23. Validating certain debentures and interest coupons issued by the Dunedin Drainage and Sewerage Board—Whereas the Dunedin Drainage and Sewerage Board (in this section referred to as the Board) has raised the sum of forty-six thousand pounds as part of the Drainage Extension Loan 1954 of two hundred and fifty thousand pounds: And whereas on the thirty-first day of May, nineteen hundred and fifty-seven, as security for that sum, the Board issued certain debentures numbered one hundred and seventy-one to three hundred and twenty-seven inclusive to the value of forty-six thousand pounds with interest coupons attached in the form prescribed by and expressed to be issued pursuant to the powers contained in the Dunedin District Drainage and Sewerage Act 1900: And whereas that Act had been repealed on the first day of April, nineteen hundred and fifty-seven, by the Local Authorities Loans Act 1956, and the debentures and interest coupons should have been in the form prescribed by and expressed to be issued pursuant to the powers contained in that Act: And whereas it is desirable that the debentures and interest coupons be validated: Be it therefore enacted as follows:

The debentures and interest coupons issued by the Board on the thirty-first day of May, nineteen hundred and fifty-seven, are hereby validated and shall have full force and effect according to their tenor as if they had been issued in the form and expressed to be pursuant to the powers contained in the Local Authorities Loans Act 1956.

24. Provision with respect to transfer of administration of Poukawa Drainage Area to Hawke's Bay Catchment Board—Whereas the Poukawa Drainage Area (in this section referred

to as the area) was constituted under the Swamp Drainage Act 1915 by Order in Council gazetted on the twenty-seventh day of April, nineteen hundred and sixteen, at page 1194: And whereas the amount of the rates that are necessary for the maintenance and capital charges in respect of the drainage works already constructed in the area (in this section referred to as the drainage works) greatly exceeds the maximum rates which a Catchment Board may make and levy under the Soil Conservation and Rivers Control Act 1941 (in this section referred to as the Act): And whereas it is expedient that the drainage works and the care, control, and management thereof be vested in the Hawke's Bay Catchment Board (in this section referred to as the Board): Be it therefore enacted as follows:

(1) The drainage works and the care, control, and management thereof shall vest in the Board on the first day of April, nineteen hundred and fifty-nine, and the area shall cease to be a drainage area under the Swamp Drainage Act 1915, and shall thereafter be a defined portion of the Hawke's Bay Catchment District for all purposes relating to the construction and maintenance of the drainage works and shall be known as the Poukawa Special Rating Area.

(2) Except in respect of an administrative rate, the limitations made upon the maximum rates which may be made and levied by a Catchment Board under the Act shall have no application to any rate made and levied by the Board within the Poukawa Special Rating Area.

(3) The classification of the lands within the Poukawa Special Rating Area and the proportions fixed in relation thereto shall continue in force on and after the first day of April, nineteen hundred and fifty-nine, as if they were a classification made and proportions fixed pursuant to the Act for the purposes of a separate rate upon all property liable to be rated within that portion of the district and the classification and proportions shall thereupon be in force as if made for the purposes aforesaid by the Board under the Act, and shall continue in force until determined by the Board by express resolution in that behalf.

(4) In every other respect the provisions of the Act shall, on and after the first day of April, nineteen hundred and fifty-nine, apply to and be observed in respect of the Poukawa Special Rating Area as part of the Hawke's Bay Catchment District.

(5) On and after the first day of April, nineteen hundred and fifty-nine, the debts, liabilities, engagements, powers, and functions of the Minister of Lands in respect of the area shall be the debts, liabilities, engagements, powers, and functions of the Board.

(6) As soon as possible after the first day of April, nineteen hundred and fifty-nine, the Board shall execute in favour of Her Majesty the Queen a debenture securing to Her Majesty the amount being the part of the cost of the drainage works which has not already been recouped by the Minister of Lands together with interest thereon as hereinafter specified as from the first day of April, nineteen hundred and fifty-nine.

(7) The amount referred to in subsection six of this section shall be fixed by the Minister of Lands and the Board and, failing agreement, shall be determined by the Audit Office.

(8) The rate of interest shall be four and a half per cent per annum or such other rate as may from time to time be fixed in that behalf by the Minister of Finance.

(9) The sum so secured shall be paid by the Board to the Minister of Lands by equal annual instalments payable on or before the last day of February in the financial year to which the payment relates over a period of twenty-three years commencing with the first day of April, nineteen hundred and fifty-nine.

(10) The debenture shall be in a form approved by the Minister of Finance and shall be secured over and be a first charge on all lands and drainage works at any time owned by the Board in the area and all rates on lands in that area which are payable to the Board:

Provided that the debenture shall not be secured over any special rates made as security for any special loans raised by the Board.

25. Authorising North Canterbury Catchment Board to make compensation payment—Whereas under the Waimakariri River Improvement Act 1922 certain land in the Canterbury Land District, being more particularly described as all that piece of land containing fifty-three acres three roods twenty-eight perches and seven-tenths of a perch, more or less, being part of Rural Section 1152 and being all that land on the northern side of the stop bank which runs through the property described in certificate of title, Volume 410, folio 162, Canterbury Registry, save and except those areas containing eleven acres and thirty-three perches which have already

been purchased from John Christopher Dobby, of Ladbrooks, farmer, was vested in the Waimakariri River Trust: And whereas by Order in Council made on the thirteenth day of February, nineteen hundred and forty-seven, the Waimakariri River Trust was abolished and all the powers, duties, functions, assets, and liabilities of the said Trust were transferred to the North Canterbury Catchment Board (in this section referred to as the Board): And whereas the said John Christopher Dobby claims that the said land formed part of the land comprised and described in certificate of title, Volume 410, folio 162, Canterbury Registry, and that he was the registered proprietor therein named and that he was entitled to compensation for the taking thereof: And whereas no claims for compensation for the taking of the said land have been made within the time prescribed by law: And whereas the Board, being satisfied that the sum of one thousand pounds together with reasonable legal expenses would have been properly payable as compensation for the taking of the said land if a claim therefor had been made within the prescribed time, is desirous of making payment of that sum: Be it therefore enacted as follows:

The Board is hereby authorised, notwithstanding that a claim is barred by lapse of time, to pay from its Waimakariri River Account to John Christopher Dobby, the sum of one thousand pounds together with reasonable legal expenses in full satisfaction and discharge of all claims for compensation for the taking of the said land.

26. Extending period during which classification for rating purposes of certain lands in Otago Catchment District shall continue in force—Whereas the Lower Clutha River Trust (in this section referred to as the Trust) has been dissolved and its powers and functions transferred to the Otago Catchment Board (in this section referred to as the Board): And whereas the Board has, since the dissolution of the Trust, continued to make and levy annual rates in the district of the Trust in accordance with the classification of the lands in that district previously used for rating purposes: And whereas, by subsection three of section ten of the Soil Conservation and Rivers Control Amendment Act 1946, the Board cannot, after the expiration of six years from the dissolution of the Trust, continue to exercise the powers of the Trust to make and levy the said rates other than as provided for in subsection four of section thirteen of that Act: And whereas the

said period of six years expired on the twenty-fifth day of February, nineteen hundred and fifty-eight: And whereas, before the Board could continue after the said period of six years to make and levy rates in the said district, it would require to classify the lands in the said district pursuant to the provisions of section one hundred and two of the Soil Conservation and Rivers Control Act 1941, but no such classification has been carried out: And whereas the Board is desirous of continuing the classification that was in force in the district of the Trust as at the date of expiry of the said period of six years pending completion of a new classification of the said district: Be it therefore enacted as follows:

(1) The classification of lands for rating purposes in the district of the Trust as in force on the twenty-fourth day of February, nineteen hundred and fifty-eight, and the proportions fixed in relation thereto shall continue and shall be deemed to have continued in full force and effect as if the classification had been made and the proportions had been fixed pursuant to the provisions of the Soil Conservation and Rivers Control Act 1941, for a further period of four years commencing on the twenty-fifth day of February, nineteen hundred and fifty-eight.

(2) All rates made and levied by the Board in the said district after the expiration of the said period of six years and before the commencement of this Act, using the said classification and proportions, shall be deemed to have been validly made and levied.
