- Powers of amendment. (5.) For the purposes of the fire insurance roll the powers of amendment conferred by "The Rating Act, 1894," are hereby extended to include cases where, during the currency of the roll, fresh buildings are erected or are in course of erection, or existing buildings are in course of extension or are increased or reduced in value, or the risk of insurance has been increased in respect of any building, and it shall be the duty of the Manager to amend the roll from time to time accordingly. 45 50
- (6.) For the purpose of enabling such amendment to be duly made, it shall be the duty of the owner to forthwith notify the Manager in every case where during the

currency of the roll any fresh building is being erected, or any existing building is being enlarged, or is increased or reduced in value, or any circumstance has occurred increasing the risk of insurance in respect of any building.

5 59. For the purposes of the fire insurance roll and each separate part thereof the following provisions shall apply :— Powers and duties of Manager as to insurance of buildings.

(1.) In classifying the buildings shown therein the Manager shall have regard to—

10 (a.) Their construction and the materials of which they are built;

(c.) The purposes for which they are used;

(d.) The width of the streets wherein they are situate;

25 (3.) The provisions for statutory insurance hereinafter contained shall not apply to any building so long as it is in the uninsured class.

(4.) The Manager shall fix the actual insurable value of every building at such sum (being in no case greater than the nominal insurable value), and at such rate of annual premium, as, having regard to all considerations of risk, he is willing to grant insurance for.

30 (5.) The Manager may from time to time, in his absolute discretion, amend the fire insurance roll by removing any building from one class to another (including the aforesaid uninsured class), or by altering the actual insurable value of any building, or the rate and amount of the premium payable in respect of the insurance thereof; and in any such case a due readjustment and, when necessary, a due refund of premiums shall be made according to the nature and effect of the amendment.

40 (6.) For the purpose of fixing the liability for premiums, every building upon first being entered on the roll shall, until the contrary is shown, be deemed to be uninsured elsewhere than under this Part of this Act, and it shall lie upon the owner, before the completion of the roll, to cause to be entered thereon the fact and amount of any existing insurance, the office in which it is effected, and the date of the expiry of the policy.

Statutory Insurance of Buildings.

50 60. Forthwith upon the coming into force of the fire insurance roll in any district, and continuously thereafter, every building shown When buildings deemed insured in Government Fire Insurance Office.

on such roll as not then insured elsewhere than under this Part of this Act shall, subject to the provisions of this Act, and without the issue of any policy, be deemed to be insured in the Government Fire Insurance Office in the name of the owner, as shown on the roll, in a sum equal to the actual insurable value thereof (if any) as shown on the roll, at the rate and amount of premium appearing on the roll : 5

Provided that in the event of the Manager at any time amending the fire insurance roll, then from the date of such amendment the rights and liabilities of the owner shall vary with and according to the nature of such amendment. 10

When to apply to buildings already insured.

61. (1.) With respect to every building which, upon the coming into force of the fire insurance roll, is shown thereon as already insured elsewhere than under this Part of this Act, the provisions of the *last-preceding* section hereof shall apply forthwith upon the date of the expiry or cancellation of the then current policy, being in no case later than *twelve* months after the first coming into force of the roll. 15

(2.) At the expiration of such period of *twelve* months every such policy not then expired shall be deemed to be cancelled, and the owner shall be entitled to a duly proportionate refund of premium for the unexpired term thereof from the company that issued the policy. 20

When premium payable.

62. The amount of the premium in respect of each building insured under this Part of this Act, as shown on the fire insurance roll, or as computed therefrom, shall be payable by the owner in manner following, that is to say,— 25

- (1.) In the case of builders' risks or other special insurances for short specified periods of less than a year, the whole premium shall be payable in advance ;
- (2.) In every other case the premium shall be payable in advance up to the end of the then current financial year, and thereafter yearly in advance ; 30
- (3.) In every case the premium, until fully paid, shall be and be deemed to be a first charge on the building for the insurance of which the same is payable. 35

Premiums may be collected by Council as if rates.

63. For the purpose of facilitating the collection of premiums in respect of the statutory insurance of buildings in any district the following provisions shall apply :—

- (1.) Whenever requested by the Manager so to do, the Council of the district shall collect, sue for, and recover the premiums in the same manner as rates ; and in such case the Council shall have the same powers and remedies in respect of such premiums as it possesses in respect of rates duly levied by it. 40
- (2.) The Council shall be entitled to deduct and retain from the premiums collected and recovered by it such commission as is prescribed, and shall in the prescribed manner forthwith pay the residue into the Government Fire Insurance Account without any deduction whatsoever. 45

Liability when building already insured not shown as such on roll.

64. In any case where, on the coming into force of the fire insurance roll, any building is in fact already insured elsewhere than under this Part of this Act but the fact is not entered on the roll, the owner shall be liable for the full amount of the premiums as shown on the roll, but shall not be entitled to the benefit of the 50

statutory insurance, except to the extent by which his insurable interest in the building exceeds the total amount of the prior insurance.

65. Without affecting the primary liability of the owner whose name appears on the roll, for all premiums payable in respect of any building insured under this Part of this Act, the following special provisions shall apply:—

Liability for premium and right to receive insurance money.

(1.) All persons having any insurable interest in the building at the time when any premium becomes payable shall be jointly and severally liable to pay the same, but the person actually paying the same shall, subject to any existing equity or contract, have a right of contribution from all other persons who are liable.

(2.) The insurance, though nominally effected in the name of the owner, shall enure for the benefit of all persons from time to time entitled thereto according to their insurable interests in the building and their rights amongst themselves.

(3.) The Manager shall be deemed to be a stakeholder of all moneys payable by him under the insurance, and if at any time any question or dispute arises amongst persons claiming the same, or if for any other reason he deem it expedient so to do, he may pay the same into the Supreme Court, whereupon the Court, or a Judge thereof, may ascertain and determine the rights of the claimants on summons to show cause or motion in a summary way, without the issue of a writ; and all costs incurred by the Manager shall be payable out of the fund as a first charge thereon.

(4.) In the absence of any express notification in writing that any insurable interest is claimed by any person other than the owner whose name appears on the roll, the Manager shall be justified in treating such owner as the possessor of the entire insurable interest, and in such case his receipt shall be a full and sufficient discharge for all moneys payable by the Manager in respect of the insurance.

66. In the event of the Governor deeming it expedient so to do, he may at any time by Order in Council gazetted discontinue the statutory insurance of buildings either as to all districts or as to any specified district:

Governor may discontinue statutory insurance in any district.

Provided that in every case such Order in Council shall take effect on and from a date to be named therein, being in no case earlier than the thirty-first day of March next following the gazetting thereof.

67. Forthwith upon the taking effect of such Order in Council the following provisions shall apply:—

Provision for giving effect thereto.

(1.) The statutory insurance of buildings in every district to which such Order in Council relates shall be deemed to be discontinued, and the Manager shall cease to be liable in respect thereof, save as to claims arising prior to such discontinuance:

shall be deemed to be cancelled, and the company or person with whom such contract has been entered into shall cease to be liable thereunder, save as to claims arising prior to such cancellation :

- (3.) All premiums paid or payable in respect of such statutory insurance or contract of reinsurance shall be apportioned up to the date of the taking effect of such Order in Council, and all sums paid in respect of premiums for any period subsequent to such date shall be refunded to the person who paid the same. 5
