

This PUBLIC BILL originated in the HOUSE OF REPRESENTATIVES, and, having this day passed as now printed, is transmitted to the LEGISLATIVE COUNCIL for its concurrence.

House of Representatives.

30th October, 1907.

Right Hon. Sir J. G. Ward.

## NATIONAL ENDOWMENT.

### ANALYSIS.

Title.	
1. Short Title.	8. Application of moneys available for education.
2. Endowment for education and old-age pensions.	9. And for old-age pensions.
3. National endowment land not to be sold.	10. Portion of national endowment land may be set aside as reserve in certain cases.
4. National endowment land to be administered as Crown land.	11. Land Board may sell part of endowment land in certain cases.
5. National Endowment Account.	12. Colonial Treasurer may issue money for roads, &c.
6. Cost of administration of national endowment land.	Schedule.
7. Residue to be applied for purposes of education and old-age pensions.	

### A BILL INTITULED

AN ACT to set apart certain Crown Lands as a National Endowment for Educational and other Purposes. Title

BE IT ENACTED by the General Assembly of New Zealand in Parliament assembled, and by the authority of the same, as follows:—

1. This Act may be cited as the National Endowment Act, 1907. Short Title.

2. (1.) The Crown land described in the Schedule hereto, and hereinafter called national endowment land, is hereby set apart as a permanent endowment for the purposes of education and old-age pensions. Endowment for education and old-age pensions.

(2.) In addition to the Crown land described in the Schedule hereto, the area of national endowment land shall include all Crown land (not being land subject to the Land for Settlements Consolidation Act, 1900) which on the passing of this Act or at any time thereafter is held under a renewable lease in accordance with the provisions of Part I of the Land Laws Amendment Act, 1907, or under lease as a small grazing-run under the provisions of Part V of the Land Act, 1892, and all such land shall be or become and shall at all times thereafter remain subject to the provisions of this Act accordingly:

Provided that if at any time the area of national endowment land amounts to nine million acres, no other land shall thereafter become national endowment land by virtue of this subsection.

National endowment land not to be sold.

3. Save so far as expressly provided by this Act, no national endowment land shall be sold, or otherwise alienated in fee-simple, nor shall any such land be disposed of by way of occupation with right of purchase under the provisions of the Land Act, 1892.

National endowment land to be administered as Crown land.

4. Save so far as expressly provided by this Act, national endowment land shall continue to be administered and dealt with in the same manner as other Crown land under the provisions of the Land Act, 1892.

National Endowment Account.

5. (1.) The gross revenue received from national endowment land after the thirty-first day of March, nineteen hundred and eight, shall be paid by the Receiver of Land Revenue into the Public Account to the credit of a separate account to be called the National Endowment Account.

(2.) All revenue received from national endowment land on or before the said thirty-first day of March, nineteen hundred and eight, shall be dealt with as if this Act had not been passed.

Cost of administration of national endowment land.

6. Out of the moneys in the National Endowment Account there shall be paid the cost of the administration of the national endowment land, and also all sums which are now payable by law out of the revenues so received from that land to any local or public authorities.

Residue to be applied for purposes of education and old-age pensions.

7. Of the residue of the moneys in the National Endowment Account seventy per centum shall in each year be applied for the purposes of education, and thirty per centum for the purposes of old-age pensions, in manner hereinafter provided.

Application of moneys available for education.

8. (1.) The moneys so available for the purposes of education shall be applied from time to time, without further appropriation than this Act, in payment of all amounts which by any Act now in force or hereafter to be passed are charged on the Consolidated Fund for educational purposes, whether higher, secondary, or primary, and whether general or technical.

(2.) The residue of the moneys so available for the purposes of education, after payment of all such charges as are mentioned in the *last preceding* subsection, shall be paid from time to time as the Colonial Treasurer directs, and without further appropriation than this Act, to the Education Boards for educational purposes in accordance with law, and in aid of the annual appropriations made to the said Boards.

And for old-age pensions.

(3.) An account shall be taken periodically at such intervals, being not less than one year, as the Colonial Treasurer directs, showing the amount of all moneys so received by each Education Board; and the amount so received by each Board shall thereupon be deducted from the total sum payable to that Board by virtue of any annual appropriation.

9. The moneys so available for the purposes of old-age pensions shall from time to time, without further appropriation than this Act, be paid by the Colonial Treasurer into the Post Office Account, and shall be then applied in the payment of old-age pensions in accordance with the provisions of the Old-age Pensions Act, 1898.

Portion of national endowment land may be set aside as reserve in certain cases.

10. Notwithstanding anything in this Act contained, it shall be lawful for any portion of national endowment land to be set apart as a reserve for any purpose under the authority of any Act in like manner as if this Act had not been passed.

11. (1.) Notwithstanding anything in this Act contained, it shall be lawful for the Land Board of the district in which any national endowment land is situated to sell, with the consent of the Minister of Lands, and in such manner and on such terms as the  
5 said Land Board and the said Minister think fit, any portion of such land, not exceeding five acres in any one case, as a site for any building to be erected for any educational, religious, charitable, or public purpose, or for any other purpose which, in the opinion of the said Land Board and the said Minister, renders such a sale expedient  
10 in the public interest.

Land Board may sell part of endowment land in certain cases.

(2.) The purchase-money of land so sold shall be paid into the National Endowment Account.

12. (1.) It shall be lawful for the Colonial Treasurer from time to time, in accordance with the provisions of sections seventy-three  
15 to seventy-five of the Local Bodies' Loans Act, 1901, to issue and apply such sums of money, not exceeding in any one year the sum of fifty thousand pounds, as are appropriated by Parliament, for the purpose of the formation or construction of roads or bridges upon any national endowment land or otherwise for the  
20 purpose of facilitating the settlement of any such land.

Colonial Treasurer may issue money for roads, &c.

(2.) The said sums shall be in addition to and not in substitution for the sums authorised to be expended by section seventy-three of the Local Bodies' Loans Act, 1901.

(3.) All sums expended under the authority of this section,  
25 together with interest thereon at a rate not exceeding four and a half per centum per annum, shall be a first charge on the National Endowment Account, and shall be payable out of that account notwithstanding anything hereinbefore contained.

## SCHEDULE.

## AUCKLAND LAND DISTRICT.

ALL the undermentioned areas in the Auckland Land District, containing by admeasurement 900,000 acres, more or less: as the same are more particularly delineated on the maps deposited in the District Lands Office, at Auckland, and purporting to show the areas of national endowment land:—
