SCHEDULE.

FORM OF PATENT.

VICTORIA, by the Grace of God, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith: To all to whom these presents shall come, greeting:

WHEREAS [*Here insert name, address, and calling of inventor, as in Declaration*] hath represented unto us that he is in possession of an invention for [*Here insert title of invention, as in Declaration*], that he is the true and first inventor thereof, and that the same is not in use by any other person, to the best of his knowledge and belief: And whereas the said inventor (who with his heirs, executors, administrators, and assigns, is hereinafter referred to as "the patentee") hath represented that he is desirous of obtaining letters patent for securing unto him our special license for the said invention, and by an instrument in writing under his hand, deposited in the Patent Office under the provisions of "The Patents, Designs, and Trade-marks Act, 1889," the patentee has particularly described and ascertained the nature of the said invention, and in what manner the same is to be performed: Now, therefore, know ye that we have given and granted, and by these presents, for us, our heirs and successors, do give and grant unto the patentee our special license and authority that the patentee, by himself, or his servants or agents, or such others as he shall at any time agree with during the term herein expressed, shall and lawfully may make, use, and vend his said invention within our Colony of New Zealand and its dependencies, in such manner as to him shall seem meet: To have, hold, and enjoy the said license, privilege, and advantage unto and by the patentee for and during the term of fourteen years from the day of [Date of acceptance of application], and that he shall and lawfully may have and enjoy the

Provided that these our letters patent are on this condition, that if at any time during the said term it shall appear that this our grant is contrary to law, or prejudicial or inconvenient to our subjects in general, or that the said invention is not a new invention as to the public use and exercise thereof within our said colony and its dependencies, or that the said patentee is not the first and true inventor thereof within our said colony as aforesaid, these our letters patent shall forthwith determine and be void to all intents and purposes, notwithstanding anything hereinbefore contained: Provided also that if the said patentee shall not pay all fees by law required to be paid in respect of the grant of these letters patent, or in respect of any matter relating thereto, at the time or times and in the manner for the time being provided by law; and also if the said patentee shall not supply or cause to be supplied for our service all such articles of the said invention as may be required by the officers or commissioners administering any department of our service, in such manner, at such times, and at and upon such reasonable prices and terms as shall be settled in manner for the time being by law provided, then and in any of the said cases these our letters patent, and all privileges and advantages whatsoever hereby granted, shall determine and become void, notwithstanding anything hereinbefore contained: Provided also that nothing herein contained shall prevent the granting of licenses in such manner and for such considerations as they may by law be granted.

In witness whereof we have caused these our letters to be made patent, and the seal of our said colony to be hereunto affixed, this day of , 18 .
