## A BILL INTITULED

### AN ACT to amend "The Public Works Act, 1876." Title.

**WHEREAS** it is expedient to repeal certain provisions of "The Public Works Act, 1876," and to make other provisions in lieu thereof, and otherwise to amend the said Act: Preamble.

**BE IT THEREFORE ENACTED** by the General Assembly of New Zealand in Parliament assembled, and by the authority of the same, as follows:—

**1.** The Short Title of this Act shall be "The Public Works Act 1876 Amendment Act, 1878." Short Title.

**2.** The several expressions following have in this Act the several meanings herein assigned to each respectively, unless anything in the subject or context is repugnant to such meaning, that is to say,— Interpretation.

"The said Act" means "The Public Works Act, 1876."

“Private railway” means any railway the property of any corporation, company, or person, and not vested in Her Majesty, and includes the land upon which such private railway is constructed, and all premises, works, buildings, and the land on which the same are constructed, and all wharves and jetties used in connection with such private railway.

“Borough Council” means any Municipal Council constituted under any Act or Ordinance of the General Assembly or of any Provincial Legislature, and includes any Board of Commissioners or Trustees having the control and management of a city, town, or borough.

“Borough” means any city or borough constituted under “The Municipal Corporations Act, 1876,” “The Otago Municipal Corporations Act, 1865,” or any Act for the time being in force constituting Municipal Corporations.

3. The section one hundred and twenty-eight of the said Act is hereby repealed: Provided always that such repeal shall not affect anything done or commenced under the said repealed section, and such thing may be continued, enforced, and completed under the provisions of the said Act and this Act.

4. If any public work shall have been or shall be executed, and after the execution thereof it shall be found that any person has any estate or interest in any land occupied by such work, or that any land required therefor has not been taken in the manner required by law, or that the provisions relating to the taking of such land have not been fulfilled, or if it shall be found desirable for the use, convenience, or enjoyment of any public work executed, or in course of execution, to take, purchase, or acquire other land, such land, or the estate or interest of any person therein, may be taken, purchased, or acquired in the manner provided by the said Act and this Act; and all the provisions of the said Act and this Act relating to the taking, purchasing, or acquiring of land, and to payment of compensation or purchase-money therefor, shall apply, except that in such cases section twenty-one of the said Act shall be read as if the words “generally the nature of the works proposed to be executed and” were omitted therefrom. Section twenty-two of the said Act shall be read as if the words “of the works proposed to be executed and,” and the words “to the execution of such works or,” were omitted therefrom: Provided that if any person shall have received payment or been awarded compensation for such land, or by reason of his being injuriously affected by such public works, such person and all persons claiming by, through, under, or in trust for him shall not be entitled to any further payment or compensation.

5. The provisions of sections twenty-one to twenty-five, both inclusive, of the said Act shall not apply to Government railways made or to be made under the authority of the said Act, or of a special Act, and of a Proclamation issued under Part VI. of the said Act.

6. At any time and from time to time after the deposit of maps and plans pursuant to section one hundred and twenty-five of the said Act, the Governor may, by Proclamation, take any land required for the railway. The Proclamation, when gazetted, shall be conclusive evidence that the land therein referred to is vested in Her Majesty in fee-simple, freed and discharged from all mortgages, charges, claims, estates, and interests of what kind soever, for the use of the railway. After the issue of such Proclamation it shall not be necessary to give the notice mentioned in section one hundred and twenty-six before exercising the powers given by that section.

No Proclamation taking land shall be impeached or defeasible on any ground whatsoever. This provision shall be deemed to have been in force as on and from the day the said Act came into operation.

Every such proclamation shall be registered as provided by section twenty-six of the said Act, and all things shall be done and happen thereupon as in cases provided for by that section.

If any person in possession of any land taken, purchased, held, or acquired, for a railway refuses to give up possession, or hinders the

Repeal and amendment of certain sections of “The Public Works Act, 1876.”

Land may be taken for any public work after such public work has been completed.

Certain provisions not to apply to Government railways.

Governor may by Proclamation take land for railway.

Minister or any person appointed by him from taking or entering into possession, the Minister, Sheriff, or other persons may do all things which could have been done under the seventeenth and eighteenth sections of "The Immigration and Public Works Act, 1872."

5 7. At any time either before or after issuing any Proclamation taking land for a Government railway, the Minister may cause notice to be given to every owner or occupier of such land, so far as they can be ascertained, and in such notice shall state that the land therein described is taken or intended to be taken for a railway, and that claims for com-  
10 pensation in respect thereof must be sent to the Minister pursuant to the provisions of the said Act. With such notice a plan of the land taken or intended to be taken shall be sent. The omission to send any such notice or plan shall not invalidate any Proclamation taking the same.

Before or after the time of taking land for Government railways, notice to be given to person whose land is taken.

15 8. If it is found that any land held, taken, purchased, or acquired under the said Act, or "The Immigration and Public Works Act, 1870," and Acts amending the same, or otherwise howsoever, for Government works, is not required for such works, the Governor may cause the same to be sold, in the manner and subject to the provisions  
20 of subsection two of section twenty-nine of the said Act. The Governor may exchange any such lands for other lands required for Government works, or may let the same upon such terms as he thinks fit for any period not exceeding *twenty-one* years, to take effect in possession and not reversion, and may make, issue, and execute such grants, leases, and assurances as may be necessary to give effect to such sale, exchange,  
25 or lease. The sale moneys, rents, and profits shall be paid to the Public Account.

Land taken for public works, and not wanted, may be sold, &c.

9. Whenever it shall be made to appear to the satisfaction of  
30 the Governor that any road has been stopped under the authority of an Act of the General Assembly or Ordinance of a Provincial Council, and the same or any part thereof has heretofore been sold or exchanged, or agreed to be sold or exchanged whether the contract for such sale or exchange be in writing or not, then it shall be lawful,  
35 for the purpose of completing and perfecting such agreement, sale, or exchange, for the Governor to issue such grants or execute such conveyances, transfers, and other assurances as he may deem advisable. Any road stopped under the authority of any Act or Ordinance may be sold or exchanged by the Governor, if the land occupied by the stopped road is not required for public use. The Governor may execute all  
40 necessary grants and assurances, and do all things requisite to carry into effect any sale or exchange.

Where land formerly a road, and afterwards stopped, and sold or exchanged, Governor may perfect same.

10. The provisions of sections one hundred and forty-two and one hundred and forty-three, and of sections one hundred and forty-five to one hundred and fifty, both inclusive, and sections one hundred  
45 and fifty-three to one hundred and sixty-two, both inclusive, of the said Act shall apply to the branch line of railway lately constructed by the Oamaru Harbour Board constituted by the Ordinance of the Province of Otago, intituled "The Oamaru Harbour Board Ordinance, 1874," between the Macandrew Wharf and the Railway Station,  
50 Oamaru.

Oamaru Harbour Board branch line.

All moneys received by way of rent, tolls, fares, freights, carriage, fines, or penalties, or otherwise accruing from such railway, shall form part of the revenue of the said Oamaru Harbour Board, and may be applied accordingly.

55 In applying the said provisions, there shall be substituted in those sections for "Governor," and "Governor in Council," "Oamaru Harbour Board;" for "Minister," "Chairman of the Oamaru Harbour Board."

11. In any case where the course and limits of any water-race or  
60 any portion thereof heretofore or hereafter to be constructed, under the powers given by Part III. of "The Immigration and Public Works Act, 1870," or any amendment thereof, or by Part VIII. of the said Act, or any amendment thereof, and the streams taken for supplying the same, shall have been or shall be described in  
65 general terms, and it shall be found expedient to describe the exact limits of such water-race or of any portion, and the streams taken for

How and when limits of land for water-race and streams taken therefor shall be determined.

supplying the same, the Governor may, by Proclamation, at any time and from time to time, define the exact limits of such water-race, or any portion, and the streams for supplying the same. The effect of such a Proclamation shall be to vest the land within such exact limits, and all buildings, machinery, dams, sluices, reservoirs, streams, and other waterworks on such land, in Her Majesty in fee-simple at law and in equity, freed and discharged from all mortgages, charges, claims, estates, and interests whatsoever theretofore affecting the same. 5

The Governor may also from time to time by Proclamation release any land outside of the exact limits so to be defined from any previous Proclamation affecting the same, whether made under the powers conferred by Part III. of "The Immigration and Public Works Act, 1870," or under Part VIII. of the said Act. If the land released was, at the time it was affected by the Proclamation from which it is released, Crown land, the effect of the release shall cause it to again become Crown land, and if within a proclaimed gold field or mining district to be portion of such gold field or district.
