

# SLAUGHTER OF STOCK AND INSPECTION OF MEAT BILL.

---

## EXPLANATORY MEMORANDUM.

THIS Bill is a complete reconstruction, rather than a consolidation, of the Acts dealing with the establishment of municipal abattoirs, the licensing of meat-export and other slaughterhouses, the slaughter of stock, the inspection of meat intended for human consumption, and the export of meat from New Zealand. Although the arrangement and language of the existing enactments have been extensively altered in the present Bill, the material alterations proposed to be made in the substance of the law are relatively few in number. Such material alterations may be briefly summarized as follows:—

### MUNICIPAL ABATTOIRS (Clauses 7-23).

(1) Under the existing law a Borough Council or Town Board in whose district there is a population of 2,000 or upwards is under a statutory obligation to establish an abattoir. It is proposed by the Bill to extend the limit to 3,000, but other local authorities, if they think fit to do so and comply with certain preliminary requirements, are empowered (though not obliged) to establish abattoirs.

(2) Local authorities that have established abattoirs are expressly empowered to establish subsidiary undertakings (*e.g.*, boiling-down works) in connection therewith, but the accounts of the abattoir must be kept distinct from the accounts of any subsidiary undertaking.

(3) The provisions relating to the charges to be paid to the controlling authority of an abattoir in respect of stock slaughtered therein, and to the fees to be paid to the controlling authority in respect of meat sold in the abattoir district but not slaughtered in the abattoir, have been rewritten. The provisions of the existing law are very defective, and the substituted provisions are generally on the lines of, though not identical with, the corresponding provisions of the Auckland City Abattoir Act, 1936.

(4) The provisions relating to the refund to the payers of charges and fees of the surplus revenue derived by the controlling authority in any year in respect of its abattoir have also been rewritten, the Auckland City Abattoir Act, 1936, being again taken as a general guide.

(5) With respect to the delegation by local authorities of their powers in respect of the establishment and maintenance of abattoirs, it is made clear that the obligations of the local authority are revived in the event of default being made by the delegate. As delegation can be effected only with the prior consent of the Minister and on terms approved by him, it is proposed to remove the existing prohibitions against delegation imposed on certain local authorities by section 15 of the Slaughtering and Inspection Act, 1908.

(6) More elastic provision is made with respect to the definition of the boundaries of abattoir districts (so as to permit of the inclusion therein of the whole or of defined parts of the districts of local authorities other than the establishing local authority, and the alteration of the boundaries of abattoir districts from time to time, as occasion may require).

(7) To ensure that meat shall not be sold for consumption in an abattoir district without proper inspection it is provided (in clause 21) that no meat shall be sold *for consumption in an abattoir district* unless it has been derived from stock that has been slaughtered in an abattoir or in a meat-export slaughterhouse.

#### MEAT-EXPORT SLAUGHTERHOUSES (Clauses 24-36).

(1) Under the present law a meat-export slaughterhouse license cannot be granted in respect of any premises unless at least 25 per cent. of the output is intended for export. It is proposed in the Bill to relax this restriction in the case of a slaughterhouse used for the slaughter of pigs only. In the case of such a slaughterhouse, a meat-export slaughterhouse license can be granted if any portion of the output is intended for export. This provision renders unnecessary the re-enactment of section 33 of the 1908 Act (providing for the appointment of Special Inspectors).

(2) Clause 34 (3) is new and is designed to prevent undue competition between licensees of meat-export slaughterhouses and butchers by prohibiting the retail sale of meat from meat-export slaughterhouses except to employees and to persons on whose behalf stock is regularly slaughtered at the slaughterhouse.

#### RURAL SLAUGHTERHOUSES (Clauses 37-41).

The term "rural slaughterhouse" is new. It includes all licensed slaughterhouses other than abattoirs and meat-export slaughterhouses. It is provided in the Bill (clause 37) that a rural slaughterhouse license shall not be granted for the first time in respect of premises within, or within three miles of the boundary of, an abattoir district; but licenses that have been duly granted may be renewed in respect of premises that, at the date of renewal, are not actually within an abattoir district.

#### SLAUGHTER OF STOCK FOR HUMAN CONSUMPTION (Clauses 45, 46).

(1) Subject to the exceptions mentioned in clause 46, it is provided in clause 45 that meat intended for human consumption may be slaughtered only in an abattoir, a meat-export slaughterhouse, or a rural slaughterhouse. This provision is substantially to the same effect as the existing law.

(2) Clause 46 repeats, with modifications, the substance of sections 3 and 4 of the Slaughtering and Inspection Act, 1908. The right of a *bona fide* farmer to slaughter stock for sale for human consumption is restricted to cases where the farm is more than six miles distant from any abattoir district or from any borough or town district. This restriction is extended by the Bill so as to apply to pigs as well as to other kinds of stock.

#### MISCELLANEOUS PROVISIONS (Clauses 58-72).

(1) Clause 58 is new. It empowers the Minister of Agriculture to cause investigations to be made into the businesses carried on pursuant to licenses for the slaughter of stock or for the export of meat. The purpose underlying the clause is to ensure compliance by licensees with the conditions of their licenses.

(2) Clause 60 extends the powers conferred by paragraph (c) of section 30 of the 1908 Act, and is designed to prevent undue suffering by stock; it is not limited to stock intended for slaughter.

(3) The powers of the Governor-General to make regulations are extended in clause 71. Among other matters, the Governor-General is expressly empowered to make regulations prohibiting inhumane methods of slaughter; and is also empowered to make regulations in respect of the trade in what are

known as "bobby" calves. Regulations may also be made prohibiting the feeding to dogs of any meat or offal affected by disease, or of raw offal (whether diseased or not). The purpose underlying this provision (though not stated in the Bill) is to check the transmission of hydatids to human beings.

Clause 72: This clause is new; it gives statutory recognition to a scheme whereby a proportion of the fees charged for the inspection of pigs and of meat derived from pigs is devoted to the furtherance of the pig-industry.

#### SCHEDULES.

##### *First Schedule.*

The First Schedule enumerates those diseases which detrimentally affect the quality of the meat derived from stock suffering therefrom. Clause 2 of the Bill empowers the Governor-General to extend the list. Hitherto the term "disease" has been defined by reference to the Stock Act; this is not satisfactory, for, apart from the inconvenience inseparable from legislation by reference, the same definition is not appropriate in every case for the purposes of both Acts.

##### *Second Schedule.*

The scales of compensation (for diseased stock) as set out in the Bill are the same as those prescribed in the Schedule to the Slaughtering and Inspection Amendment Act, 1910. An attempt has been made, however, to provide for a better classification of the stock for which compensation is payable. The conditions subject to which compensation is payable are prescribed by clause 50 of the Bill.

##### *Third Schedule.*

It is proposed to repeal certain local Acts by which, to suit local circumstances, departures from the provisions of the general law have from time to time been made. In view of the alterations now proposed to be made in the general law, the justification for these special local provisions will disappear.

Such defined part may from time to time, with the approval of the Minister but not otherwise, be altered by resolution of the local authority.

(4) Where, in accordance with the *last preceding* section, two or more local authorities have combined to establish an abattoir, or where an abattoir established by one local authority has been made available for the whole or a defined part of the district of another local authority, the whole of the area for which the abattoir has been established or is available shall be the abattoir district. Such area may from time to time, with the approval of the Minister but not otherwise, be altered by resolution of the local authorities concerned.

(5) The Minister, on application made by any local authority that has established or is about to establish an abattoir, may, by order made under his hand and published in the *Gazette*, declare that the whole or a defined part of the district of any other local

authority shall be included in the abattoir district. Before making an order under this subsection the Minister shall cause such investigations to be made as he thinks fit, and shall give to every local authority affected by the application a reasonable opportunity to make such representations with respect to the application as it thinks fit. 5

(6) Any order made by the Minister under the *last preceding* subsection may be at any time in like manner amended or revoked. 10

(7) Where an abattoir district comprises part only of the district of any local authority or comprises the districts or part of the districts of two or more local authorities the Minister shall, at the expense of the controlling authority, cause to be published in the *Gazette* a notice specifying the controlling authority of the abattoir and a description of the abattoir district. Local authority may delegate power to establish abattoir. Cf. 1908, No. 181, s. 15 (a)-(c)

16. (1) Any local authority that by this Act is required to establish or to maintain an abattoir, or any local authority that, in accordance with section *nine* hereof, has made a special order for the establishment of an abattoir, may, with the approval of the Minister, delegate to any fit person or persons (including a company) its power to establish or to maintain the abattoir. 25

(2) Every instrument of delegation under this section shall be by deed under the seal of the local authority concerned, and shall be signed by or on behalf of the person or persons to whom the delegation is made. 30

(3) Every such instrument of delegation shall contain only such terms, conditions, and provisions as the Minister may approve, and shall operate as an agreement between the local authority and the person or persons to whom the delegation is made. 35

(4) The person or persons to whom any delegation is made as aforesaid shall, while the instrument of delegation continues in force, be deemed to be the controlling authority of the abattoir, and in relation to the abattoir shall, subject to the provisions of the instrument of delegation, have all the rights, powers, duties, and functions which the local authority would have had if the instrument of delegation had not been executed. 40 45

5 (5) Every instrument of delegation under this  
section shall contain provisions for the termination of  
the delegation if the person or persons to whom the  
delegation is made fail to establish the abattoir, or to  
10 maintain its efficiency (having regard to the requirements  
of the district) or for any other sufficient reason. In  
the event of the termination of the delegation, the  
obligation of the local authority to establish an abattoir,  
or to maintain an abattoir, as the case may be, shall be  
immediately revived.

15 17. (1) Forthwith after the establishment of an  
abattoir in accordance with the foregoing provisions  
of this Act, the controlling authority shall in the  
prescribed form make application to the Director-  
General for the registration of the abattoir. Every  
such application shall be accompanied by the prescribed  
fee, not exceeding *five* pounds.

Registration  
of abattoirs.  
*Cf.* 1908,  
No. 181, s. 12

20 (2) On receipt of such application and on being  
satisfied that the requirements of this Act and of the  
regulations thereunder in relation to the abattoir have  
been complied with, the Director-General shall issue to  
the controlling authority a certificate of registration in  
the prescribed form.

25 (3) The registration of an abattoir under this Act  
may be at any time cancelled by the Governor-General  
in Council if he is satisfied that the abattoir or its  
equipment has been allowed to fall into disrepair or to  
become insanitary or has become inadequate for the  
requirements of the district, or that for any other reason  
30 the abattoir has ceased to be a suitable place for the  
slaughter of stock intended for human consumption.

35 (4) On the cancellation of the registration of an  
abattoir maintained by or on behalf of a local authority  
that is required by this Act to maintain an abattoir for  
its district, it shall be the duty of that local authority  
to establish a new abattoir, or to reconstruct or re-equip  
the former abattoir, as the case may require, and to  
register or re-register the abattoir, within such time as  
the Minister may allow in that behalf.

40 18. (1) Forthwith after receipt of the certificate of  
registration the controlling authority shall, by advertise-  
ment published in one or more newspapers circulating  
in the abattoir district, give public notice of the  
registration of the abattoir, and of the fact that it will

be available for the slaughter of stock on and after a date to be specified in the advertisement, being not earlier than *fourteen* days and not later than *twenty-eight* days after the date of the first publication of such notice.

(2) It shall be the duty of the controlling authority to make the abattoir available for the slaughter of stock on the date specified in the notice in that behalf, and thereafter, while the certificate of registration continues in force, to keep the abattoir available for the slaughter of stock:

Provided that the controlling authority of the abattoir, or the Manager acting with the authority or under the direction of the controlling authority, may refuse to accept any stock for slaughter if the controlling authority or Manager has reason to believe or suspect that any of the meat derived from such stock is intended for human consumption elsewhere than in the abattoir district.

Manager of abattoir.  
Cf. 1908, No. 181, s. 18

19. (1) For every registered abattoir there shall be a Manager, to be from time to time, as occasion may require, appointed by the controlling authority.

(2) The Manager shall, under the direction of the controlling authority, be charged with the general management of the abattoir, and, in addition, shall have in relation to the abattoir such special powers, duties, and functions (if any) as may from time to time be conferred or imposed on him by regulations made under this Act or by by-laws or rules made by the controlling authority in accordance with this Act.

Restrictions upon slaughter of stock in abattoir district elsewhere than in registered abattoir.  
Cf. *ibid.*, s. 17

20. After the abattoir has become available for the slaughter of stock and so long as it continues to be so available no stock intended for human consumption shall (except as provided in paragraph (a) of subsection *one* of section *forty-six* hereof) be slaughtered within the abattoir district elsewhere than—

- (a) At the abattoir; or
- (b) At a meat-export slaughterhouse.

Sale of meat for consumption in abattoir district.  
Cf. *ibid.*, s. 17

21. (1) No person in an abattoir district or elsewhere shall sell, and no person in an abattoir district shall expose for sale or have in his possession for the purposes of sale, any meat derived from stock slaughtered elsewhere than in an abattoir or in a meat-export slaughterhouse if such meat is intended for human consumption in any abattoir district.

5 (2) Where any meat is found on premises used by any person for the sale of meat or for the storage of meat intended for sale it shall, for the purposes of this section, be deemed to be in the possession of that person for sale for human consumption unless and until the contrary is proved.

10 (3) Where any person is charged with an offence against this section, the burden of proving that the meat to which the proceedings relate was derived from stock slaughtered in an abattoir or in a meat-export slaughterhouse, or (as the case may require) that such meat was not intended for human consumption in an abattoir district shall be on the defendant.

15 (4) For the purposes of this section meat shall be deemed to be sold if it forms part of a meal for which payment is made or which is supplied to any person (whether in accordance with the terms of a contract of service or otherwise) who is employed by the person by whom such meal is supplied:

20 Provided that nothing in this subsection shall be construed to restrict the rights conferred on the occupier of any land by paragraph (a) of subsection *one* of section *forty-six* hereof.

25 **22.** (1) The controlling authority of an abattoir (including any person to whom a local authority has delegated its powers and functions in respect of the abattoir in accordance with section *sixteen* hereof) may from time to time make by-laws (where the controlling authority is a local authority) or rules (in any other case), not inconsistent with this Act or with any regulations thereunder:—

Controlling authority may make by-laws or rules relating to use of abattoir, and other matters.  
*Cf.* 1910, No. 57, s. 3; 1936, No. 6 (Local), ss. 3, 4

30 (a) Regulating the working and management of the abattoir:

35 (b) Prescribing rates of charges to be payable to the controlling authority in accordance with the *next succeeding* subsection by persons on whose account any stock is slaughtered in the abattoir:

40 (c) Prescribing rates of fees to be paid to the controlling authority in accordance with subsection *three* hereof in respect of meat (not being canned meat or cured bacon or ham) sold for consumption within the abattoir district and derived from stock slaughtered at another abattoir or at a meat-export slaughterhouse:

45

(d) Prescribing particulars of returns to be furnished to the controlling authority in respect of meat sold for consumption in the abattoir district and derived from stock slaughtered elsewhere than at the abattoir, and prescribing the person or persons required to furnish any such return. 5

(2) By-laws or rules made under paragraph (b) of the *last preceding* subsection shall specify the several services for which charges shall be payable, and shall fix separately in respect of each class of stock and for each specified service in relation thereto the charge to be payable in respect thereof. In addition to the charges for any specified services as aforesaid, there may be imposed a charge equal to the inspection fees payable in respect of stock slaughtered at the abattoir or in respect of meat derived from any such stock, and also a general charge for the use of the abattoir. Such general charge shall be fixed separately in respect of each class of stock slaughtered in the abattoir. The several charges under this subsection shall be so fixed as to bear a proper relationship to the cost involved in maintaining the abattoir or in rendering the particular services in respect of which such charges are made. 10 15 20 25

(3) The fees to be paid to the controlling authority pursuant to by-laws or rules made under paragraph (c) of subsection *one* hereof shall, in the case of meat derived from stock slaughtered at an abattoir, be payable by the person on whose account such stock was slaughtered or by the person by whom the meat was sold for consumption in the abattoir district, and, in the case of meat derived from stock slaughtered at a meat-export slaughterhouse, shall be payable by the licensee. Such fees shall be fixed separately for different classes of stock, and shall be fixed at a rate per head of each such class. The rate shall not in any case be less than the rate of the general charge made for the use of the abattoir in respect of stock of the same class slaughtered therein and, except with the authority of the Minister, shall not in any case exceed the rate of such general charge. 30 35 40

(4) Where part only of the meat derived from any stock slaughtered elsewhere than in the abattoir is sold for consumption in the abattoir district, the number of 45

stock in respect of which fees shall be payable under the *last preceding* subsection shall be ascertained in accordance with the following rules:—

5 (a) The controlling authority shall in its by-laws or rules fix, in respect of each class of stock, a fair average dressed weight of stock of such class:

10 (b) The number of stock of any class in respect of which fees shall be payable as aforesaid shall be ascertained by dividing the actual weight of meat derived from stock of that class and sold for consumption in the abattoir district by the fair average dressed weight of stock of that class.

15 (5) Where any meat derived from stock that is slaughtered in an abattoir or a meat-export slaughterhouse is sold to a purveyor of meat carrying on business in an abattoir district or is sold to any person resident in an abattoir district, it shall, for the purposes of this section, be deemed to be sold for consumption in that district unless and until the contrary is proved.

20 (6) All charges and fees payable to the controlling authority pursuant to any by-laws or rules made under this section shall be recoverable by the controlling authority by action in any Court of competent jurisdiction or by distress and sale of any stock for the time being in the abattoir on account of any person by whom such charges or fees are payable.

25 (7) The Minister may at any time by notice given to the controlling authority disallow, in whole or in part, any by-law or rule made by the controlling authority under this section. Such disallowance shall take effect on a date to be specified in that behalf in the notice (which may be the date on which the by-law or rule purported to take effect or any later date), and thereupon the by-law or rule shall, to the extent to which it has been disallowed, be deemed to be revoked.

30 (8) Every person who fails to furnish any return required to be furnished pursuant to by-laws or rules made under this section or who furnishes any return which to his knowledge is false or misleading in any material particular, or who commits any other breach of any such by-law or rule, shall be guilty of an offence against this Act.

35 (9) By-laws made by a controlling authority for the purposes of this section shall be made in accordance with the provisions of the local governing Act as to by-laws.

Local authorities to make refunds if charges or fees in respect of abattoirs are excessive.  
*Cf.* 1908, No. 181, s. 27; 1936, No. 6 (Local), s. 3

23. (1) Every local authority that is the controlling authority of an abattoir shall, not later than the thirtieth day of June in each and every year, prepare a statement showing its income and expenditure in respect of the abattoir for the period of twelve months ended on the preceding thirty-first day of March, and shall forthwith furnish a copy of such statement to every person by whom any fees or charges have been paid to the local authority in respect of the abattoir in that year, or shall forthwith publish a copy of such statement in a newspaper circulating in the abattoir district.

(2) If the fees and charges paid or payable to the local authority in any year pursuant to this Act (together with all moneys received or receivable from any other source in connection with the abattoir but not including revenues derived by the local authority from any boiling-down works or other separate undertaking that is carried on as ancillary to the abattoir) exceed the annual cost of the abattoir, the local authority shall, as soon as practicable, distribute the amount of the surplus by way of refund among the several persons who during that year have paid charges in respect of stock slaughtered in the abattoir or fees in respect of meat derived from stock slaughtered elsewhere than in the abattoir, in proportion to the total amount of the charges or fees paid by them as aforesaid:

Provided that the local authority, with the approval of the Minister, may accumulate the surpluses for distribution of the total amount at the end of two or more years if it is of opinion that the cost involved in distributing the surplus for any year would, having regard to the amount available for distribution, be disproportionately high:

Provided also that in any distribution no refund shall be made to any person if the amount payable to him would be less than *five* shillings.

(3) Notwithstanding anything in the *last preceding* subsection, any moneys payable thereunder by way of refund may be paid by the local authority to any person who in its opinion is legally or equitably entitled to receive payment thereof, instead of to the person who actually paid the charges or fees in respect of which the refunds are made.

5 (4) If any moneys payable by way of refund under the foregoing provisions of this section or under the corresponding provisions of any enactment repealed by this Act are not claimed within *six* months after the date on which they have been made available for payment they shall, pending the making of a proper claim in respect thereof, be paid by the local authority into a renewal fund or a sinking fund established by it in respect of the abattoir. No claim in respect of any such moneys shall be received or entertained by the local authority unless it is made within *twelve* months after the date on which the moneys have been made available for payment. The local authority may invest any part of any such renewal fund in manner following:—

- 15 (a) In New Zealand Government securities:  
(b) In any securities issued by the State Advances Corporation of New Zealand:  
20 (c) On deposit in any bank lawfully carrying on the business of banking in New Zealand:  
(d) In the Post Office Savings-bank:  
(e) In any other securities that may from time to time be authorized by the Governor-General in Council.

25 (5) If the fees and charges paid or payable to the local authority in any year in respect of the abattoir are less than the annual cost of the abattoir the deficiency shall be carried forward and deemed to form part of the annual cost of the abattoir for the next succeeding year.

30 (6) For the purposes of the foregoing provisions of this section the annual cost of the abattoir shall be deemed to include, in addition to the expenditure actually incurred in maintaining the abattoir, the following items, namely:—

- 35 (a) Interest on moneys borrowed for the purposes of the abattoir (whether by way of overdraft or otherwise) and not repaid:  
40 (b) Interest (to be computed at a rate not exceeding the general rate for the time being charged to local authorities on bank overdrafts) on any moneys advanced by the local authority from its general fund or account for the purposes of the abattoir:  
45 (c) Any moneys paid or payable by way of sinking fund or instalments of principal in connection with any loans or advances as aforesaid:

- (d) The amount (if any) that has been actually appropriated by the local authority and paid to a renewal fund established in respect of the abattoir for the purpose of making provision for renewing or replacing the abattoir premises or the equipment or any part of the equipment that may become worn out, obsolete, or otherwise unfit for use in connection with the abattoir (such amount not to exceed in any year an amount equal to one per centum of the value for the time being of the depreciable assets of the local authority in respect of the abattoir): 5
- (e) Reasonable provision for bad debts and discounts: 15
- (f) The costs of and incidental to raising any loan for abattoir purposes (including such amounts, if any, as may in the opinion of the Audit Office be reasonable for the writing-off from year to year of the preliminary expenses and costs incurred by the local authority before the commencement of this Act in connection with the raising of any loan for purposes of the abattoir): 20
- (g) Actual payments made by the local authority to provide for the payment of pensions or retiring-allowances (with or without other benefits) for persons employed by the local authority in connection with the abattoir: 25
- (h) Any amount appropriated by the local authority for the purpose of establishing or maintaining a fund to provide for the payment of compensation or damages in respect of workers employed by the local authority in connection with the abattoir: 30
- (i) Premiums paid by the local authority in respect of insurance against any loss or risk in connection with the abattoir or in respect of workers employed by the local authority in connection with the abattoir: 35
- (j) Any legal expenses reasonably incurred by the local authority in respect of the abattoir: 40
- (k) Such other items (if any) as the Minister, on the application of the local authority, may allow,

*Meat-export Slaughterhouses.*

24. No premises shall be used as a meat-export slaughterhouse unless such premises are licensed as a meat-export slaughterhouse in accordance with the following provisions of this Act in that behalf.

Slaughterhouse may be licensed as a meat-export slaughterhouse.

25. All licenses in respect of meat-export slaughterhouses shall be issued by the local authorities of the districts in which the premises used or intended to be used as meat-export slaughterhouses are respectively situated. No such license shall be issued without the consent of the Minister.

*Cf.* 1908, No. 181, s. 25

Licenses in respect of meat-export slaughterhouses to be issued by local authorities.

26. (1) Where any person proposes to erect any premises or to reconstruct or adapt any existing premises with intention that they shall be used as a meat-export slaughterhouse, he shall, before the work is commenced, submit the plans and specifications thereof to the Minister, and shall at the same time give to the local authority concerned notice that the plans and specifications have been submitted to the Minister in accordance with this section.

*Cf.* *ibid.*, s. 26

Special provisions as to new premises proposed to be erected for purposes of meat-export slaughterhouse.

(2) On receipt of such plans and specifications the Minister shall take into consideration the following matters, namely:—

*Cf.* 1934, No. 19, s. 4

(a) Whether or not there is any economic necessity or justification for the proposed work:

(b) The probable or possible effect of the proposed work, if undertaken, on the ability of other licensees of meat-export slaughterhouses to obtain regular supplies of stock sufficient for the reasonable requirements of their business:

(c) All such other relevant matters as the Minister thinks proper.

(3) After consideration of the several matters referred to in the *last preceding* subsection, the Minister, if he is satisfied with the plans and specifications, may undertake to give his consent to the issue by the appropriate local authority of a meat-export slaughterhouse license in respect of the premises if the premises are completed and a license therefor is duly applied for within twelve months after the date of the Minister's undertaking to consent to the issue of such license, or within such extended time as the Minister may allow.

27. Before making application to a local authority for a meat-export slaughterhouse license in respect of any premises the intending applicant shall, by advertisement published at least once in each week for two successive weeks in a newspaper circulating in the district wherein the premises are situated, give notice of his intention to apply for a license in respect of those

premises. The last of such notices shall be published not later than *seven* days and not earlier than *fourteen* days before the date of the application.

Application for license.  
Cf. 1908, No. 181, s. 21 (a)

**28.** (1) Every application for a meat-export slaughterhouse license shall be in the prescribed form, addressed to the appropriate local authority, and shall be accompanied by an adequate plan and description of the premises to which the application relates. 5

(2) Every such application shall also be accompanied by the prescribed fee, which shall be payable to the local authority. 10

Grant of meat-export slaughterhouse license.  
Cf. *ibid.*, ss. 22, 23

**29.** (1) On receipt of an application for a meat-export slaughterhouse license in respect of any premises the local authority shall proceed to consider the same, and shall, with the consent of the Minister but not otherwise, issue a license if, after such inquiry and investigation as it thinks necessary, it is satisfied— 15

- (a) That the applicant is a suitable person to be the holder of a meat-export slaughterhouse license;
- (b) That the requirements of this Act in relation to the application have been complied with; and 20
- (c) That the situation of the premises to which the application relates is not objectionable, and that the construction of the premises, their equipment, and the available accommodation for stock are in all respects sufficient to satisfy the requirements of a meat-export slaughterhouse. 25

(2) Every license in respect of a meat-export slaughterhouse shall be in the prescribed form and shall, unless sooner cancelled or surrendered, continue in force until the thirtieth day of June next after the date on which the license takes effect. 30

(3) Every such license may, with the consent of the Minister but not otherwise, be from time to time renewed on payment to the local authority of the prescribed fee. 35

(4) The renewal of a meat-export slaughterhouse license shall be for the period ending on the thirtieth day of June next after the date on which the renewal takes effect. 40

Minimum requirements as to export of meat from stock slaughtered at meat-export slaughterhouse.  
Cf. 1910, No. 57, s. 4

**30.** (1) Notwithstanding anything in the foregoing provisions of this Act, but subject to the provisions of the *next succeeding* subsection, no license for a meat-export slaughterhouse shall be granted or renewed unless the local authority is satisfied that not less than twenty-five per centum of the meat to be derived from stock slaughtered in the slaughterhouse during the period for which the license is granted or renewed is intended for export. 45

5 (2) Where a meat-export slaughterhouse license or the renewal of such a license is applied for in respect of premises which are used or intended to be used for the slaughter of pigs only, such license shall not be granted or renewed unless the local authority is satisfied that part of the meat to be derived from pigs slaughtered at the slaughterhouse during the period for which the license is granted or renewed is intended for export.

10 **31.** (1) A meat-export slaughterhouse license may, with the consent of the Minister but not otherwise, be transferred to any suitable person, by the local authority in whose district the slaughterhouse is situated, on application in that behalf made to that local authority by the licensee and on payment to the local authority of the prescribed fee.

**Transfer of meat-export slaughterhouse license.**  
Cf. 1908, No. 181, s. 23 (c); 1918, No. 18, s. 7

15 (2) Such transfer may be made subject to such conditions, not inconsistent with this Act, as the Minister may approve.

20 **32.** (1) Subject to the provisions of section *twenty-six* hereof, the Minister may, in his absolute discretion, give or withhold his consent to the issue, renewal, or transfer of any meat-export slaughterhouse license.

**Discretionary power of Minister to give or to withhold consent to issue, renewal, or transfer of license.**

25 (2) Without in any manner restricting the discretionary power conferred on the Minister by the *last* preceding subsection, he may withhold his consent to the issue, renewal, or transfer of any such license as aforesaid if he is of opinion, on any grounds that in his discretion he deems sufficient, that the business of the meat-export slaughterhouse has been carried on, or is likely to be carried on, in a manner contrary to the public interest, or if the licensee has been convicted of any offence against this Act or against any Act repealed by this Act in respect of the same or any other slaughterhouse, or has failed, in respect of the same or any other slaughterhouse, to comply with any conditions imposed on the licensee in accordance with the *next succeeding* section.

Cf. 1918, No. 18, s. 7; 1934, No. 19, ss. 7, 8

30 (3) For the purposes of this section the buying of stock to be slaughtered for export shall be deemed to be part of the business of a meat-export slaughterhouse, and the buying of such stock in a manner contrary to the public interest shall accordingly be a ground on which the Minister may withhold his consent to the issue, renewal, or transfer of a license in respect of a

1934, No. 19,  
s. 5

33. (1) It shall be deemed to be a condition of every license issued in respect of a meat-export slaughterhouse that the licensee, at all times while the meat-export slaughterhouse is open for the slaughter of stock intended for export, shall receive for slaughter in that meat-export slaughterhouse all such stock as, being intended for export, is offered on behalf of an owner who, being engaged in the business of producing stock for export, has raised or fattened such stock. 5

(2) All stock received as aforesaid shall be so received and shall be slaughtered and handled, and the meat therefrom shall, if the owner so requires, be exported on behalf of the owner, in accordance with such conditions as the Minister, on the recommendation of the Meat-producers Board, may approve, and in consideration of the payment by or on behalf of the owner of such charges and allowances and the fulfilment by the owner of such conditions as may from time to time be approved by the Minister on the recommendation of the said Board. 10 15 20

(3) The foregoing provisions of this section may, in relation to any meat-export slaughterhouse, be applied by the Minister, on the recommendation of the said Board made after full inquiry and discussion with the parties concerned, so as to require the licensee to receive, slaughter, and handle any stock intended for export and to export the meat derived therefrom on behalf of owners, not being producers of stock for export. Such application may be effected by notice under the hand of the Minister served on the licensee of the meat-export slaughterhouse. Any such notice may apply generally to all such owners or to any specified owner, and may apply particularly to any specified stock or generally to all stock intended for export. 25 30 35

(4) Notice of the approval by the Minister of the charges, allowances, and conditions referred to in subsection *two* hereof shall be given in writing to the licensee. Any such notice may be of general application or may relate to any particular stock or to any particular kind or class of stock. 40

(5) For the purposes of this section stock shall be deemed to be intended for export if any part of the meat to be derived therefrom is intended for export.

5 34. (1) While a license in respect of a meat-export slaughterhouse is in force it shall be lawful, subject to the provisions of this Act and to the terms and conditions of the license, to slaughter stock in the slaughterhouse to which the license relates (whether the meat derived from such stock is intended for consumption in New Zealand or is intended for export).

Effect of a meat-export slaughterhouse license.

*Cf.* 1908, No. 181, s. 27

10 (2) Where meat derived from stock that is slaughtered in a meat-export slaughterhouse is sold by the licensee or any other person for consumption in an abattoir district, the licensee shall be liable to pay to the controlling authority of the abattoir the appropriate fees in respect thereof, as fixed in accordance with the provisions of section *twenty-two* hereof.

15 (3) It shall not be lawful for the licensee of any meat-export slaughterhouse or for any other person to sell by retail, from the slaughterhouse or from premises appurtenant or adjacent to or in the vicinity of the slaughterhouse, any meat intended for human consumption and derived from stock slaughtered in the slaughterhouse, except to persons employed by the licensee in connection with the slaughterhouse or to persons from whom the licensee receives regular supplies of stock for slaughter in the slaughterhouse.

20 35. (1) The Minister, acting on the recommendation of the Meat-producers Board, may at any time during the currency of a license granted in respect of any meat-export slaughterhouse, by notice under his hand given to the licensee, fix with respect to any period or periods to be specified in that behalf in the notice—

Minister may impose conditions to be observed by licensees of meat-export slaughterhouses. 1934, No. 19, s. 2

25 (a) The maximum number of stock that may be slaughtered in the slaughterhouse during any such period; or

30 (b) The maximum number of any specified kind or specified class of stock that may be so slaughtered during any such period.

35 (2) Any such notice may on a like recommendation be at any time in like manner amended or revoked.

40 (3) The licensee of any meat-export slaughterhouse in which any stock is slaughtered contrary to the terms of any notice given by the Minister pursuant to this section commits an offence, and shall be liable on summary conviction before a Stipendiary Magistrate to a fine of *one hundred* pounds for every day

in any period on which any stock is so slaughtered after the maximum number of stock or the maximum number of any specified kind or specified class of stock, as the case may be, fixed by the Minister for slaughter during that period, has been slaughtered. 5

Structural alterations of meat-export slaughterhouse to be made only with approval of Minister.  
1934, No. 19,  
s. 3

36. (1) No additions to or structural alterations of any meat-export slaughterhouse or no increase of its freezing-power shall be made during the currency of a license granted in respect of such meat-export slaughterhouse except with the prior approval of the Minister given on the recommendation of the Meat-producers Board. 10

(2) For the purposes of this section the term "meat-export slaughterhouse" includes all cooling, freezing, and storage chambers used for the purposes of or in conjunction with a meat-export slaughterhouse, whether such chambers are erected on land appurtenant to such slaughterhouse or not. 15

(3) In considering any application under this section for approval of any proposed addition to or structural alteration of any meat-export slaughterhouse, or of any proposed increase of the freezing-power of any such slaughterhouse, the Minister and the Meat-producers Board shall take into consideration— 20

(a) Whether or not there is any economic necessity or justification for the proposed work: 25

*Rural Slaughterhouses.*

37. (1) The local authority of any district may, subject to the provisions of this Act in that behalf, issue in respect of premises situated within the district of that local authority a license for a slaughterhouse that is not a meat-export slaughterhouse:

Rural slaughterhouses.  
Cf. 1908, No. 181, ss. 19, 20

Provided that a license shall not be issued under this section in respect of any premises situated within an abattoir district or within three miles of an abattoir district by the nearest accessible road. Nothing in this proviso shall be construed to prohibit the renewal of any license that is in force on the commencement of this Act or of any license that may lawfully be issued at any time after the commencement of this Act in respect, in either of such cases, of a slaughterhouse that, at the date of renewal, is situated outside the boundaries of an abattoir district.

(2) Every slaughterhouse in respect of which a license is issued under this section is hereinafter in this Act referred to as a rural slaughterhouse.

(3) For the purposes of this Act every license in force on the commencement of this Act, in respect of a slaughterhouse other than a meat-export slaughterhouse, shall be deemed to be a rural slaughterhouse license, and the slaughterhouse shall be deemed to be a rural slaughterhouse.

38. Before making application to a local authority for a license for a rural slaughterhouse, the intending applicant shall, by advertisement published once in each week for two successive weeks in a newspaper circulating in the district wherein the premises are situated, give notice of his intention to apply in respect of those premises for a license for a rural slaughterhouse. The last of such notices shall be published not later than *seven* days and not earlier than *fourteen* days before the date of the application.

(2) Every such application shall also be accompanied by the prescribed fee, which shall be payable to the local authority.

Grant of license for rural slaughterhouse. Cf. 1908, No. 181, ss. 22, 23

**40.** (1) On receipt of an application for a license in respect of any premises intended to be used as a rural slaughterhouse, the local authority shall proceed to consider the same, and shall, with the consent of the Minister but not otherwise, issue a license if, after such inquiry and investigation as it thinks necessary, it is satisfied— 5

- (a) That the applicant is a suitable person to be the holder of a rural slaughterhouse license;

PART III.

INSPECTION OF MEAT.

5

Inspection of stock to be slaughtered at abattoir or meat-export slaughterhouse, and of meat derived therefrom.

*Cf.* 1908, No. 181, s. 34

47. (1) No stock shall be slaughtered at an abattoir or a meat-export slaughterhouse unless and until it has been inspected by an Inspector and has been approved by him as being suitable for slaughter for human consumption.

10

(2) No meat derived from stock slaughtered at an abattoir or a meat-export slaughterhouse and intended for human consumption shall be removed from the slaughterhouse unless and until it has been inspected by an Inspector and has been branded in the prescribed manner as being fit for human consumption, and, in the case of meat intended for export, as being fit for export.

15

(3) Any Inspector may at any time inspect any meat in a slaughterhouse notwithstanding that it may have been branded as being fit for human consumption or for export. If on the inspection of any meat in accordance with this subsection the Inspector is of opinion that it is no longer fit for human consumption or fit for export, as the case may be, he shall cancel or remove the brand, and thereupon the meat shall be dealt with as if it had never been branded as aforesaid.

20

25

(4) If on the inspection of any meat in accordance with this section the Inspector is of opinion that it should be treated in any specified manner to render it suitable for human consumption, it shall not, save with the consent of the Inspector, be removed from the slaughterhouse until it has been so treated.

30

(5) If any stock is slaughtered contrary to the provisions of this section, or if any meat is removed from an abattoir or a meat-export slaughterhouse contrary to the provisions of this section, the Manager of the abattoir or the licensee of the meat-export slaughterhouse, as the case may be, shall be guilty of an offence against this Act and shall be liable to a fine of fifty pounds.

45

the *next succeeding* subsection, be the duty of the Manager of the abattoir or the licensee of the slaughterhouse, as the case may be, to cause the carcass forthwith to be burnt or buried, or to be removed to  
15 boiling-down works, manure-works, or other place approved for the purpose by an Inspector, there to be so treated that no part of the carcass can be used for human consumption.

(2) If on inspection by an Inspector it is found that  
20 any part of the meat derived from any stock slaughtered as aforesaid is affected by disease so as to render that part unfit for human consumption, the diseased part (instead of the whole carcass) may, with the authority of the Inspector, be dealt with in the manner prescribed  
15 by the *last preceding* subsection or be otherwise dealt with so that it cannot be used for human consumption.

(3) If any diseased stock or meat is not dealt with in accordance with the provisions of this section the Manager of the abattoir or the licensee of the slaughter-  
20 house, as the case may be, shall be guilty of an offence against this Act.

49. (1) No person shall sell or offer for sale for human consumption or have in his possession for sale for human consumption, any meat which to his knowledge

(2) For the purposes of this section meat shall, unless and until the contrary is proved, be deemed to be in possession for sale for human consumption if it is  
30 kept on premises used for the sale of meat for human consumption or used for the storage of meat intended for sale for human consumption, and any meat that is sold shall be deemed to be sold for human consumption unless and until the contrary is proved.

(3) Every person who commits an offence against this section shall be liable to a fine of *fifty* pounds.

50. (1) Where on the slaughter of any stock for human consumption (whether such stock is slaughtered in a slaughterhouse or elsewhere, and whether the meat  
40 derived from such stock was intended for sale or not) it is found to be affected by any of the diseases specified in Part II of the *First Schedule* hereto so as to render not less than *twenty-five* per centum of the dressed  
weight of the carcass unfit for human consumption, the  
15 owner of the stock shall, subject to the provisions of this

Compensation for diseased stock.  
Cf. 1910, No. 57, s. 2

section, be entitled, on application made in accordance with subsection *three* hereof, to receive compensation therefor, to be computed in accordance with the provisions of the *Second* Schedule hereto:

Provided that no compensation shall be payable under this section in respect of any stock if, before slaughter, it exhibited obvious symptoms of the disease on account of which the meat derived therefrom is afterwards found to be unfit for human consumption:

Provided also that no compensation shall be payable in respect of any cow, heifer, or bullock if its fair market value, before slaughter, was less than three pounds, or in respect of any sheep or lamb if its fair market value, before slaughter, was less than ten shillings.

(2) No compensation shall be payable under this section unless the Inspector is satisfied that the stock to which the application relates was in fact affected by a disease specified in Part II of the *First* Schedule hereto, and that the carcass or the diseased portion thereof has been disposed of in the manner prescribed by subsection *four* of section *forty-six* hereof, or by section *forty-eight* hereof, as the case may be.

(3) Application for compensation under this section shall be made in the prescribed form to an Inspector, and shall be so made—

(4) All compensation payable under this section shall be paid out of moneys to be appropriated by Parliament for the purpose.

51. (1) The Governor-General may, by Order in Council, extend so as to apply to and bind all persons for the time being carrying on business as butchers in any defined area, any agreement, whether made before or after the commencement of this Act, by which a majority of the butchers carrying on business in that area bind themselves to contribute to an insurance fund

Insurance funds may be established to indemnify butchers against loss or account of diseased stock. Cf. 1908, No. 181, s. 36

to indemnify them, wholly or in part, from loss due to the condemnation for human consumption of any meat derived from diseased stock.

5 (2) Every Order in Council under this section shall define the area to which it relates, and, unless adequate provision therefor is made in the agreement, shall prescribe the rates of contribution to the fund and the person or persons by whom contributions may be recovered.

10 (3) Any contribution payable to an insurance fund established as aforesaid may be recovered in any Court of competent jurisdiction as if it were a debt owing by the person liable to pay the same.

15 (4) The boundaries of any area defined for the purposes of this section may from time to time be altered by the Governor-General by Order in Council, but shall not be so altered unless the Governor-General is satisfied that a majority of the butchers carrying on business in the area, as proposed to be altered, agree to the alteration of the area.

20 (5) Every Order in Council issued under this section shall have effect according to its tenor.

(6) Any Order in Council under this section may be at any time in like manner revoked.

30 57.
