## EXPLANATORY NOTE

*This note is not part of the notice, but is intended to indicate its general effect.*

This notice (which comes into force on the day after the date of its notification in the *Gazette*) amends the Fisheries (Quota Management Areas, Total Allowable Catches, and Catch Histories) Notice 1986.

The notice reduces the total allowable catch for orange roughy in the combined South-East and Sub-Antarctic area that includes quota management areas 3B, 4, 5A, and 6 from 38 000 tonnes to 32 487 tonnes, to reflect the cancellation by the Crown of 5513 tonnes of orange roughy quota held by it for that area.

Issued under the authority of the Acts and Regulations Publication Act 1989.

Date of notification in *Gazette*: 29 March 1990.
