AN ACT to enable the Napier Harbour Board to borrow Moneys for Title.
 the Purpose of Repayment of Loans. [25th October, 1930.]

WHEREAS by the Napier Harbour Board Empowering and Loan Preamble.
 Act, 1914 (hereinafter called the principal Act), the Napier Harbour
 Board (hereinafter called the Board) was empowered to borrow moneys
 not exceeding in the whole the sum of three hundred thousand pounds
 at any rate of interest not exceeding five pounds per centum per annum :
 And whereas by the Napier Harbour Board Empowering and Loan
 Amendment Act, 1920 (hereinafter called the 1920 Act), the Board was
 empowered to borrow the sum of two hundred and fifty thousand pounds,
 being the balance of the sum of three hundred thousand pounds
 authorized to be raised by the principal Act after deducting therefrom
 the sum of fifty thousand pounds which the Board was authorized to
 raise and did raise under the authority of the Napier Harbour Board
 Empowering and Vesting Act, 1917, at any rate of interest not exceed-
 ing five pounds ten shillings per centum per annum, and to issue
 debentures therefor or for any part or respective parts thereof providing
 for repayment thereof on such dates or respective dates prior to the
 first day of October, nineteen hundred and fifty, as the Board might by
 resolution decide : And whereas on or about the first day of October,
 nineteen hundred and twenty, the Board borrowed the sum of ten
 thousand pounds, being part of the said sum of two hundred and
 fifty thousand pounds, in manner aforesaid : And whereas by Order
 in Council duly gazetted on the sixth day of October, nineteen
 hundred and twenty-one, in the *New Zealand Gazette* Number 89, at

page 2447, the Board was empowered to borrow the sum of two hundred and forty thousand pounds, being the balance of the said sum of two hundred and fifty thousand pounds, and to issue debentures therefor at any rate of interest not exceeding six pounds ten shillings per centum per annum: And whereas by Order in Council duly gazetted on the thirteenth day of October, nineteen hundred and twenty-one, in *New Zealand Gazette* Number 90, at page 2488, the Board was empowered to borrow the sum of forty thousand pounds, being a part of the said sum of two hundred and forty thousand pounds, and to issue debentures therefor at any rate of interest not exceeding seven pounds per centum per annum: And whereas in exercise of the authorities contained in the principal Act, in the 1920 Act, and in the said Orders in Council dated respectively the sixth day of October, nineteen hundred and twenty-one, and the thirteenth day of October, nineteen hundred and twenty-one, the Board has borrowed various sums of money amounting in the aggregate to one hundred and ninety-seven thousand one hundred pounds, and issued debentures for the sums so borrowed, bearing interest at the rates prescribed by the 1920 Act or by the said Orders in Council, and secured as therein appearing, and by the principal Act authorized, which debentures are repayable at varying dates between the first day of October, nineteen hundred and thirty, and the first day of October, nineteen hundred and fifty: And whereas, in exercise of the authorities contained in the Local Bodies' Finance Act, 1921-22 (hereinafter called the 1921-22 Act), the Board has borrowed the sum of thirteen thousand eight hundred pounds for the purpose of liquidating the antecedent liability of the Board as at the thirty-first day of December, nineteen hundred and twenty-two, and has issued debentures for the sum so borrowed, bearing interest at the rate of five pounds ten shillings per centum per annum, and secured as therein appearing, which debentures are repayable on the twentieth day of September, nineteen hundred and forty-three: And whereas in the case of each of the before-recited loans the Board has established and maintained a sinking fund in accordance with the requirements of the Act authorizing the loan to which such respective sinking fund pertains: And whereas in no case will the sinking fund established and maintained be sufficient to repay the whole of the loan to which it pertains when that loan falls due: And whereas it is expedient that provision should be made to enable the Board to reborrow sufficient moneys to enable it to repay, as the respective loans raised under the authority of the principal Act, the 1920 Act, and the 1921-22 Act respectively fall due, such portion of each such loan as the sinking fund established and maintained in respect of such loan is insufficient to meet, and also to vest in the Board such other powers and authorities as are herein contained:
