A BILL INTITULED

AN ACT to amend "The Land Act, 1877."

Title

BE IT ENACTED by the General Assembly of New Zealand in Parliament assembled, and by the authority of the same, as follows:—

Short Title.
Commencement of
Act.

1. The Short Title of this Act is "The Land Act 1877 Amendment Act, 1879," and it shall come into operation on the *first* day of *January*, one thousand eight hundred and *eighty*.

It shall be read subject to the interpretations contained in the fourth section of "The Land Act, 1877" (which is hereinafter called "the said Act"), excepting when the same may be inconsistent with the context of this Act.

"Crown Lands Sale
Act, 1877," repealed.

2. From and after the commencement of this Act "The Crown Lands Sale Act, 1877," shall be repealed; ~~but this repeal shall not affect the past operation of such Act.~~

Former Proclama-
tions validated.

AS TO LAND ON DEFERRED PAYMENTS.
3. All Proclamations, Orders, warrants, or other instruments made prior to the coming into operation of the said Act, by which respectively any land was opened for selection on deferred payments, are hereby validated, and all lands declared open on deferred payments under any such instrument shall be deemed to have been declared open under the said Act.

Struck out.

4. The Governor, in setting apart any land for sale on deferred payments, may, if he think fit, under section fifty-three of the said Act, proclaim that subsection four of section sixty-three of the said Act shall or shall not apply to the whole or any part of the land so set apart: Provided also that this provision shall apply to lands taken up on deferred payments prior to the passing of this Act.

Land may be sold at
20s. and 90s. respec-
tively.

5. 4. The Governor may from time to time fix the price at which any allotments of rural or suburban land open for sale on deferred payment may be disposed of, being not less in any case than *twenty* shillings per acre for rural land, and *ninety* shillings per acre for suburban land, and may increase the price of any allotments which he may consider to be of special value.

Price may be
augmented.

Several small sections
may be grouped into
one allotment.

6. 5. Where any land has heretofore been, or may hereafter be, subdivided into sections less in area than the maximum allowed for occupation on deferred payments, the Governor may group two or more of such sections together to make up as approximately as may be the maximum area of an allotment: Provided always that in no case shall any section be subdivided, nor shall any such sections be so grouped into an allotment unless the same are immediately contiguous to one another, nor shall the maximum area of an allotment be augmented.

Cultivation of forest
lands.

7. 6. In respect of land wholly covered with forest,—
Subsection five of section sixty-three of the said Act shall not apply; and in subsection eight of the same section the words "substantial improvements" shall include "further clearing or cultivation."

Selector of improved
lands to pay value of
improvements.

8. 7. Where fencing, buildings, or other improvements have been made on land afterwards opened for application on deferred payment, ~~and the Governor shall decide to pay compensation for the same, on which compensation is payable in terms of the said Act,~~ the value thereof shall be assessed and declared at least *one* month before the time appointed for receiving applications for occupation of the land whereon such improvements have been made.

The value so assessed shall be paid to the Receiver of Land Revenue by the selector of the land within one month of making his selection, and in default thereof he shall forfeit his license and the deposit paid on application.

In case the person to whom any compensation as aforesaid is payable shall become the selector of any land in respect whereof such compensation is so payable, then neither the assessed value of the improvements shall be paid by the selector, nor shall compensation be paid to the selector, in respect of so much of the land as is comprised within his selection.

Moneys paid to any Receiver as value for improvements shall not be deemed to be land revenue.

9. 8. Any selector who shall, at any time after three years, have completed the improvements enumerated in subsections five to eight inclusive of section sixty-three of said Act, anything in subsection nine of section sixty-three of said Act notwithstanding, shall be entitled to the right to a grant of the land on payment of so much of the price thereof, if any, as shall remain unpaid.

Selector entitled to grant after necessary improvements completed.

10. 9. No person who at any time acquires or has acquired a freehold under the system of occupying land known as the "homestead" system, in force in the Land Districts of Auckland and Westland respectively, shall be allowed to become a selector under the said Act.

"Homestead" owners may not become selectors.

11. 10. In all cases of land hereafter sold on deferred payment the words following in section fifty-nine of the said Act the words following shall be omitted, that is to say:—"And the payments made by the selectors shall from time to time, until the amount of such one-third be reached, be paid over to such County Council or Road Board, as the case may be."

Section 59 of "Land Act, 1877," amended.

And the words following are hereby inserted in lieu thereof:—"And one-third of the payments made from time to time by the selectors shall, as the same arise respectively, be paid over to such County Council or Road Board, as the case may be."

Struck out.

12. 11. Provided that in the case of lands sold on deferred payments since the first day of January, one thousand eight hundred and seventy-eight, the payment of the aforesaid one-third shall cease as soon as by such payments, together with any payments previously made, the total amount of one-third of the price of the land has been paid over as aforesaid.

Payments for pastoral lands to be treated as ordinary revenue.

13. 11. The provisions of section fifty-nine of the said Act shall not apply in the respect of any pastoral lands sold on deferred payments, but the whole of the payments made from time to time in respect thereof shall be dealt with as ordinary land revenue.

14. 12. No selector shall be allowed to assign his interest in the land, as provided in section sixty-five of the said Act, until he has held the land for three years from the date of lease, and unless he has fulfilled all the conditions required up to the time of transfer.

Selector not allowed to assign his interest unless all conditions fulfilled.

Struck out.

15. 14. In section fifty-four of the said Act, the following words shall be omitted—that is to say, "Where more applications than one are made on the same day for the same land, the land applied for shall be put up at public auction, and the bidding at such auction shall be limited to the applicants."

And the words following are hereby inserted in lieu thereof:—"Where more applications than one are made on the same day for the same land, the occupancy of the land shall be determined by lot, in such manner as the Governor may appoint."

LAND ON IMMEDIATE PAYMENT.

16. 13. The Governor may at any time, by warrant under his hand, appoint the time at which any town, suburban, or rural lands shall be offered for sale, whether or not any such lands have at any time previously been offered for sale; and may classify and re-classify such lands, and fix the price thereof, being a price not less than the minimum prescribed for land of the same class in the said Act, or any Act amending the same.

Governor may appoint time of sale of lands, and fix class and price.

Provided that nothing herein contained shall annul any of the provisions of the forty-fourth section of the said Act. But, anything in the said Act notwithstanding, the Governor may, if he think fit, offer, in terms of the said Act, any land on pastoral lease which remains unsold after having been offered twice for sale by auction at an interval of not less than six months.

IMPROVEMENTS ON RUNS.

Fencing and other improvements may be removed on termination of lease.

16. 14. From and after the commencement of this Act, any person who has been the holder of a pastoral license may, in the case where the run is not again offered for lease, remove buildings, fencing, enclosures, or other improvements made by him while lessee, at any time within three months after the sale of the land comprised in such run: Provided that it shall not, in any case, be necessary to give notice to him of any such sale.

5

15

(2.) The person who shall pay the highest sum by way of annual rent for any run sold at auction shall be entitled to receive a license to occupy the same for pastoral purposes, provided he shall pay the amounts hereinafter mentioned in advance at the time of such auction; and in default of such payment the run shall be forthwith again put up to auction.

20

Proportion of rent to be paid in advance.

(3.) The amount to be paid in advance at the time of auction by the purchaser of the license of any run shall be—

Two or more selectors may hold an allotment as tenants in common.

18. 16. Two or more selectors may make a joint application to hold as tenants in common an allotment of rural land open for sale on deferred payments. One of the selectors only shall be required to reside on the land, as provided in the said Act; but in all other respects each selector in a joint application shall be subject to the same conditions, limitations, restrictions, and disqualifications as prescribed in the said Act in the case of any one selector.

45

Co-selectors to have the same right to transfer as ordinary selectors.

19. 17. Any selector in a joint application may transfer his interest in the land to a co-selector, or to some one other person, as provided in section sixty-five of the said Act; and, in the event of the death of a selector in a joint application, the executors or administrators shall have the same powers to assign the interest in the land of the deceased selector as is provided in the case of the decease of any selector under the said Act.

50

55

20. 18. On the selectors becoming entitled to a Crown grant for the land held by selectors as tenants in common, the Governor may issue a grant to them of such land as tenants in common, or may, on the joint request of the selectors or their assigns, and on the production of an approved subdivisational survey of an allotment or group of allotments, issue a Crown grant for each of the subdivisions in favour of the respective selectors or assigns, as may be agreed on among themselves.

On fulfilment of conditions, Governor may issue one Crown grant for allotment, or a Crown grant for each subdivision, as may be desired by co-selectors.

VILLAGE SETTLEMENTS.

19. The Governor, by Proclamation in the *Gazette*, may from time to time set apart, out of any Crown lands, such blocks or allotments of land contiguous to any line of railway or main lines of road as he shall think fit, and declare the same open for sale as village settlements; and he may from time to time alter, amend, or revoke any such Proclamation.

Governor may set apart any Crown lands for village settlements.

20. The Governor in Council may fix the terms and conditions upon which the lands comprised in any village settlement shall be disposed of, and the mode of payment for the same, subject to the rules following:—

Governor may fix terms and conditions.

(1.) Every village settlement shall be surveyed and divided into village allotments not exceeding one acre each, and small farm allotments not exceeding fifty acres each; or, if the Governor so direct, a village settlement may be divided into village allotments only, or into small farm allotments only.

(3.) The price of village allotments shall be not less than five pounds per allotment, and of small farm allotments not less than one pound per acre: Provided that in the case of inland districts not opened up by railway communication, it shall be lawful for the Governor to proclaim a district a special district for the opening of blocks of land as village settlements, and from time to time to alter, amend, or revoke such proclamation; and in the case of village settlements included within the boundaries of any such special district, the price of village allotments shall be not less than two pounds ten shillings per allotment, and of small farm allotments not less than ten shillings per acre.

(4.) All applications for land in village settlements shall be made in the same manner as other applications for land are directed to be made under the said Act.

Duplicated applications decided by auction, according to class.

21. The Governor may grant a lease of any allotment within a village settlement for any term not exceeding ten years, subject to such rent and conditions as he shall think fit and may grant in any such lease a condition that the lessee may, at any time during the currency of his lease, purchase the land described in such lease, at a sum to be stated in such lease, not being less than thirty shillings per acre in any case.

Village allotments may be leased.

Governor to fix terms and conditions.
