EXPLANATORY NOTE

[This note is not part of the regulations, but is intended to indicate their general effect.]

These regulations prescribe the rates of pay and allowances for members of the Force serving as radio technicians. The rates are the same as those in force for ordinary members of the Force, but increases in pay will take place at shorter intervals than those specified for ordinary members.

Where a radio technician is promoted to a higher grade of any rank he will receive the pay appropriate to that rank notwithstanding that his period of service is not as long as that indicated in the Schedule as appropriate to the grade to which he has been promoted. This provision is not applicable to ordinary members of the Force.

Issued under the authority of the Regulations Act 1936.

Date of notification in *Gazette*: 9 July 1953.

These regulations are administered in the Police Department.
