#### **4 Levy imposed**

- (1) A levy is imposed on winegrapes grown in New Zealand for sale.
- (2) The industry organisation to which the levy is payable is the Council.

**5 Basis of calculation of levy**

- (1) The levy is to be calculated on the basis of the value of winegrapes produced for sale.
- (2) The value of winegrapes is to be determined—
  - (a) in the case of winegrapes sold by or on behalf of their grower in New Zealand, on the basis of their farm-gate price (exclusive of goods and services tax, if any, and before deduction of any costs or charges);
  - (b) in the case of winegrapes exported from New Zealand by or on behalf of their grower, on the basis of their FOB value (exclusive of goods and services tax, if any, and before deduction of any costs or charges);
  - (c) in the case of winegrapes processed into grape juice or grape juice concentrate before their sale by or on behalf of their grower, on the basis of a relevant notional price for the grapes determined by the Council under this clause.
- (3) The notional price of winegrapes processed into grape juice or grape juice concentrate by any grower is the price that, in the Council's opinion, the grower would receive for them (exclusive of goods and services tax, if any, and before deduction of any costs and charges) if, immediately before they were processed into that product, the grower had sold them to a similar processor situated in the same locality (whether or not there was then in fact a similar processor situated in the same locality).
- (4) The Council may fix different notional prices for different varieties and species of winegrapes.
- (5) Subject to subclause (6), the notional price of winegrapes for any levy year must be—
  - (a) fixed by the Council at its annual general meeting in that levy year; and
  - (b) notified—
    - (i) in the *Gazette*; and
    - (ii) to all potential levy payers known to the Council, through the *New Zealand Wine Grower*.
- (6) In the case of the levy year ending with 30 June 2005, the notional prices are to be those fixed for that year by the

Council at its annual general meeting held in the 2004 calendar year, whether or not that meeting occurs before or after the commencement of this order.

**6 Growers primarily responsible for payment of levy**

The grower is primarily responsible for paying the levy on winegrapes.

**7 Person responsible for payment of levy**

- (1) If the product is sold in New Zealand by the grower, the buyer must pay to the Council an amount equal to the levy on it (plus goods and services tax, if any).
- (2) If the product is exported from New Zealand by or on behalf of the grower, the grower must pay the levy (plus goods and services tax, if any) to the Council.

**8 Recovery of levy**

A buyer of product from a grower who pays an amount to the Council in respect of the levy due for payment on that product may deduct from any money payable to the grower by the buyer an amount equal to the amount paid (plus goods and services tax, if any).

**9 No collection or recovery fee to be charged**

No buyer may charge a collection or recovery fee for paying the levy or recovering it from a grower.

**10 Levy to be paid at single rate**

The levy is to be paid at a single rate.

**11 Maximum rate of levy**

The maximum rate of the levy is 1.5% of the farm-gate price, notional price, or FOB value (exclusive of goods and services tax, if any).

**12 Council to fix actual rate of levy**

- (1) Subject to subclause (2), the Council must, at its annual general meeting in each levy year, determine the actual rate of the levy for that levy year, before 31 December in that levy year.

- (2) In the case of the levy year ending with 30 June 2005, the actual rate of levy is to be that fixed by the Council for that levy year at its annual general meeting held in the 2004 calendar year, whether or not that meeting occurs before or after the commencement of this order.

**13 Previous rate to apply where new rate not fixed in time**

Despite clause 12(1), if the Council has not set the actual rate of the levy for a levy year before 31 December in that levy year, the actual rate of the levy for that levy year must be the actual rate of the levy most recently fixed by the Council for a previous levy year.

**14 Notification of rate of levy**

As soon as practicable after fixing a rate of levy for a levy year, the Council must notify the rate of the levy for the levy year—

- (a) by notice in the *New Zealand Wine Grower*; and
- (b) by notice in the *Gazette*; and
- (c) by notice in 1 or more major metropolitan daily circulating newspapers; and
- (d) directly to all potential levy payers and all buyers of winegrapes whose address is known to the Council.

**15 Time for payment of levy**

- (1) The due date for the payment of any amount of levy money payable to the Council on product under this order (plus goods and services tax, if any),—
- (a) in the case of product bought in New Zealand from a grower, is the first occasion after harvest of the winegrapes concerned that the buyer is liable to pay the grower for the product;
  - (b) in the case of product exported by the grower, is the date on which the grower is entitled to payment for it.
- (2) The latest date for payment of any amount of levy money payable to the Council in respect of product (plus goods and services tax, if any) is the 20th day of the month following the month in which the due date for its payment falls.

**16 Conscientious objectors**

Any grower or buyer who objects on conscientious or religious grounds to the payment to the Council of an amount of levy money may pay the amount concerned to the Director-General of the Ministry of Agriculture and Forestry (or the chief executive of such other department of State as is for the time being responsible for the administration of this order); and, in that case, the Director-General must cause it to be paid to the Council.

**17 How levy money to be spent by Council**

- (1) The general purposes for which the Council (and any of its regional associations) may spend the levy money are as follows:
  - (a) research and development of viticulture and oenology:
  - (b) market research and development:
  - (c) promotion of winegrapes and wine:
