a high-pressure water-supply in the special-rating

raised for the purpose of constructing and completing
the said works have been found to be insufficient to
pay the full cost of the said works: And whereas it

is desirable that the Council should be empowered and authorized to refund to the County Fund certain moneys advanced from the County Fund for payment of preliminary expenses incurred by the Council in connection with the preparation of the said water-supply scheme and the raising of the said loans: 5
