

NEW ZEALAND CO-OPERATIVE DAIRY CO. LTD., HAMILTON, CHIEF ENGINEERS AND SHIFT ENGINEERS OF WAITOA, WAHAROA, MATANGI, KEREPEHI, AND TE AWAMUTU DAIRY FACTORIES AGREEMENT UNDER THE LABOUR DISPUTES INVESTIGATION ACT 1913

THIS industrial agreement made in pursuance of the Labour Disputes Investigation Act 1913, this 15th day of August, 1967, between the New Zealand Institute of Marine and Power Engineers (Inc.) Auckland Branch, (hereinafter referred to as "the institute") of the one part and the New Zealand Co-operative Dairy Company, Hamilton, (hereinafter referred to as "the employers") of the other part, whereby it is mutually agreed by and between the parties hereto as follows:

1. That the terms, conditions, stipulations, and provisions contained and set out in the Schedule hereto shall be binding upon the said parties and they shall be deemed to be and are hereby incorporated in and declared to form part of this agreement.

2. The said parties shall respectively do, observe, and perform every matter and thing by this agreement and by the said terms, conditions, stipulations, and provisions respectively required to be done, observed and performed and shall not do anything in contravention of this agreement, or of the said terms, conditions, stipulations and provisions and shall in all respects abide by and perform the same.

SCHEDULE

Branch of Work Covered

1. Chief engineers and shift engineers of the New Zealand Co-operative Dairy Company Factories, namely Te Awamutu, Matangi, Waitoa, Waharua and Kerepehi, shall be the branch of workers covered by this agreement.

Interpretation

2. (a) The chief engineer shall mean the engineer in charge of all machinery operated by shift engineers: He will also be responsible for all overhaul and repair work and erection of new machinery in the establishment in which he is employed.

(b) The senior engineer is a shift engineer who has been appointed by the employers as the person next in charge to the chief engineer.

(c) Shift engineer shall mean a worker who has served an apprenticeship of at least five years as a mechanical engineer in a workshop where engines are built or repaired or who holds the necessary certificate and qualifications required by the Boilers' Lifts', and Cranes' Act 1950 and who during his shift is required to be in charge of machinery.

Duties

3. The duties of a shift engineer shall be to operate the machinery during his shift and to effect such repairs as may be reasonably necessary for the safety of the machinery running. He may also be called upon to do overhaul and repair work and also erect new machinery in the establishment in which he is employed but not so as to interfere with watchkeeping duties.

In the event of a breakdown in the machinery which would interfere with the running of the works, the chief engineer may recall any shift engineer to work in order to effect repairs to meet the emergency.

Hours of Work

4. Forty hours shall constitute a week's work, and shall be arranged to suit the exigencies of the works by mutual arrangement between the chief engineer, shift engineers, and the employer.

Salaries

5. The rate of salary for workers coming within the scope of this agreement shall be:

				Per Annum
				\$
Chief engineers	3,353
Senior engineers	3,119
Shift engineers	3,061

Such sums being inclusive of payments under section 19 (4), 28 and 29 of the Factories Act, 1946.

Any worker covered by this agreement at present in receipt of a higher salary than provided for herein shall not have his salary reduced whilst in his present employment.

The daily rate of pay shall be computed by dividing the annual salary by 52 weekly amounts, and daily payments arrived at on the basis of five watches per week.

Overtime

6. (a) Except as otherwise provided all time worked in excess of eight hours per shift shall be paid for at the rate of time and half for the first three hours and thereafter double time. When a sixth shift is worked to suit the convenience of the employer, rate and a half shall be paid for the first eight hours and double time thereafter. When a sixth shift is worked to take the place of a man away sick, ordinary time shall be paid.

(b) *Sunday and Statutory Holidays:* All shifts worked on Sunday in excess of 26 Sunday shifts per annum shall be paid for at double time.

(c) Overtime worked in excess of eight hours per day on Sundays and statutory holidays shall be paid for at double time.

(d) For the purpose of calculation under subclauses (a) (b) and (c) hereof, the hourly rate shall be \$1.14 per hour except in the case of chief engineers when such rate shall be increased by 10 percent.

Termination of Employment

7. One month's notice of termination of employment shall be given by either side.

Holidays

8. (a) Every engineer covered by this agreement shall be entitled in each year to leave of absence on full pay for a continuous period of 21 days.

The holiday shall be deemed to be accruing through each year of service, so that if after six months' continuous service an engineer be discharged for any cause (other than misconduct) or leaves of his own accord, he shall be paid at ordinary rates for such proportion of his holidays as shall then have accrued.

Service Bonus

8. (b) On completion of five years continuous service, an engineer when going on annual leave, shall be paid a bonus payment of \$10.25, such bonus to be increased by \$2.05 per year for each subsequent year of service with a maximum payment of \$30.75. Service from and including 1 September, 1960, shall count for the purpose of this clause.

Accommodation

9. The employer shall provide suitable accommodation for the engineers, including all conveniences, and a room to enable them to partake of their meals in reasonable comfort; also suitable lockers in which clothes may be hung.

Clothing and Footwear Allowance

10. All chief engineers and shift engineers shall be supplied with two suits of overalls (white if procurable) once in each year, and also ample protective clothing when men are compelled to enter and work in freezing chambers. The laundering of overalls as referred to in this clause, to be the responsibility of the employer and laundered free of charge. Footwear allowance shall be paid to all engineers at the rate of \$10.00 per annum.

Settlement of Disputes

11. In the event of a dispute arising upon any matter, whether referred to in this agreement or not, affecting engineers covered by this agreement, the point in dispute shall be referred to three representatives of the employers and three representatives of the employees for settlement. Should these fail to agree, the matter shall then be referred to the arbitration of an umpire mutually agreed upon by the said representatives and the decision of the umpire shall be final.

Preference

12. Preference of employment shall at all times be given to members of the New Zealand Institutes of Marine and Power Engineers (Inc.).

Carrying Out of Agreement

13. This agreement shall be honourably carried out in its entirety by both parties notwithstanding any differences which may arise on matters not already provided for in this agreement.

Terms of Agreement

14. This agreement shall be deemed to have come into force on the 2nd day of July, 1967, and shall continue in force until the 1st day of July, 1969.
