ROBERT ALISON, General Manager,  
The Greymouth-Point Elizabeth Railway and Coal  
Company (Limited).

H. COPPERSMITH, Workers' Union.

Witness—Thomas Franklin.

## (20.) DENNISTON COAL-MINERS.

THIS agreement, made in pursuance of "The Industrial Conciliation and Arbitration Act, 1894," this 21st day of October, 1898, between the Westport Coal Company (Limited) Industrial Union of Employers and the Denniston Coal-miners' Industrial Union of Workers. The said parties to this agreement agree that:—

1. Tonnage rates on all solid workings to be 2s. 4d. per ton; below 4 ft. to be a deficient place. If the company put in machines in any particular district of the mine to work the high coal then being worked by miners at tonnage rates, the existing rate, 2s. 4d. per ton, shall be paid in that district for any height of coal down to 5 ft.; below 5 ft. to be 2s. 6d. per ton. N.B.—"District" means part of a section of the mine. This does not apply to Big Dip section, for which special rates are paid.

2. Bords to be 18 ft. wide, but in case of bad roof the manager to have the power to reduce the width to not less than 16 ft.

3. Headings: Level and rise headings 6 ft. wide, 7s. per yard; 9 ft. wide, 6s. per yard; 12 ft. wide, 5s. per yard. Wet dip headings as per arrangement.
