receive by virtue of an

election made pursuant to subsection (2) of this section shall become payable—

“(a) On the date on which that person becomes entitled to payment of the annual retiring allowance; or

“(b) On the date of that person’s death,—  
whichever is the earlier.

“**84AA. Special right of person who has not attained 45 years to elect to surrender proportion of retiring allowance and receive cash payment—**(1) This section applies to any person—

“(a) Who ceases to be a member on or after the 1st day of April 1987; and

“(b) Who, at the time of so ceasing to be a member, has not attained the age of 45 years; and

“(c) Who will, if he or she attains the age of 45 years, become entitled under section 84 of this Act to an annual retiring allowance.

“(2) Any person to whom this section applies—

“(a) Shall be deemed, for the purposes of this section, to become entitled to an annual retiring allowance on the day after the date on which that person ceases to be a member (being an annual retiring allowance calculated as if that person had become entitled to receive an annual retiring allowance on that day); and

“(b) May, within 3 months after ceasing to be a member and before attaining the age of 45 years, elect to surrender the right to receive a proportion of the annual retiring allowance and to receive instead payment out of the Parliamentary Superannuation Account of a sum equal to 10 times the amount by which the annual retiring allowance is reduced by the surrender.

“(3) Where any person to whom this section applies exercises a right of election under this section and an annual retiring allowance subsequently becomes payable to that person pursuant to section 84 of this Act or an annuity subsequently becomes payable to that person’s spouse pursuant to section 86B or section 86C of this Act,—

“(a) That annual retiring allowance or the annual retiring allowance on which the annuity is based shall be calculated in accordance with section 84 (3) of this Act as if subsection (2) of this section had not been passed; and

“(b) That annual retiring allowance or the annual retiring allowance on which the annuity is based shall be reduced by the same proportion as that which that person had elected to surrender and all rights in respect of the proportion surrendered shall be determined.

“(4) Every election under this section shall be made in writing and delivered to the Superintendent before the person who made the election has accepted any instalment of that person’s annual retiring allowance.

“(5) Except as provided in subsection (6) of this section, no person shall have the right to revoke or amend any election under this section or to make any further election.

“(6) Where a person has made an election under subsection (2) (b) of this section, that person shall be entitled to make one further election to increase the proportion of the annual retiring allowance surrendered by that person under subsection (2) (b) of this section before that person has accepted any instalment of that person’s annual retiring allowance.

“(7) No election or combination of elections under this section shall entitle any person to surrender more than one-quarter of that person’s annual retiring allowance under this Part of this Act.

“(8) Where a person has completed an election under this section in respect of a previous period of contributory service, the amount so surrendered shall be deducted from the annual retiring allowance that that person may elect to surrender.

“(9) A person to whom this section applies may not make an election under section 84A of this Act.

**“84B. Right to defer retiring allowance to age 55 or 60 years in return for lump sum on retirement—**(1) This section applies to—

“(a) Any person to whom section 84AA of this Act applies:

“(b) Any person—

“(i) Who ceases to be a member on or after the 1st day of April 1987; and

“(ii) Who, at the date when that person ceases to be a member, has not attained the age of 50 years; and

“(iii) Who is entitled under section 84 of this Act to an annual retiring allowance.

“(2) Any person to whom this section applies may, in addition to or instead of exercising the right to surrender a proportion of that person’s annual retiring allowance, elect to

defer receiving the annual retiring allowance until that person attains the age of 55 years or 60 years and to receive an amount calculated according to the formula  $C \times D$  where—

C is that person's annual retiring allowance calculated as if that person had been entitled to receive an annual retiring allowance under section 84 of this Act on the day after the date on which that person ceased to be a member, after allowing for the effect of any election under section 84A or section 84AA of this Act:

D is 3.5 if deferral is to age 55 years or 7 if deferral is to age 60 years.

“(3) Every election under subsection (2) of this section—

“(a) Shall be made in writing; and

“(b) Shall be delivered to the Superintendent—

“(i) Within 3 months after the date on which the person ceases to be a member; and

“(ii) Before the person who made the election has accepted any portion of that person's annual retiring allowance.

“(4) No person shall have the right to revoke or amend any election made under subsection (2) of this section or to make any further election after the person has accepted any payment under this section.

**“84C. Election of variable retiring allowance to secure level income—**(1) Subject to the provisions of this section, any person who becomes entitled to an annual retiring allowance payable out of the Parliamentary Superannuation Account may, with the consent of the Board and within the time and in the manner prescribed by this section, elect to surrender from any specified date a specified portion of the annual retiring allowance which, but for that person's election that person would be entitled to receive from the Parliamentary Superannuation Account on ceasing to be a member, in order to provide for payment to that person from that Account of an increased annual retiring allowance up to that specified date.

“(2) An election under this section may be for one reduction of the actual annual retiring allowance from one specified date or for successive reductions from 2 or more specified dates.

“(3) The maximum amount or proportion of the annual retiring allowance that any person who becomes entitled to an annual retiring allowance payable out of the Parliamentary Superannuation Account may surrender on making an election under this section shall be determined by the Board.

“(4) Before the Board consents to an election under this section by a person, it may, in its discretion, obtain such medical evidence as to the health of that person as it may require.

“(5) Every annual retiring allowance granted in accordance with this section shall be determined by the Board on an actuarial basis so that there is no overall increase or decrease in the liabilities of the Parliamentary Superannuation Account.

“(6) Every election under this section shall be in writing delivered to the Superintendent.

“(7) An election under this section may be made at any time within the 3 months immediately preceding the date of the commencement of the annual retiring allowance or at any time before the acceptance of the first instalment of that annual retiring allowance.
