Electoral Amendment Bill (PCO24488/9.0) – Consistency with the New Zealand Bill of Rights Act 1990

Our Ref: ATT395/358

1. We have examined the Electoral Amendment Bill (“the Bill”) for consistency with the New Zealand Bill of Rights Act 1990 (“the Bill of Rights Act”). We have concluded that the Bill is not inconsistent with the Bill of Rights Act.

Amendments relating to donations

2. The Bill amends the political donations framework. These changes are to “increase public confidence in the funding of political parties and to maintain trust in New Zealand’s electoral system.”¹
3. The Electoral Act places disclosure requirements on a party secretary. The Bill amends these in the following ways
 - 3.1 Currently a party secretary must file an annual return giving donor name and address and other details for party donations received from the same donor during the year if they exceed the threshold of \$15,000. The Bill lowers this threshold to donations and contributions exceeding \$5,000.²
 - 3.2 The Bill adds a requirement for a party's annual return to disclose the number and total of donations under \$1,500.³ The Bill requires a party’s annual return to disclose the total amount received for each class of party

donation specified in s 201(1) and an aggregate of those totals, with a breakdown showing the total amount of monetary donations and the total amount of non-monetary donations.⁴

3.3 Auditing requirements are amended. A party secretary is required to obtain an auditor's report on an annual return of party donations only if the return shows the total amount of donations received for the year exceeds \$50,000 or the party has entered at least 1 loan during the year or has an unpaid balance exceeding \$15,000 on a loan entered in any previous year.⁵

3.4 Currently, within 10 working days of receipt, a party secretary must file a return in respect of every party donation from the same donor that exceeds \$30,000 (either on its own or in combination with previous donations from that donor over the past 12 months).⁶ This threshold is lowered to a donation exceeding \$20,000. The Bill amends s 210C to provide that this obligation will apply only for donations received within the "specified period" prior to a general election.⁷

Amendments relating to loans

4. Under the current Act, each year a party secretary must file a return setting out the lender name, address and other details of loans entered by the party that year with a total loan amount (on its own or when aggregated with other loans from the same lender) of more than \$15,000. The return must also list the number and total of loan amounts between \$1,500 and \$15,000.⁸ Loans from a registered bank at a commercial interest rate are not included.⁹ Loan returns must be audited.¹⁰ The Bill amends this requirement to provide that nil loan returns need not be

⁷ If a general election is held in the calendar year in which Parliament is due to expire, the specified period commences on the day after the date on which the Prime Minister gives public notice of the day that is to be polling day, or 1 January of that year, whichever is the earlier. If a general election is held in any other year, the specified period commences on the day after the day on which public notice is given of the date of polling day. In both cases the specified period ends on the day before polling day.

audited.¹¹

5. The Bill extends loan disclosure requirements to candidates. A candidate must file a return of loans disclosing the name and address of the lender, the amount of the loan and other details. If there is nothing to disclose the candidate must file a nil return. A loan to a candidate excludes “any money lent by a registered lender at a commercial interest rate.” Candidates are not required to have their loan returns audited.¹²

Section 14 – freedom of expression in relation to disclosure requirements for donations, loans, and financial statements

6. We consider a non-anonymous political donation is an expressive act for the purpose of s 14 of the Bill of Rights Act (the “right to freedom of expression, including the freedom to seek, receive, and impart information and opinions of any kind in any form”). Provided the donor and the party or candidate know each other’s identity, a political donation of any size impliedly expresses the donor’s support for the donee party or candidate. A loan falling outside normal commercial terms is an expressive act for the same reasons.
7. Disclosure requirements constrain political expression by opening these forms of political support to public scrutiny and so potentially disincentivising such support. Whether these limitations on the s 14 right are justifiable in terms of s 5 requires examination of:¹³
 - 7.1 whether the limit serves a purpose sufficiently important to justify curtailment of the right.
 - 7.2 Whether the limit is rationally connected to that objective, impairs the right no more than is reasonably necessary, and is in due proportion to the objective.
8. The explanatory note to the Bill explains that the changes will increase transparency about the donations received by parties and their overall financial

position while minimising the additional compliance burden on parties¹⁴.

9. An objective of transparency for political donations and loans, so that the public are aware of financial contributions to political parties and candidates, is important. It leads to public trust in the integrity of the electoral system. Aspects of the amendments are also intended to minimise the additional compliance burden on parties.¹⁵
10. The disclosure requirements add transparency to the donation and loan process and are rationally connected to providing information to the public. Disclosure requirements already exist for donations to parties and candidates and for loans to parties. The lowering of the thresholds and the extension of loan disclosure requirements to candidates may potentially disincentivise such activity. However, we consider they can be seen as reasonable and proportionate measures to promote transparency and public trust in the electoral process.

Amendments relating to the disqualification from registration of persons outside New Zealand

11. Currently New Zealand citizens who are living overseas must have been in New Zealand within the last 3 years to be eligible to vote.¹⁶ Permanent residents must have been in New Zealand within the last 12 months.¹⁷
12. Clause 19 changes the above periods to 6 years for New Zealand citizens and 4 years for permanent residents. This is a temporary measure for the 2023 general election and responds to voters being prevented from returning to New Zealand due to the COVID-19 travel restrictions. Any permanent changes to the eligibility criteria may be considered by the independent review of electoral law, due to report back by the end of 2023.¹⁸

Section 12 electoral rights in relation to amendments to disqualification provisions

13. Section 12 of the Electoral Act provides that every New Zealand citizen who is of

or over the age of 18 has the right to vote in parliamentary elections. We have therefore considered whether the temporary nature of the more generous time periods is consistent with s 12 of the Bill of Rights Act. The basis for the current timeframes in the Electoral Act is concern that “(1) such persons have been isolated from information necessary to cast an informed vote and (2) have no immediate stake in the future of the country.”¹⁹ However, commentators have suggested that this justification is open to question.²⁰ We consider that the expansion of the timeframes in light of the restrictions on travel to New Zealand during COVID-19 means the amendments are consistent with the Bill of Rights Act.

Amendments required for the possibility of change in polling day

14. The Electoral Act provides for a regulated period which is a period before an election when expenditure limits and disclosure rules apply. The Act does not currently contemplate a change in polling day once the regulated period has started, as occurred in the lead up to the 2020 general election.²¹ The Bill provides rules explaining when the regulated period begins and ends in such a case.

15. These changes do not raise issues regarding compliance with the Bill of Rights Act.

Amendments relating to financial statements

16. Part 2, sub-part 3 of the Bill contains amendments requiring a party secretary to provide the Electoral Commission with a copy of the party’s annual financial statement²² and a copy of any auditor’s report that is required by an enactment or the party’s constitution to be obtained on the financial statement.²³ The Electoral Commission may publish a party’s annual financial statement in any manner it considers appropriate.²⁴

17. These requirements are part of the set of amendments focused on increasing transparency about a party’s overall financial position.

- 18. We conclude that the Bill is not inconsistent with the New Zealand Bill of Rights Act.

Electoral Amendment Bill

Government Bill

Explanatory note

General policy statement

The Electoral Amendment Bill (the **Bill**) makes a number of changes to the Electoral Act 1993 (the **Act**) to support the delivery of, and participation in, elections.

The Bill amends the political donations' framework to increase public confidence in the funding of political parties, and to maintain trust in New Zealand's electoral system. The substantive changes to the donations' framework include—

- lowering the public disclosure threshold for donations and contributions to political parties from \$15,000 to \$5,000;
- amending the reporting requirements for donations by reducing the threshold from \$30,000 to \$20,000, and requiring disclosures of donations above this threshold within 10 working days only within a general election year;
- requiring parties to report donations under \$1,500 that are not made anonymously;
- requiring parties to disclose their financial statements;
- requiring candidates to publicly report on loans received to support their campaign.

Together these changes will increase transparency about the donations received by parties and their overall financial position, while minimising the additional compliance burden on parties.

Currently New Zealand citizens who are living overseas must have been in New Zealand within the last 3 years to be eligible to vote, and permanent residents must have been in New Zealand within the past 12 months. The Bill extends the eligibility period for overseas voters to 6 years for citizens and 4 years for permanent residents in response to voters being prevented from returning to New Zealand due to the COVID-19 travel restrictions. This is a temporary measure for the 2023 General Elec-

tion. Any permanent changes to the eligibility criteria may be considered by the independent review of electoral law, due to report back by the end of 2023.

The Bill clarifies when the regulated period starts if polling day is changed. The regulated period is usually the 3-month period before an election when expenditure limits and disclosure rules apply. The Act does not contemplate a change in polling day once the regulated period has started, as occurred in the lead up to the 2020 General Election.

The Act provides for a period of 9 weeks before an election when some election signs and billboards can be erected without the needing to comply with certain Transport Authority or council restrictions. The Bill amends the election advertising rules in the event of a change in election date, and provides a grace period for candidates and parties to remove election signage if the election date is changed.

The Bill also makes a number of minor and technical changes to ensure that the Act is fit for purpose.

Clause by clause analysis

Clause 1 is the Title clause.

Clause 2 is the commencement clause and provides that the Bill, except *clauses 6, 19, 20, and 38* and the *Schedule*, comes into force on the day after the date on which it receives the Royal assent. *Clauses 6 and 38* and the *Schedule* (which inserts a transitional provision in Schedule 1AA of the principal Act) come into force on 1 January 2023. This ensures that the current threshold and reporting period for a return of party

donations received from same donor in section 210C continue to apply until the close of 31 December 2022. *Clause 19*, which amends section 80 of the principal Act to extend overseas voter eligibility, comes into force on the later date of 31 March 2023. This is to allow time for the necessary administrative and technological changes to be made to give effect to the amendments. *Clause 20*, which reverses the amendments made to section 80 of the principal Act by *clause 19*, comes into force 1 month after the day appointed as the latest day for the Electoral Commission to return to the Clerk of the House of Representatives the writ for the 2023 general election. This is so that the amendments made by *clause 19* apply only in respect of the 2023 general election.

Clause 3 provides that this bill amends the Electoral Act 1993 (the **principal Act**).

Part 1

Amendments relating to donations and loans

Subpart 1—Amendments relating to donations

Clause 4 amends section 210 of the principal Act, which prescribes the details that must be recorded by a party secretary in an annual return of party donations. The amendments—

- lower the disclosure threshold from \$15,000 to \$5,000, so that a return must set out specified details in respect of donations and contributions received by or on behalf of the same donor or contributor during the year exceeding \$5,000 in sum or value:
- require returns to record the number and total amount of party donations received not exceeding \$1,500 that are not anonymous party donations:
- require disclosure of—
 - the total amount received in respect of each class of party donation specified in section 210(1) of the principal Act; and
 - the aggregate of those totals, with a breakdown of that aggregate showing the total amount of the monetary donations received and total amount of non-monetary donations received:
- provide that an auditor's report is only required to accompany a return if the auditor's report is required to be obtained under section 210A (as amended by *clause 5* below).

Clause 5 amends section 210A of the principal Act to provide that a party secretary is only required to obtain an auditor's report on an annual return of party donations if the return shows that the total amount of donations received for the year exceeds \$50,000 or, regardless of the total amount of donations received for the year, the party has entered into 1 or more loans during the year or has an unpaid balance exceeding \$15,000 on a loan entered into during any previous year.

Clause 6 amends section 210C of the principal Act, which requires a party secretary to file with the Electoral Commission a return in respect of every party donation that exceeds \$30,000, or when aggregated with all previous donations from the same donor in the last 12 months exceeds \$30,000. The amendments—

- reduce the threshold in this section from \$30,000 to \$20,000; and
- provide that a return under this section is only required to be made during a specified period.

The specified period depends on when a general election is held. If a general election is held in the calendar year in which the term of Parliament is due to expire, the specified period commences on the day after the date on which the Prime Minister gives public notice of the day that is to be polling day, or 1 January of that year, whichever date is the earlier. If a general election is held in any other year, the period commences on the day after the day on which public notice is given of the date of polling day. In both cases the specified period ends on the day before polling day.

Subpart 2—Amendments relating to loans

Clause 7 replaces section 211 of the principal Act, which is the application provision for Part 6B (Loans). *New section 211* extends the application of Part 6A to loans entered into by candidates to reflect *new sections 214BA, 214GA, 214GB, and 214GC* (inserted into the principal Act by *clauses 10 and 16* below).

Clause 8 amends section 212 of the principal Act, which defines terms used in Part 6B (Loans) of the principal Act. The definition of loan is replaced with a new definition that defines both loans with respect to parties and loans with respect to candidates. A loan to a candidate means an agreement or arrangement under which a lender lends, or agrees to lend, money for use in the candidate's campaign for election. It does not include any money lent at a commercial interest rate by a registered lender. A registered lender is defined as a lender who is registered as a financial service provider under the Financial Service Providers (Registration and Dispute Resolution) Act 2008. A definition of late period used in section 214G and *new section 214GC* (inserted into the principal Act by *clause 16* below) is also inserted.

Clause 9 amends the heading of section 214B of the principal Act to distinguish this section (which requires a party secretary to keep proper records of loans) from *new section 214BA* (inserted into the principal Act by *clause 10* below) that relates to records of candidate loans.

Clause 10 inserts *new section 214BA* into the principal Act to require candidates to keep proper records of all loans they enter into. Failure to do so without reasonable excuse is an offence that is punishable, on conviction, by a fine not exceeding \$40,000.

Clause 11 amends the heading of section 214C of the principal Act to distinguish this section (which requires a party secretary to file an annual return of loans) from *new section 214GA* (inserted into the principal Act by *clause 16* below) that relates to returns of candidate loans.

Clause 12 amends section 214D of the principal Act to—

- align the section heading with the requirement that an auditor’s report is required on an annual return of loans filed by a party secretary (so it is clear that an auditor’s report is not required on a return of loans filed by a candidate);
- provide that an auditor’s report is no longer required to be obtained in respect of a nil return of loans filed by a party secretary.

Clause 13 amends the heading of section 214E of the principal Act to distinguish this section (which requires a party secretary to file a nil return if they consider that there are no party loans to disclose under section 214C) from *new section 214GB* (inserted into the principal Act by *clause 16* below), relating to candidate nil returns.

Clause 14 amends section 214F of the principal Act (return of loan provided by same lender exceeding \$30,000) so that it is clear that this section only applies in respect of party loans.

Clause 15 repeals section 214G(5), which defines the term late period. The definition of this term is moved to section 212, which is the interpretation provision for Part 6B. This is done because the term late period is now also used in *new section 214GC* (inserted into the principal Act by *clause 16* below).

Clause 16 inserts *new sections 214GA to 214GC* into the principal Act.

New section 214GA requires a candidate to file with the Electoral Commission a return of loans. A return must be filed by a candidate at the same time as a return of election expenses (under section 205K) and a return of donations (under section 209) and set out the details of any loan entered into to raise funds for use in the candidate’s election campaign.

The return is required to be filed in the form required by the Electoral Commission.

New section 214GB requires a candidate to file a nil return if they consider there is no relevant information to disclose under *new section 214GA*.

New section 214GC creates offences for filing a return under *new section 214GA* late, failing to file a return under *new section 214GA*, or filing a return under *new section 214GA* that is false in any material particular.

Clause 17 amends section 214I of the principal Act to extend the application of this provision to candidates. A candidate must retain records, documents, and accounts that are reasonably necessary to enable returns of loans to be verified. It is an offence to contravene this requirement without reasonable excuse punishable, on conviction, to a fine not exceeding \$40,000.

Clause 18 amends section 214J of the principal Act to extend the application of this provision to returns of candidate loans. The Electoral Commission must publish returns of loans filed by candidates under *new section 214GA* and make them available for public inspection.

Part 2

Other amendments

Subpart 1—Amendments relating to disqualification from registration of persons outside New Zealand

Clause 19 amends section 80 of the principal Act, which lists the classes of persons who are disqualified for registration as electors. Two classes of persons who are disqualified from registration as electors (subject to certain exceptions) are—

- New Zealand citizens who are outside New Zealand and have not been in New Zealand within the last 3 years (section 80(1)(a) of the principal Act);
- permanent residents of New Zealand who are outside New Zealand and have not been in New Zealand within the last 12 months (section 80(1)(b) of the principal Act).

Clause 19 changes the above periods to 6 years and 4 years respectively. This means that a New Zealand citizen who has not returned to New Zealand during the last 6 years, or a permanent resident who has not returned to New Zealand during the last 4 years, is eligible to register as an elector and vote. However, these changes are of a temporary nature as they are reversed by *clause 20* after the 2023 general election.

Clause 20, which comes into force 1 month after the day appointed as the latest day for the Electoral Commission to return the writs for the 2023 general election, reinstates the 3 year and 12 month periods currently in section 80(1)(a) and (b) of the principal Act. This returns section 80 of the principal Act to its current settings after the 2023 general election.

Subpart 2—Amendments required to provide for possibility of change in polling day

Clause 21 amends the definition of regulated period in section 3 of the principal Act to include reference to *new section 3BA* (inserted into the principal Act by *clause 23* below).

Clause 22 amends section 3B of the principal Act, which defines the term regulated period. The amendments—

- recast section 3B so that it defines regulated period only in relation to a general election (*new section 3BA*, inserted into the principal Act by *clause 23* below, defines regulated period in relation to a by-election);
- insert *new subsection (4)*, which provides an alternative definition of regulated period that is to apply in the event that the date of polling day for a general election that has been announced is subsequently changed. In this event the regulated period in relation to a general election means the shorter of the following periods:
 - the period beginning the day after the date on which the new polling day is announced and ending on the day before the new polling day; or

- the period beginning 3 months before the new polling day and ending on the day before the new polling day.

Clause 23 inserts *new section 3BA* into the principal Act, which defines regulated period in relation to a by-election. The definition is carried over from existing section 3B(4) of the principal Act, but also provides an alternative definition that is to apply in the event that the date of polling day for a by-election that has been announced is subsequently changed. In this event, the regulated period in relation to a by-election means the shorter of the following periods:

- the period beginning the day after the date on which the new polling day is announced and ending on the day before the new polling day; or
- the period beginning 3 months before the new polling day and ending on the day before the new polling day.

Clause 24 amends section 221B of the principal Act, which provides that during the period beginning 9 weeks before polling day an advertisement of a specified kind may be displayed without having to comply with any prohibition or restriction imposed by another enactment, a by-law, or a local authority relating to when the advertisement may be displayed or its content or language. The amendment provides that if during the 9-week period the date of polling day changes, this period ends 7 days after the day on which the date of new polling day is announced and a new period commences for the purposes of the new polling day.

Subpart 3—Amendments relating to annual financial statements

Clause 25 amends section 67 of the principal Act to require the secretary of a registered party to notify the Electoral Commission whether the party is an incorporated society (and, if so, the party's balance date), whether the party's constitution requires the preparation of annual financial statements (and, if so, the party's balance date), and whether the party's financial statements are required to be audited by a qualified auditor. This amendment is necessary to enable the implementation of *new sections 210G and 210H* (inserted into the principal Act by *clause 27* below).

Clause 26 amends the heading to Part 6A, to include reference to annual financial statements. This is because *clause 27* inserts in Part 6A *new subpart 7*, which relates to annual financial statements.

Clause 27 inserts *new subpart 7* in Part 6A of the principal Act (Annual financial statements of parties), comprising *new sections 210G to 210J*.

New section 210G requires that each year the secretary of a registered political party provide the Electoral Commission with a copy of the party's annual financial statement. If the party is an incorporated society, the copy of the party's annual financial statement must be provided to the Electoral Commission when the party's annual financial statement is given to the Registrar of Incorporated Societies, but in any event not later than 6 months after the party's balance date. If the party is not an incorporated society but has a constitution requiring the preparation of annual financial statements, a copy of the party's annual financial statement must be provided to

the Electoral Commission within 6 months of the party's balance date. In any other case, the secretary of the party must provide to the Electoral Commission by 30 September each year a financial statement for the 12-month period ending on the previous 31 March that is prepared in accordance with generally accepted accounting practice and contains certain information.

New section 210H requires a party secretary to provide to the Electoral Commission with the party's annual financial statement a copy of any auditor's report that is required by an enactment or by the party's constitution to be obtained on the financial statement.

New section 210I provides that the Electoral Commission may publish a party's annual financial statement in any manner it considers appropriate.

New section 210J creates offences for failing to send to the Electoral Commission an annual financial statement or sending an annual financial statement late to the Electoral Commission.

Subpart 4—Miscellaneous amendments

Clause 28 amends section 63A of the principal Act to remove an outdated reference to payment by a bank cheque. The fee of \$500 required in respect of an application for registration of an eligible political party must be paid by direct credit to a bank account nominated by the Electoral Commission.

Clause 29 amends section 127A of the principal Act to remove an outdated reference to payment by a bank cheque. The deposit of \$1,000 required to be paid by a party secretary when submitting a list under section 127 of the principal Act (a list of candidates for election) must be paid by direct credit to a bank account nominated by the Electoral Commission.

Clause 30 amends section 128 of the principal Act to correct a cross-reference.

Clause 31 amends section 144 of the principal Act to remove outdated references to payment by a bank draft or bank cheque. The deposit of \$300 required to be paid by a constituency candidate must be paid in cash or by direct credit to a bank account nominated by the Electoral Commission.

Clause 32 amends section 146F of the principal Act to remove an outdated reference to payment by a bank cheque. The deposit of \$300 for each constituency candidate required to be paid by a party secretary when lodging a bulk nomination schedule under section 146D of the principal Act (bulk nomination of constituency candidates) must be paid by direct credit to a bank account nominated by the Electoral Commission.

Clause 33 amends section 146K of the principal Act to remove outdated references to payment by a bank draft or bank cheque. The deposit of \$300 that may be required to be paid by a party secretary when nominating another constituency candidate (in the event that a constituency candidate nominated in a bulk nomination schedule dies or becomes incapacitated before the close of nominations) must be paid in cash or by direct credit to a bank account nominated by the Electoral Commission.

Clause 34 amends section 165 of the principal Act to allow not only issuing officers to communicate with voters in a polling place but other electoral officials who assist voters.

Clause 35 repeals section 183(7) of the principal Act to remove an outdated reference to candidates being able to appoint scrutineers by facsimile transmission.

Clause 36 amends section 208A of the principal Act to remove outdated references to payment by a cheque or bank draft. To protect disclosure of their identity, a person may send a party donation in excess of \$1,500 to the Electoral Commission by paying the amount of the donation by direct credit to a bank account nominated by the Electoral Commission.

Clause 37 amends section 208F of the principal Act to remove an outdated example of processing a cheque.

Subpart 5—Related and consequential amendments

Clause 38 amends Schedule 1AA of the principal Act to insert a transitional provision in relation to the amendment to section 210C of the principal Act (return of party donation received from same donor exceeding \$30,000). Despite the amendments to section 210C (by *clause 6*), that section, as in force prior to 1 January 2023, continues to apply on and after that date in respect of donations received before the close of 31 December 2022.

Clause 39 amends the Electoral (Advertisements of a Specified Kind) Regulations 2005 as a consequence of the amendment made to section 221B (by *clause 24*). The amendment ensures that these regulations also apply in respect of the periods described in *new section 221B(1A)*.
