Alcohol Advisory Council Amendment Bill

Proposed amendments

Belinda Vernon, in Committee, to move the following motion and amendments:

Clause 1A

Belinda Vernon to move that *clause 1A* be transferred, and inserted after line 5 on page 2.

Clause 4

To insert in *new section 3A(2)*, after paragraph (b) (line 25 on page 5), the following paragraphs:

“(ba) at least 1 person with experience in public health:

“(bb) at least 1 person with experience in the development and implementation of social policy:

To omit *new section 3A(3)* (lines 28 to 32 on page 5).

Explanatory note

This Supplementary Order Paper corrects an error in the placement of *clause 1A* of the Bill (which should be included in *Part 1*). It also removes the requirement that all members of the Alcohol Advisory Council (other than those specified in *new section 3A(2)* of the principal Act) must have experience in public health or in the development and implementation of social policy, and replaces it with a requirement that at least 1 member of the Council have experience in public health and at least 1 member of the Council have experience in the development and implementation of social policy. This amendment will provide greater flexibility in the appointment process by allowing persons who do not have the characteristics described in *new section 3A(2)* to

be appointed as members while ensuring that the members of the Council include at least 1 of each of the persons described in that provision.
