"Waterworks" means and includes all the races, aqueducts, culverts, and drains (whether open or covered) streams, reservoirs, dams, sluices, wells, tanks, pipes, bridges, machinery, plant, buildings, and works, whether of the same kind or not that may be made, erected, or in any way belonging to, or used in, or used in connection with the conveyance of water by the Council under the authority of this Act to, in, or through the said district, and all the land occupied by such works, and all rights appertaining thereto:
