

HOUSE OF REPRESENTATIVES

Supplementary Order Paper

Wednesday, 7 October 1981

NEW ZEALAND RAILWAYS CORPORATION

Proposed Amendment

Hon. MR McLACHLAN, in Committee, to move the following amendment:

Clause 15: To insert, after subclause (1) on page 13, the following subclause:

(1A) In any case where, by virtue of the proviso to section 14 (1) of this Act, the effect of any urban transport scheme is to—

(a) Prohibit the continuation of an existing rail passenger service; or

(b) Alter, in such a way as to adversely affect the Corporation, the conditions under which an existing rail passenger service may be carried on,—

the regional authority that prepared the scheme shall give the Corporation such assistance, including financial assistance, as the regional authority considers appropriate to alleviate the effect of the scheme on the Corporation.

EXPLANATORY NOTE

This amendment enables the Corporation to receive assistance (including financial assistance) in respect of any of its rail passenger services that are adversely affected by an urban transport scheme in the same manner as the licensee of a road passenger service receives assistance under section 32 of the Urban Transport Act 1980.
