## Schedule

### Description of St George's Hospital Quality Assurance Activity

#### 1 Objective

The objective of the activity is to improve the practices and competence of health practitioners engaged in the activity by assessing the health services performed by those health practitioners.

#### 2 Method

- (1) The activity is based on information derived from health practitioners who provide health services on behalf of St George's Hospital.
- (2) The activity involves—
  - (a) the examination of patients' records; and
  - (b) the analysis of the following data on patients:
    - (i) admission and discharge; and
    - (ii) morbidity and mortality; and
    - (iii) outcomes of treatment; and
  - (c) the collection and analysis of infection control statistics; and
  - (d) the analysis and monitoring of the patient care process; and
  - (e) the identification and analysis of any process or practice that results in an outcome for patients which may, but need not, be an adverse outcome; and
  - (f) the assessment of particular activities, procedures, or processes undertaken by health practitioners to determine whether the activities, procedures, or processes were—
    - (i) appropriate; and
    - (ii) of an excellent quality; and
    - (iii) satisfactory to patients; and
  - (g) the presentation and discussion of the results obtained under paragraphs (a) to (f) by health practitioners engaging in the activity; and
  - (h) the undertaking of multi-disciplinary case reviews and peer reviews; and

- (i) the making of recommendations on how the health practitioners who are engaging in the activity can improve their performance so as to—
  - (i) improve the quality of care they provide; and
  - (ii) reduce the incidence of adverse outcomes; and
- (j) the facilitation and monitoring of the implementation of any such recommendations.

Dated at Wellington this 9th day of May 2005.

Hon Annette King,  
Minister of Health.
