Extension of patents where loss by reason of hostilities. Cf. 5 & 6 Geo. VI, c. 6, s. 1 (Imp.)

3. (1) Where an application is made under subsection six of section twenty of the principal Act,—

(a) The power conferred on the Court by the proviso to subsection one of that section (as enacted by the *last preceding* section) to allow the application to be made at such time as the Court may in its discretion think fit shall be exercisable free from the restriction imposed by that proviso that the time allowed must be not later than the time limited for the expiration of the patent, if the Court is satisfied that the allowance of a time later than the expiration thereof is justified by the patentee's having been prevented from making the application by being on active service or by other circumstances arising by reason of hostilities between His Majesty and any foreign State: 5

(b) An order may be made notwithstanding that the term of the patent may have been previously extended, or that a new patent for the invention may have been previously granted, by one or more orders made under the said section twenty, and notwithstanding that the previous order, or one of the previous orders, may have been made otherwise than pursuant to an application under subsection six of that section: 10

(c) The restriction imposed by subsection five of that section on the length of the further term for which a patent may be extended shall not have effect, but the term granted by an order, whether by way of extension or grant of a new patent, shall not exceed ten years, and, where two or more orders are made pursuant to applications under subsection six of that section in relation to the same invention, the aggregate of the terms thereby granted, whether by way of extension or grant of a new patent, shall not exceed ten years. 25

(2) In the case of a patent limited to expire after the third day of September, nineteen hundred and thirty-nine, and before the expiration of six months from the 30 40

passing of this Act, an application under subsection six of the said section twenty may be made at any time during the said six months, and the Court may allow the application to be made at such later time as the

5 Court may in its discretion think fit if the Court is satisfied that the allowance of a time later than the expiration of the said six months is justified by the applicant's having been prevented from making the application by being on active service or by other
10 circumstances arising by reason of hostilities between His Majesty and any foreign State.

4. (1) The power of a Government Department under subsection one of section thirty-two of the principal Act to make, use, or exercise an invention for the
15 services of the Crown shall include power during any war period to make, use, exercise, or vend an invention, upon such terms as are mentioned in the said subsection one, for any purpose which appears to the Department necessary or expedient for the efficient
20 prosecution of any war in which His Majesty may be engaged or for the maintenance of supplies and services essential to the life of the community; and the terms of any such agreement or license as is mentioned in the said subsection one shall be inoperative so far as
25 concerns the making, use, exercise, or vending of an invention under this subsection as they are inoperative so far as concerns the making, use, or exercise of an invention under that subsection.

(2) Nothing in subsection three of the said section
30 thirty-two shall affect the right to vend an invention conferred by the *last preceding* subsection.

(3) Subsection two of the said section thirty-two is hereby amended by omitting the words "or exercise", and substituting the words "exercise, or
35 vending".

(4) A purchaser of any articles sold in pursuance of subsection *one* of this section or subsection three of section thirty-two of the principal Act, and any person claiming through him, shall have, and be deemed always
