5. (a) The following shall be holidays, except in battery and reduction works: From the 24th December to the 1st January (both days inclusive), Good Friday and Saturday following Good Friday, and Labour Day. If New Year's Day shall fall on a Sunday, then the following Monday shall be observed as a holiday also.

(b) The following days shall be holidays in battery and reduction works: Christmas Day, Boxing Day, 1st and 2nd January, Good Friday and Saturday following Good Friday. The employer shall also allow to each worker employed in the battery or reduction works eight days' holiday at some convenient time without thereby affecting employment of such worker. This provision shall apply to youths when employed in the battery or reduction works.

Overtime.

6. (a) Time and a quarter for the first two hours, and thereafter time and a half. This clause shall not apply to work done on Sundays and holidays, the payment for which is prescribed by section 266 of the Mining Act, 1926.

(b) Double time shall be paid for any work done on Sunday after a full shift has been worked.

(c) When a worker is required to change his hours of work he shall be notified of such intended change by his employer and if the employer fails to give such notice and the worker is sent home after arriving at the works he shall be allowed two hours' pay.

Hours of Work.

7. (a) As to workers, other than battery hands, the shift following Sunday, if a night shift is worked, will start at 1 a.m. on Monday. Saturday shifts shall be worked as follows: Night shift commences work at midnight on Friday and ceases work at 4 a.m. on Saturday; day shift commences work at 8 a.m. Saturday and ceases work at 12 noon; afternoon shift commences work at 12 noon and ceases work at 4 p.m. Saturday.

(b) As to battery hands for Saturday shift: Day shift to start at 8 a.m. and cease at 2 p.m.; afternoon shift to start at 2 p.m. and cease at 8 p.m.

(c) Except as mentioned in the last two preceding subclauses, the hours of work shall be eight hours, and in the case of underground workers such hours shall be counted as prescribed by section 265 of the Mining Act, 1926. The usual allowance shall be made for crib-time.

(d) Men working in wet levels and other wet places shall be paid shift wages for working six-hour shifts at the face, out of which twenty minutes shall be allowed for crib.

(e) Contractor workers in wet places, working six hours, shall be paid an allowance of one hour at shift rates.

(f) By agreement between the employer and the union, the foregoing provisions may be varied in respect of any mine or mines, so as to permit eleven shifts to be worked in a fortnight, each alternate Saturday being an off day, except for necessary repair work, which shall be paid for at rates fixed in accordance with the custom heretofore prevailing.

Matters not provided for: Disputes.

8. (a) Any dispute as to any matter not provided for in this agreement shall be settled by a written agreement between the employer and the union, and in the event of such an agreement not being made within seven days after either the employer or the union shall have given to the other party a notice of readiness to confer as to same, either the employer or the union may refer the matter to the Stipendiary Magistrate of the district who may settle and determine the same, and whose decision on the subject shall be final, subject to the rights of either party to appeal to the Court within fourteen days. Notice of such appeal shall be served on the opposite party by the party appealing within such fourteen days.

(b) Pending a settlement of any such dispute in the matter herein-before mentioned, work shall be continued under the then existing conditions.

(c) If any dispute shall arise as to what is a wet level or a wet place, or a place not ventilated, as prescribed by the Mining Act and the regulations thereunder, the same shall be settled by the mine-manager of the particular mine and the secretary of the union, and if they cannot agree, then by the Mining Inspector of the mining district, whose decision on the subject shall be final.

Under-rate Workers.

9. (a) Any worker who considers himself incapable of earning the minimum wage fixed by this agreement may be paid such lower wage as may from time to time be fixed, on the application of the worker after due notice to the union, by the local Inspector of Awards, or such other person as the Court may from time to time appoint for that purpose; and such Inspector or other person, in so fixing such wage, shall have regard to the worker's capability, his past earnings, and such other circumstances as such Inspector or other person shall think fit to consider after hearing such evidence and argument as the union and such worker shall offer.

(b) Such permit shall be for such period, not exceeding six months, as such Inspector or other person shall determine, and after the expiration of such period shall continue in force until fourteen days' notice shall have been given such worker by the secretary of the union, requiring him to have his wage again fixed in manner prescribed by this clause: Provided that in the case of any person whose wage is so fixed by reason of old age or permanent disability it may be fixed for such longer period as such Inspector or other person shall think fit.

(c) Notwithstanding the foregoing, it shall be competent for a worker to agree in writing with the president or secretary of the union upon such wage without having the same so fixed.

(d) It shall be the duty of the union to give notice to the Inspector of Awards of every agreement made with a worker pursuant hereto.

(e) It shall be the duty of an employer, before employing a worker at such lower wage, to examine the permit or agreement by which such wage is fixed.

Preference.

10. (a) If an employer shall hereafter engage any worker coming within the scope of this agreement who shall not be a member of the union, and who shall not become a member thereof on the first pay-day after his engagement and remain such member, the employer shall dismiss such worker from his service if requested to do so by the union, provided there is then a member of the union equally qualified

to perform the particular work required to be done, and ready and willing to undertake the same. The provisions of this subclause relating to the dismissal of workers shall apply with equal effect to any worker coming within the scope of this agreement engaged since the 20th day of September, 1926, but before the coming into force of this agreement, who is not a member of the union during the currency of this agreement.

(b) The provisions of this clause shall operate only if and so long as the rules of the union shall permit any worker coming within the scope of this agreement of good character and sober habits to become a member of the union, upon payment of an entrance fee not exceeding 5s., upon a written application without ballot or other election, and to continue a member upon payment of subsequent contributions not exceeding 6d. per week, and such fine as may be lawfully imposed on him for non-attendance without reasonable excuse at a specially called meeting of the union, of which written notice has been given to him or sent to him by post at his last address as notified by him to the union, or for misconduct at a meeting of the union, or for being more than three months in arrears, without reasonable excuse, in his contributions to the union: Provided that the maximum fine shall not exceed 2s. 6d. for non-attendance at meetings of the union or for being in arrear with his contributions and £1 for misconduct at a meeting of the union.

(c) No employer shall discriminate against members of the union, and no employer shall in the employment or dismissal of men, or in the conduct of the mine, do anything for the purpose of injuring the union, whether directly or indirectly.
