EXPLANATORY NOTE

*This note is not part of the regulations, but is intended to indicate their general effect.*

These regulations amend the Pesticides (Vertebrate Pest Control) Regulations 1983.

*Regulation 2* provides that the examination that candidates for a licence to use controlled pesticides are required to sit shall consist of only 1 paper, instead of 2 papers. The subject-matter of the examination will not, however, be affected.

*Regulation 3—*

- (a) Increases from \$40 to \$70 the fee payable on an application for a licence to apply or otherwise use a controlled pesticide under Part V of the Pesticides Act 1979; and
- (b) Increases from \$40 to \$70 the fee payable on an application for a variation of the terms or conditions of any such licence.

*Regulation 4* makes various minor amendments to the application form to be used by candidates for a licence to use controlled pesticides. The most significant amendment is that a candidate is now required to state whether he or she currently holds a licence to use controlled pesticides.

*Regulation 5* is a saving provision in respect of candidates for a licence to use controlled pesticides who have already passed, before the commencement of these regulations, 1 of the 2 papers constituting the examination that such persons are required to sit. Such a candidate shall be entitled, before 1 April 1987, to sit only the remaining paper instead of being required to sit the whole examination referred to in *regulation 2* of these regulations.
