APPENDIX:

Caltex Oil (N.Z.) Limited
BP Oil New Zealand Limited
Shell Oil New Zealand Limited

**1. THE NEW ZEALAND OIL COMPANIES BULK
COMPRESSED OR LIQUEFIED GAS
(DRIVERS) AGREEMENT**

This Agreement between New Zealand Oil Industry Industrial Union of Employers (hereinafter referred to as the "Employer") and the N.Z. Road Transport, Shop Employees and Northern Industrial District and Hawke's Bay, Canterbury and Westland Stores Workers Industrial Association of Workers (hereinafter referred to as the "Union") shall be deemed to apply throughout New Zealand where drivers employed by the employer are engaged:

In conveying along a public highway, compressed or liquefied gas in bulk, by means of road tank wagons or transportable tanks, and the handling, loading and discharge into and out of static storage tanks, road tank wagons, or transportable tanks.

For the purpose of this Agreement compressed or liquefied gases shall be defined as those gases shown on Schedule 1 of this Agreement.

2. INTENT OF AGREEMENT

The parties hereby agree that drivers required by the employer to engage in the activities defined in Clause 1 above, shall be trained in the correct techniques for the handling, loading and discharge of compressed or liquefied gases, that they are aware of the properties of these gases and are trained in appropriate emergency procedures.

In the preparation and upgrading of training programmes and in applying improved safety provisions, proposals from competent drivers shall be taken into account.

The companies shall, on receipt of a request, supply information of training programme outline changes to the Union.

3. DEFINITIONS

(a) Terms used in this Agreement, which have a meaning ascribed to them in the Dangerous Goods Act and Regulations pertaining thereto, shall assume the same meaning in this Agreement.

(b) Competent Driver shall be a driver who has had substantial experience as an oil company driver and who has been trained in accordance with the employers' training programme.

4. SCOPE OF AGREEMENT

(a) Only competent drivers trained in accordance with the provisions of Clause 2 herein shall be designated and instructed to engage in the work covered by this Agreement.

(b) While a driver is in receipt of a basic compressed or liquefied gas allowance as defined in Clause 5 (a) he shall hold himself available to carry out the work covered by this Agreement.

(c) A driver in receipt of the basic allowance shall agree that the work covered by this Agreement shall at the employer's request be accorded priority over any other work which constitutes part of the duties of the worker.

(d) Receipt of the basic allowance shall not be deemed to preclude the employer from requiring the driver to carry out other duties as are common to other drivers covered by the New Zealand Oil Companies' Drivers Award.

5. COMPRESSED OR LIQUEFIED GAS ALLOWANCE

(a) Basic Allowance — Where an employer is engaged in work covered by this Agreement and a driver has been trained and designated in accordance with the provisions of Clause 2 herein, the driver shall be paid a basic compressed liquefied gas allowance of \$11.17 per week.

(b) Handling Allowance — Where a driver is required to perform work covered by this Agreement for a week, or part thereof, he shall be paid a further allowance of \$11.73 for the week in which he was so engaged.

(c) The allowances defined herein shall count towards the calculation of overtime payments.

(d) The employer shall be entitled to make rateable deductions from the allowances provided for in Clause 5(a) and (b) herein for time lost by the driver through sickness, accident, or the driver's own default.

6. **HOSE ALLOWANCE**

The allowance provided under Clause 5(e) of the New Zealand Oil Companies' Drivers Award, being the daily hose allowance, shall have application to this Agreement.

7. **SAFETY COMMITTEES**

Recognising that a driver should not be required to perform a work practice which is unsafe the parties agree that LPG/CNG Safety Committees shall be established in each centre where oil companies drivers are engaged in the work coming within the terms of this Agreement.

Each Safety Committee shall comprise one competent LPG/CNG Driver and the Installation Superintendent and in locations where there is a safety officer he will be included as a member of the Committee.

In the event that a matter of safety cannot be resolved by the Committee, any member of that Committee shall have the right to require that the Company LPG or CNG Engineer is consulted and his decision in the matter is requested.

8. The list of gases on schedule 1 to this Agreement may be added to or deleted from by agreement between the parties.

9. The parent award to which this agreement relates is the New Zealand Oil Companies' Drivers Award.

10. **TERM OF AGREEMENT**

The provisions of Clause 5 of this Agreement shall be deemed to have come into effect on 1st January 1986 and all other matters from the date of the date hereof and shall remain in force until 31st December 1986.

DATED at WELLINGTON this 21st day of January 1986.
