SCHEDULE.

NELSON MARLBOROUGH CONSERVATION REGION.

All the milling-timber on that parcel of land, containing approximately 191 acres, situated in the Nelson Survey District, and Block No. 103, Maungatape Survey District. The quantity of milling-timber is estimated at 1,000,000 sup. ft. (more or less), the proportion of each kind being approximately rimu 64 per cent., beech 26 per cent., andmast 10 per cent.

Upset price, $1,064.

TERMS OF PAYMENT.

One-quarter of the purchase-money and a license fee of £1 is to be paid on the fall of the hammer, one-quarter in twelve months, one-quarter in two years, and the balance in three years. The instalment-payments shall bear interest at the rate of 5 per cent. per annum from the date of sale, and with interest added shall be secured by "On demand" promissory notes made and endorsed to the satisfaction of the Conservator of State Forests.

In addition, the purchaser will require to pay a ground rent of 1/4 per acre, payment to be made half-yearly in advance.

CONDITIONS OF SALE.

1. The right to cut and remove the timber will be sold generally in accordance with the provisions of the State Forests Act, 1899, the regulations made thereunder, and the following conditions, and such additional conditions as the Conservator in his discretion may deem necessary.

2. The quantity set forth in the above Schedule is furnished for the information of intending purchasers, who are expected, however, previous to sale, to make their own estimate. No contract for purchase shall be voidable, nor shall the licensee be entitled to any abatement in price, by reason of the said timber being of less quantity, quality, and kind than as stated therein, nor shall any extra sum be claimed by the Crown if the quantity of timber is found to be in excess of that stated herein.

3. The promissory notes shall be presented at the time indicated in the terms of payment, but they may be presented for payment earlier, if more than one proportion of the timber is found to be cut, or should any breach of the conditions occur, or if in the opinion of the Conservator the interest of the Crown is jeopardized.

4. The right is reserved by the Conservator of State Forests to withdraw from sale all the above timber before the date of sale.

5. The cutting must commence within twelve months from the date of the sale, and be continuous during the currency of the license.

6. All the timber, whether standing or felled or in logs, shall remain the property of the Crown until the purchase-money is paid in full.

7. The purchaser will be granted a license to cut the timber, the period of which will be five years. This period will not be extended. The license will not be transferable except with the consent of the Commissioner of State Forests.

8. Cutting operations must be carried on regularly and generally in a manner approved by the Conservator of State Forests. The purchaser shall have no right to the use of the land, and the Crown reserves the right to use the cut-over areas in any manner and for any purpose which it may deem necessary.

9. If the timber is unsold at auction, the right to cut it at the upset price will remain open for application until further notice.

10. The licensee shall not allow any sawdust, slabs, or other refuse to find its way into any watercourse of any description.

11. The settlement of any disputes shall be made by the Conservator of Forests, and there will be a right of appeal to the Commissioner of State Forests.

12. The timber will be sold generally in accordance with the area and boundaries as shown on the sale map.

Further particulars and copies of the Forest Regulations may be obtained at this office, and at the Head Office, State Forest Service, Wellington.
