EXPLANATORY NOTE

[*This note is not part of the regulations, but is intended to indicate their general purport*]

The purpose of the amendment to Regulation 2 of the principal regulations is to limit the application of the principal regulations to pelts derived from sheep or lambs intended for export. Except as provided in Regulation 20, the principal regulations do not now apply to pelts derived from sheep or lambs killed for local consumption.

The effect of Regulations 3 and 4 is that there is now no distinction, so far as the principal regulations are concerned, between pelts which have been pickled from a green or salted state and those which have been dried before being pickled.
