2. Interpretation—Section 2 (1) of the principal Act (as substituted by section 2 of the Petroleum Amendment Act 1975) is hereby amended by repealing the definition of the term “mining operations”, and substituting the following definition:

“‘Mining operations’ means mining for petroleum; and includes prospecting for petroleum; and also includes, when carried out at or near the mining or prospecting site for the purposes of or necessarily in association with mining or prospecting,—

“(a) The extraction, production, treatment, processing, and separation of petroleum; and

“(b) The construction, maintenance, and operation of any works, structures, wells, buildings, storage tanks, pipelines, machinery, plant, wireless apparatus, telephonic equipment, railways, tramways, reservoirs, waterways, appliances, or chatels—

whether carried out by a licensee or not.”

3. Minister may authorise extension of seismic surveys—Section 4 of the principal Act (as substituted by section 3 of the Petroleum Amendment Act 1975) is hereby amended by repealing subsections (2) and (3), and substituting the following subsections:

“(2) Notwithstanding the provisions of subsection (1) of this section but subject to subsection (3) of this section, the Minister may—

“(a) Authorise the holder of a licence to extend a seismic survey to any area adjoining the land comprised in the licence:

“(b) With the consent of the Minister of Transport, authorise any person to carry out a regional reconnaissance survey within the territorial sea or continental shelf—
 5 subject to such terms and conditions as the Minister thinks fit to specify.

“(3) An authorisation shall not be granted under subsection (2) of this section in respect of any area comprised in a licence unless the licensee has consented to the grant.

10 “(4) This section shall bind the Crown.”

14A. Grant or refusal of authorisation—Section 55 of the principal Act is hereby amended by adding the following additional proviso:

“Provided also that the Minister shall not grant such an
35 authorisation before the expiry of a period of 40 days after the date on which he received the application for it.”

15. Conditions of authorisation—Section 56 of the principal Act (as so substituted) is hereby amended by repealing subsection (4), and substituting the following subsections:

“(4) The provisions of section 145 of the Public Works Act 1981 shall apply in respect of the construction and operation of an authorised pipeline, but if a dispute arises relating to the grant of consent by the National Roads Board under that section it shall be determined by the Minister of Energy and the Minister of Works and Development.

“(5) The provisions of section 35 of the New Zealand Railways Corporation Act 1981 shall apply in respect of the construction and operation of an authorised pipeline, but if a dispute arises relating to the grant of an easement by the New Zealand Railways Corporation under that section it shall be determined by the Minister of Energy and the Minister of Railways.”

16. Application to change line of pipeline—The principal Act is hereby further amended by repealing section 59 (as so substituted), and substituting the following section:

“59. (1) A change shall not be made to the line of a pipeline as shown on the plan attached to an authorisation without the written approval of the Minister.

“(2) The provisions of this Part of this Act relating to applications for pipeline authorisations shall, with the necessary modifications, apply to every application for an approval under subsection (1) of this section, but if, in the Secretary’s opinion, the proposed change is not of a significant nature, he may dispense with such of the requirements contained in those provisions as he thinks fit.

“(3) On granting any approval under this section, the Minister may amend such documents and give such certificates as may be required to give effect to the approval.

“(4) Notwithstanding the provisions of subsections (1) and (2) of this section, where there is imminent danger to the public or to an authorised pipeline arising from any unusual circumstances, the holder may change the line of the pipeline without an approval under this section, but if any such change is intended to be permanent, the holder shall as soon as practicable notify the Minister and comply with any requirement of the Minister in respect of the change.

“(5) This section shall not apply to—

“(a) Any realignment of the line of a pipeline if the pipeline does not as a result come closer than 2 metres to—

“(i) The boundary of any easement granted or agreed to be granted under section 69 of this Act; or

- “(ii) The boundary of the easement as shown on the plan attached to the easement certificate issued under section 70 of this Act; or
- 5 “(b) Any change to the line of a pipeline made pursuant to section 60 or section 61 of this Act.”

- (b) By inserting in paragraph (b) of the proviso, after the words “show the”, the word “intended”.

18. Middle line notices, etc.—The principal Act is hereby further amended by repealing section 71 (as so substituted), and substituting the following sections:

“71. Defining middle line of pipeline of national importance—(1) In this section and in sections 71A and 71B 5 of this Act, unless the context otherwise requires, ‘land’ includes a road, a motorway, a railway, a limited access road, an access way, and a service lane.

“(2) Notwithstanding anything in this Act, if the Minister is satisfied that the construction of any pipeline in respect of 10 which an authorisation has been granted is of national importance he may issue a notice in the *Gazette* defining the middle line of the pipeline, or any part of it, and may from time to time by a subsequent notice revoke that notice in 15 whole or in part, or amend that notice so as to alter the middle line in any manner or to any extent which may be found necessary for the construction of the pipeline.

“(3) Every notice under this section shall define, by reference either to a distance on each side of the middle line or to existing legal boundaries, or by reference to both, such land 20 within 100 metres from the middle line upon or in respect of which it is intended to exercise the powers conferred by this Act or any other Act in respect of the construction, maintenance, and use of the pipeline.

“(4) In placing the pipeline in its final position, 25 construction work (including the provision of access for vehicles and plant) shall be confined to a strip of land—

“(a) Not more than 30 metres wide; or

“(b) Of such greater width as the Secretary (after consultation, if possible, with the occupier of the 30 land) may allow in any particular case owing to special circumstances—

within the strip of land defined in the notice.

“(5) The Minister shall cause a copy of every notice under this section, and of every map and plan prepared in 35 connection with it, to be deposited without fee in the office of the District Land Registrar for each district in which is situated any land affected by the notice.

“(6) The District Land Registrar shall without fee register against the title of any such land a memorial of the notice and 40 of the accompanying maps and plans.

“(7) As soon as practicable after the publication in the *Gazette* of any such notice, the Minister shall notify every owner of, and every person with a registered interest in, land affected by the notice (so far as they can be ascertained) of the 45 existence and effect of the notice.

“(8) The holder of the pipeline authorisation, within 6 months after the completion of the pipeline, shall prepare plans in accordance with section 72 of this Act and prepare and present to the Minister, for signing by him or on his behalf, easement certificates for all the land affected by the pipeline and in respect of which an agreement has not been entered into under section 69 (1) (b) of this Act.

“(9) Every pipeline easement certificate issued under subsection (8) of this section shall for the purposes of this Act be deemed to have been issued under section 70 of this Act.

“71A. **Middle line notice to lapse after 5 years—**
(1) Every notice defining the middle line of a pipeline under section 71 of this Act shall be deemed to be revoked on the expiry of a period of 5 years after the date on which it was published in the *Gazette* unless construction of the pipeline commenced before the expiry of that period and it is necessary to enter on the land affected by the notice to continue and complete the work, in which case the notice shall be deemed to be revoked in respect of any land when the portion of the work that affects that land is completed.

“(2) On the expiry of the 5-year period or on the completion of the portion of the work, as the case may be, the Minister shall notify the District Land Registrar who shall thereupon without fee take all necessary steps to discharge or cancel all memorials or entries relating to the revoked notice.

“71B. **Registration of middle line notice may be cancelled—**(1) At any time after a pipeline has been completed or after the construction of a proposed pipeline has been abandoned, or after the Minister is satisfied that any pipeline referred to in a middle line notice does not, or will not, pass over, upon, under, or injuriously affect the land against which the middle line notice has been registered, or if for any other reason the Minister considers it expedient to do so, he may require the holder of the relevant authorisation to deposit with him plans of, and a description of or reference to, all land in respect of which cancellation of the registration is desired.

“(2) The Minister, after being satisfied that such cancellation is in order, may cause to be deposited, without fee, in the appropriate District Land Registry Office, a certificate signed by him or on his behalf authorising the cancellation of the registration of the middle line notice and setting forth a description of or reference to all land for which cancellation is required.

“(3) On the deposit of any certificate under subsection (2) of this section, the District Land Registrar shall without fee take all necessary steps to discharge or cancel the memorials or entries made under section 71 of this Act in respect of all land referred to in the certificate.”

25

19. Preparation of plans—The principal Act is hereby further amended by repealing section 72 (as so substituted), and substituting the following section:

“72. (1) Subject to subsections (2) and (3) of this section, within 6 months after the completion of construction of a pipeline, the holder of the authorisation shall cause a survey in accordance with the Survey Regulations 1972 of the actual position of the pipeline to be completed, and shall cause plans to be prepared and lodged in the office of the appropriate Chief Surveyor showing the position of the pipeline and the strip of land not exceeding 20 metres in width forming the easement through which the pipeline passes.

30

35

“(2) The easement boundary shown on the plan shall not be closer than 2 metres from the pipeline.

“(3) If the pipeline is laid within a road reserve the plan shall only be required to show the actual position of the pipeline.”

40

New

“(4) Within the said period of 6 months the holder shall also—

5 “(a) Forward to the Secretary 3 copies of the plans showing the position of the pipeline:

“ (b) Deposit in the appropriate District Land Registry Office a copy of those plans:

10 “(c) Forward to the territorial authority within whose district the pipeline is situated a copy of those plans:

“ (d) Forward to the owner of any land in respect of which an agreement has been made under section 69 (1) (b) of this Act or in respect of which an easement certificate has been issued under section 70 of this Act a copy of the plan showing the position of the pipeline on that owner’s land.

15 “(5) If an easement certificate which has been issued under section 70 of this Act is not in conformity with subsection (2) of this section, the holder, within 3 months after the 20 completion of the survey plans, shall apply to the Minister under section 73 (3) of this Act for a variation of the easement certificate.

25 “(6) If, on the application of the holder, the Secretary is satisfied that any delay in complying with any provision of this section is beyond the control of the holder, the Secretary may extend the time allowed by not more than 3 months.”

20. Registration of easements—(1) Section 73 of the principal Act (as so substituted) is hereby amended by 30 repealing subsection (1), and substituting the following subsections:

“(1) The holder of an authorisation shall, where possible, register—

35 “(a) Every easement granted to him pursuant to an agreement made under section 69 of this Act; and

“(b) Every easement certificate issued to him under section 70 of this Act—

40 against the title to all land affected thereby; and the District Land Registrar or Registrar of Deeds shall register the easement or easement certificate without production of the duplicate certificate of title or other document of title relating to the land if the holder of the authorisation is unable to produce it.

New

“(1A) An easement granted pursuant to an agreement made under section 69 of this Act shall not be registered unless it is in conformity with section 72 (2) of this Act.”

(2) Section 73 (2) of the principal Act (as so substituted) is hereby amended by inserting, after the words “Any such”, the words “easement or”. 5

(3) Section 73 (5) of the principal Act (as so substituted) is hereby amended by inserting, after the words “rule of law”, the words “any grant of a pipeline easement and”. 10
