

NEW ZEALAND **RADIO ENGINEERING AND SERVICING INDUSTRIES—**
AMENDMENT OF APPRENTICESHIP ORDER

In the Court of Arbitration of New Zealand.—In the matter of the Apprentices Act 1948; and in the matter of the New Zealand Radio Engineering and Servicing Industries apprenticeship order, dated the 23rd day of December 1952, and recorded in 52 Book of Awards 2513.

WHEREAS by section 13 (2) of the Apprentices Act 1948, the Court is empowered to amend any apprenticeship order: And whereas application has been made to the Court by the New Zealand Radio Manufacturing and Servicing Apprenticeship Committee for amendment of the New Zealand Radio Engineering and Servicing Industries apprenticeship order, dated the 23rd day of December 1952, and recorded in 52 Book of Awards 2513: And whereas the Court has considered the recommendations made to it by the said Committee: Now, therefore, the Court, in pursuance and exercise of the powers vested in it by the said Act, doth hereby order as follows:

1. That the said apprenticeship order shall be amended by deleting the Schedule thereto and substituting the following:

SCHEDULE

“The operations and skills listed below are the minimum to be taught apprentices in each industry. The teaching of operations and skills not specified is not excluded.

1. *Radio Servicing*.—The following is a list of skills and operations which must be taught an apprentice in the radio servicing industry. The teaching of operations and skills not specified is not excluded:

- (1) Use and functions of radio components.
- (2) The testing, fault locating, repairing, adjusting, aligning and wiring of all types of radio receivers and associated apparatus.
- (3) Installing of radio receivers and earthing systems.
- (4) Workshop practice as follows: Use and care of tools and the more common instruments, applied theory, diagram reading.
- (5) Connection and replacement of flexible cords.
- (6) Earthing of appliances.
- (7) Replacement of fuse-links.
- (8) Assembly and repair of portable domestic appliances.

2. *Radio Engineering*.—The following are lists of skills and operations from which an employer shall select, as a minimum, those that he contracts to teach an apprentice in the radio engineering industry.

- (1) The employer must include in the list of skills and operations:
 - (a) Circuit diagram reading; the assembly and wiring together of radio components.
 - (b) Connection and replacement of flexible cords.
 - (c) The checking, fault locating, testing, aligning, and adjusting for the performance of radio equipment.
 - (d) Workshop practice relative to use and care of all visual and audio aids, and instruments and tools applicable to radio generally.
 - (e) The use of radio components.
 - (f) Earthing of appliances.
 - (g) Replacement of fuse-links.
 - (h) Assembly and repair of portable domestic appliances.
- (2) The employer may also select operations and skills from the following:
 - (a) The processing, winding, marking, checking, adjusting, and repairing of radio frequency inductors and intermediate frequency transformers in accordance with R.M.A. codes and practices.
 - (b) The preparation, winding assembly checking, testing, and repairing of power transformers.
 - (c) The tinning and soldering of litzendraht and other fine wires.
 - (d) The installation and connection of radio apparatus to sources of electrical energy.
 - (e) Workshop practice as applied in the metal work associated with radio apparatus."

2. That this order shall operate as from the day of the date hereof.
Dated this 3rd day of March 1954.

[L.S.]

A. TYNDALL, Judge.

**NEW ZEALAND RADIO ENGINEERING AND SERVICING INDUSTRIES
APPRENTICESHIP ORDER—EXAMINATIONS APPROVED BY NEW ZEALAND
APPRENTICESHIP COMMITTEE**

In the matter of the New Zealand Radio Engineering and Servicing Industries Apprenticeship Order dated 23 December 1952, and recorded in 52 Book of Awards 2513.

By a resolution dated 17 November 1954, the New Zealand Radio Manufacturing and Servicing Apprenticeship Committee approved for the purpose of clause 11 (c) (i) of the above-mentioned order the First Qualifying Examination in Radio of the New Zealand Trades Certification Board, and for the purpose of clause 11 (c) (ii) of the said order the Trade Certificate Examination of that Board and the Electricians' Registration Board's Examination for Electrical Servicemen (Radio Servicemen's Section).

H. C. McQUEEN,
Commissioner of Apprenticeship.
