Registration provisions

8 Entitlement to registration as registered architect

An individual, on payment of the fee set by the Board, is entitled to be registered as a registered architect if the individual satisfies the Board—

- (a) that he or she meets the applicable minimum standards for registration; and
- (b) that he or she is not precluded from being registered because of any action taken by the Board under section 26.

9 Applications for registration

Every application for registration as a registered architect under this Part must be made to the Board in accordance with the rules.

10 Board to register applicant or decline application

- (1) If the Board is satisfied that an applicant is entitled, under section 8, to be registered as a registered architect, the Board must—

 - (c) notify the applicant of his or her right of appeal against the decision.
- (3) Subsection (2) does not limit section 28.

11 Expiry of registration

- (1) A certificate of registration must specify the date of its expiry.
- (2) The date of expiry must not be later than the last day of the period specified in the rules for which a registration is in force.
- (3) A certificate of registration continues in force until the close of the date of its expiry unless it is sooner cancelled or suspended under this Part.

12 Registered architect must meet applicable minimum standards for registration to continue to be registered

- (1) The Board must assess at the frequency required by the rules, and may assess at any other time, whether or not a registered architect continues to meet the applicable minimum standards for registration.
- (2) A registered architect who continues to meet those standards is entitled, on payment of the fee set by the Board, to a renewal of his or her registration.
- (3) An application for renewal of registration must be made to the Board in accordance with the rules.

13 Consequences of failure to meet applicable minimum standards for registration

- (1) If, after making an assessment under section 12, the Board determines that a registered architect no longer meets the applicable minimum standards for registration, the Board must—
 - (a) suspend the person's registration until the person satisfies the Board that he or she meets those standards; and
 - (b) record the suspension in the register.
- (2) If the person does not satisfy the Board that he or she meets the applicable minimum standards for registration within 12 months, or any further period that the Board may determine, the Board must—

17 Effect of suspension of registration

- (1) A person is not a registered architect, for the purposes of this Act, for the period for which his or her registration is suspended.
- (2) At the end of the period of suspension, the person's registration is immediately revived (unless it has been cancelled) and, if the person's registration has expired, the Board may issue a certificate of registration to him or her under section 10.
