Title.	AN ACT to provide for the Merger of the Otago Dock Trust in the Otago Harbour Board. [10th October, 1908.]
Preamble.	<p>WHEREAS by the Otago Dock Act, 1883, certain pieces of land with the dock and buildings theretofore constructed and erected thereon were vested in the Otago Harbour Board (hereinafter referred to as the Harbour Board), to be held by them as a site and endowment for a graving-dock; and by the said Act it was provided that the Harbour Board should, as soon as conveniently might be after the passing of that Act, construct on a site to be chosen by them on the said land a graving-dock of sufficient dimensions at least to admit vessels drawing twenty-five feet of water; and in order to raise money for the construction of the said dock it was provided that it should be lawful for the Harbour Board, and they were thereby authorised to raise and borrow from time to time in addition to all other moneys theretofore borrowed and raised or authorised to be borrowed and raised by the Harbour Board a sum or sums of money not exceeding in the whole one hundred thousand pounds: And whereas by the Otago Dock Act, 1883, and Amendment Act, 1885, the Otago Dock Trust (hereinafter referred to as the Dock Trust) was constituted a body politic and corporate, and all the powers and authorities granted or</p>

conferred by the Otago Dock Act, 1883, to or upon the Harbour Board in relation to the construction of a graving-dock and of borrowing money for the purpose in manner as in that Act mentioned were transferred to and vested in the Dock Trust with full powers to exercise the same subject to the Otago Dock Act, 1883; and all lands or endowments granted to or vested in the Harbour Board under that Act or under any other Act or enactment for the purpose of such dock were vested in the Dock Trust and their successors for the same purpose: And whereas by the Otago Dock Act Amendment Act, 1895, additional powers were conferred on the Dock Trust, including a power for the purposes therein mentioned to borrow from time to time, in addition to all other moneys borrowed or raised or authorised to be borrowed or raised by the Dock Trust, a sum or sums of money not exceeding in the whole ten thousand pounds: And whereas under the powers contained in the last-mentioned Act the Dock Trust raised two loans of five thousand five hundred pounds and four thousand five hundred pounds respectively, of which the loan of four thousand five hundred pounds has been paid off: And whereas the said loan of five thousand five hundred pounds remains outstanding upon the security of fifty-five debentures of one hundred pounds each, payable on the first day of October, nineteen hundred and twenty-eight, bearing interest in the meantime at the rate of four pounds ten shillings per centum per annum, and secured on the dock and other subjects therein mentioned: And whereas by section three of the Port Chalmers Corporation Empowering Act, 1903, it was enacted that the Corporation of the Mayor, Councillors, and Burgesses of the Borough of Port Chalmers (hereinafter referred to as the Corporation of Port Chalmers) might contribute every year a sum not to exceed one thousand pounds, to be applied towards payment of the interest on any loan which might be raised by the Dock Trust for the purpose of constructing a graving-dock at Port Chalmers, provided that before any payment should be made under the now-reciting section and before the Council should enter into any agreement, bond, guarantee, or other contract under section four of the now reciting Act, a poll of the ratepayers of the Borough of Port Chalmers should be taken on the proposal to contribute in terms of the now-reciting section: And whereas the Dock Trust proposing for the purpose of constructing a graving-dock at Port Chalmers to raise a loan of seventy-five thousand pounds by the issue of seven hundred and fifty debentures of one hundred pounds each, redeemable on the thirtieth day of June, nineteen hundred and twenty-five, and bearing interest at the rate of five pounds per centum per annum, payable half-yearly on the thirty-first day of December and the thirtieth day of June in each year, and desiring the assistance of the guarantee authorised by the Port Chalmers Corporation Empowering Act, 1903, and the Corporation of Port Chalmers proposing to contribute every year out of the district fund of the said borough a sum not exceeding one thousand pounds per annum to be applied towards payment of the interest on such loan, a poll of the ratepayers of the said borough was duly taken as required by the last-mentioned Act of the proposal to so contribute, and such proposal was duly

carried at the said poll, and by a deed dated the seventeenth day of July, nineteen hundred and five, made between the Corporation of Port Chalmers of the one part and the Dock Trust of the other part, of which a copy is contained in the First Schedule hereto, the Corporation of Port Chalmers covenanted to make such contribution not exceeding the sum of one thousand pounds in any one year for a period of twenty years as is therein mentioned in the event and subject to the conditions and provisions contained in the said deed: And whereas the Harbour Board having been empowered in that behalf by the Otago Harbour Board Empowering Act, 1903, did by a deed dated the twenty-first day of June, nineteen hundred and four, and made between the Harbour Board of the one part and the Dock Trust of the other part, covenant with the Dock Trust that the Harbour Board would every year for a period of thirty years pay to the Dock Trust or its assigns the sum of five hundred pounds as a contribution towards interest on any loan that might be raised by the Dock Trust for the purpose of constructing a graving-dock at Port Chalmers: And whereas by virtue of the Otago Harbour Board Empowering Act 1903 Amendment Act, 1905, the Dock Trust released the Harbour Board from the covenant contained in the last-mentioned deed, and by a deed dated the second day of August, nineteen hundred and five, and made between the Harbour Board of the one part and the Dock Trust of the other part, the Harbour Board covenanted with the Dock Trust that the Harbour Board would every year for a period of twenty years pay to the Dock Trust or its assigns the sum of one thousand pounds as a contribution towards the interest on any loan that had been or might be raised by the Dock Trust for the purpose of constructing a graving-dock at Port Chalmers: And whereas by a deed dated the seventeenth day of July, nineteen hundred and five, and made between the Union Steamship Company of New Zealand (Limited), hereinafter called the Union Company, of the one part and the Dock Trust of the other part, of which a copy is contained in the Second Schedule hereto, the Union Company bound itself in manner and subject to the provisions therein contained to contribute to the Dock Trust for the period of twenty years therein mentioned a sum of money to be applied towards payment of the interest on the said loan of seventy-five thousand pounds, but so that such contribution of the Union Company for any one year should not exceed the sum of one thousand pounds: And whereas the Dock Trust having agreed to establish a sinking fund of one pound per centum on the amount of the said loan for the repayment of the said debentures did appoint the Trustees, Executors, and Agency Company of New Zealand (Limited) and James Mills to be Commissioners of the said sinking fund, and by a deed dated the seventeenth day of July, nineteen hundred and five, and made between the Dock Trust of the one part and the said Commissioners of the other part, covenanted with the said Commissioners, their successors and assigns, that the Dock Trust would every year for a period of twenty years reckoned from the thirtieth day of June, nineteen hundred and five, pay to the company and James Mills aforesaid or other the Commissioners or Commissioner for the time being acting under the now-reciting deed the sum of seven hundred and

fifty pounds as a sinking fund for the repayment of the said loan of seventy-five thousand pounds, by half-yearly payments of three hundred and seventy-five pounds on the thirtieth day of June and the thirty-first day of December in each year, and for the payment to such Commissioners or Commissioner of such sums for their services and of their expenditure and for insurance against fire and other matters as in the now-reciting deed mentioned: And whereas the Dock Trust raised the said loan of seventy-five thousand pounds by the issue of seven hundred and fifty debentures of one hundred pounds each, payable on the thirtieth day of June, nineteen hundred and twenty-five, and bearing interest at five pounds per centum per annum payable half-yearly on the thirty-first day of December and the thirtieth day of June in every year until repayment: And whereas the construction of the said graving-dock is now proceeding: And whereas by the Otago Dock Validation Act, 1906, it was declared that the said graving-dock did comply and should for all purposes be deemed to comply with the provisions of section four of the Otago Dock Act, 1883, and that the said section should be construed and given effect to accordingly: And whereas negotiations are proceeding between the Dock Trust and the Harbour Board for the merger of the Dock Trust in the Harbour Board, and it is desirable that statutory provision should be made for the event of such negotiations resulting in agreement:

BE IT THEREFORE ENACTED by the General Assembly of New Zealand in Parliament assembled, and by the authority of the same, as follows:—

2. On a day (hereinafter referred to as the date of merger) to be fixed for that purpose by an Order in Council which is hereby authorised to be issued, the Dock Trust shall become and be dissolved, but such Order in Council shall not be issued unless and until both the Harbour Board and the Dock Trust have separately passed resolutions desiring that such Order in Council shall issue: Merger of Otago Dock Trust in Otago Harbour Board by Order in Council.

Provided that no such resolution shall be passed unless the holders of at least seventy-five per centum of the nominal value of the debentures issued in respect of the said seventy-five thousand pounds loan have signified to the Harbour Board their consent in writing to accept Harbour Board debentures in exchange under the provisions hereinafter contained.

3. (1.) A copy of each such resolution shall be transmitted to the Minister of Marine. Certified copy resolutions to be sent to Minister of Marine.

13. (1.) From and after the date of merger, and so long as the liability of the Corporation of Port Chalmers and the Union Company respectively under or by virtue of the deeds mentioned in section fifteen hereof and of this Act subsist, the Harbour Board shall in its books keep a separate and distinct account to be called the Dock Account, in which shall be truly and regularly entered—

(a.) All earnings and income (hereinafter referred to as the annual revenue) derived by the Harbour Board from the said docks, and the cool-stores, sheerlegs, steam-hammer, electric-lighting plant, endowments and other lands, and all other property vested in the Harbour Board by this Act; and including the sum of one thousand pounds in every year in which that sum would but for this Act be payable as a contribution by the Harbour Board to the Dock Trust under the said deed of the second day of August, nineteen hundred and five, but not including any annual amount payable by the Corporation of Port Chalmers or by the Union Company:

(iv.) All bank charges and interest to be or become charged or payable by the Harbour Board upon any bank overdraft in connection with the said docks and premises, or to any banking company, corporation, or person in respect of any loan of money in connection with the said docks and premises.

(2.) The year in respect of which the annual revenue and annual expenses are to be ascertained for the purposes of the said deeds set forth in the First and Second Schedules hereto, and the contributions provided for by the said deeds are to be made, is the year ending on each thirty-first day of December.

(3.) If any dispute arises between the Harbour Board and the Corporation of Port Chalmers or the Union Company as to the Dock Account or any charges or matters contained therein, such dispute shall be referred to the determination of two indifferent persons as arbitrators to be appointed in writing one by each party to the reference, or by an umpire to be appointed in writing by such two first-mentioned persons before entering upon the consideration of the matters referred to them, and every such reference shall have all the incidents and consequences of an arbitration under the Arbitration Act, 1908.

14. The said account shall be so kept as to enable the annual revenue and annual expenses, and the amount of the sums to be paid by the Corporation of Port Chalmers and the Union Company as aforesaid, to be correctly and properly ascertained in terms of the said deeds relating thereto construed as provided by this Act; and the provisions of the Harbours Act, 1908, with reference to accounts and audit shall extend and apply to the said Dock Account.

And if the date of merger occurs during the currency of any year in respect of which the amount of any sum guaranteed by the Corporation of Port Chalmers or the Union Company is to be ascertained, the annual revenue of the Dock Trust and the annual expenses of the Dock Trust, according to the meaning thereof in the said deeds, for the period between the beginning of that year and the date of merger shall be brought into account as if the same had been revenue and expenses of the Harbour Board entered in the said Dock Account.

Application of deeds of covenant to Dock Account.

16. After the date of merger, and notwithstanding anything to the contrary herein contained, upon payment in any year by the Corporation of Port Chalmers of any sum of money in terms of the deed set forth in the First Schedule hereto, the Harbour Board shall in every such case forthwith refund to the Corporation of Port Chalmers one-half of the sum so paid, and may, if in any year it thinks fit, refund to the Corporation the other half of the sum so paid.

17. The Harbour Board is also hereby empowered from and after the date of merger to raise and borrow in the manner prescribed by and subject to the conditions of the Harbours Act, 1908, the sum of twenty-five thousand pounds for the purpose of completing and equipping the said new dock and any other purposes connected therewith.

Power for Harbour Board to advance up to £3,000 to Dock Trust.

18. (1.) After the Dock Trust has passed the resolution mentioned in section two of this Act, and before the issue of the Order in Council mentioned in that section, the Harbour Board may from time to time advance and lend to the Dock Trust such moneys not exceeding in the whole three thousand pounds upon and subject to such terms and conditions and upon such security as the Harbour Board may deem proper.

(2.) If the Harbour Board advances any moneys to the Dock Trust as aforesaid, the resolution passed by the Dock Trust shall be binding upon it and shall not be rescinded or varied.

(3.) The Harbour Board may pay the said moneys out of any part of the harbour fund not appropriated to any special purpose.

(4.) All moneys advanced to the Dock Trust by the Harbour Board pursuant to this section shall, upon the dissolution of the Dock Trust, be repaid into the harbour fund out of any moneys raised or borrowed pursuant to section seventeen hereof, and until so repaid shall be deemed for all purposes to be raised or borrowed by the Harbour Board pursuant to that section.

(2.) The Corporation shall incur no liability under these presents until a loan for the said sum of seventy-five thousand pounds or thereabouts has been raised by the Trust at a rate of interest not exceeding five per centum per annum with a sinking fund of one per centum per annum for the repayment thereof. The liability of the Corporation under these presents shall cease upon the Borough making all the payments for which it is liable.

(3.) The first contribution by the Corporation shall be made at the expiration of one year from the date on which the Trust shall enter into a contract for the construction of such graving-dock as aforesaid, or when the Trust shall have expended the sum of five thousand pounds in the construction of the said graving-dock, and each subsequent contribution shall be made by the Corporation on the anniversary of the date hereinbefore appointed for the making of the first contribution.

(4.) For the purpose of ascertaining the amount of each contribution the interest shall be computed on the said loan for a period of one year ending on the day prior to that on which such contribution is appointed to be made, and the annual revenue and expenses of the Trust shall be computed for the same period.

(5.) As long as the liability of the Corporation continues under this deed the Trust shall allow the Corporation or any officer or accountant appointed by it to inspect and take extracts from all books and records of the Trust showing the revenue and expenses of the Trust and all necessary vouchers and papers, and the Trust shall at all times exercise every reasonable economy in carrying out its functions.

(6.)
