A BILL INTITULED

AN ACT to enable the Corporation of the Borough of Title.  
 Timaru to raise a Loan of Sixty Thousand Pounds, for the purpose of Constructing Waterworks for supplying the Borough of Timaru with Water, and doing all acts and things necessary for or incidental to carrying out that purpose, on obtaining the authority of the Ratepayers of the said Borough for that purpose in manner provided by "The Municipal Corporations Act, 1876," "The Municipal Corporations Act 1876 Amendment Act, 1877," and "The Municipal Corporations Act Amendment Act, 1878;" and to rescind and revoke all proceedings taken and things done for authorizing the raising of and incidental to the raising of a Special Loan of Forty Thousand Pounds under "The Municipal Corporations Act, 1876," and "The Municipal Corporations Act 1876 Amendment Act, 1877," for the like purpose, on the said authority being obtained and gazetted.

WHEREAS under the powers in that behalf conferred on them by Preamble.  
 "The Municipal Corporations Act, 1876," and "The Municipal Corporations Act 1876 Amendment Act, 1877," proceedings have been taken by the Corporation, Mayor, Council, Councillors, Burgesses, and  
 5 officers of the Council of the Borough of Timaru for authorizing the raising of and of and incidental to the raising of a special loan of forty thousand pounds for the purpose of constructing waterworks for supplying the said borough with water, and providing security for the said special loan and the interest thereon: And whereas it has been  
 10 found that the said sum of forty thousand pounds would be inadequate for the purpose for which it was proposed to be raised, and that an additional sum of twenty thousand pounds would be required for that

purpose: And whereas it is expedient for the success of the proposed borrowing, and for providing better security to lenders, and the better protection of their rights, that the whole of the sum of sixty thousand pounds, the amount required for the purpose aforesaid, should be raised in one loan, but no provision is made by law for the rescission and 5 revocation of the said proceedings so taken as aforesaid, and authorizing the taking of steps for raising and raising a special loan of sixty thousand pounds in lieu of the said proposed special loan of forty thousand pounds, which is necessary, in order to enable the whole of the said sum of sixty thousand pounds to be so raised: And whereas 10 it is therefore expedient that the following provisions should be made in that behalf:
