H. G. R. MASON,
For the Minister of Internal Affairs.

(I.A. 103/5/17.)

Special Order made by the Inglewood County Council declaring that Sections 121 and 131, Counties Act, 1920, shall not apply to that Council.

Department of Internal Affairs,
Wellington, 24th March, 1939.

THE following special order made by the Inglewood County Council is published in accordance with the provisions of the Counties Amendment Act, 1931.

H. G. R. MASON,
For the Minister of Internal Affairs.

(I.A. 108/24/17.)

SPECIAL ORDER.

In pursuance of the provisions of the Counties Amendment Act, 1931, section 2, the Inglewood County Council doth by way of a special order resolve and declare that sections 121 and 131 of the Counties Act, 1920, shall not apply to the Council as from 1st April, 1939, thus abolishing riding accounts.

I hereby certify that the above special order has been duly made.

F. LAURENCE, County Chairman.
Dated at Inglewood, 22nd March, 1939.
Plant declared to be a Noxious Weed in the County of Hokianga.—(Notice No. Ap. 3647.)

Department of Agriculture, Wellington, 21st March, 1939.

BRITISH OFFICIAL WIRELESS MESSAGES TO MERCHANT SHIPS.

Former Notices are hereby cancelled.

This organization provides for the transmission of important messages to British merchantmen in any part of the world on occasions when such messages may be of vital importance to their safety and welfare.

From the details given below it will be seen that arrangements have been made for such messages to be transmitted at certain scheduled times by Rugby and other selected British W/T stations in various parts of the world.

Tests of the organization, lasting for one week, are held at irregular intervals. British merchant ships are earnestly requested to listen for the messages broadcast during these tests and forward particulars of those received. These reports, together with copies of messages received, should be rendered by operators to the Masters of their ships, and transmitted by the latter to the shipowners, who will forward them to the Board of Trade, London. Reports from ships registered in Canada should be forwarded to the Canadian Department of Marine. Reports from ships in Area II, proceeding to New Zealand ports at the time of the broadcast, should be forwarded to the Navy Office and Marine Department, Wellington. Reports from ships registered in Australia should be forwarded to the Secretary, Naval Board, Navy Office, Melbourne. It is particularly desired that ships listening for, but failing to receive, the test messages, either wholly or in part, should render returns, giving their position, areas, &c., and, if possible, any reasons for non-reception. Ships unable to listen for test messages should render blank returns, giving their positions, areas, &c., together with reasons for their inability to listen.

Ships which miss messages, in part or whole, transmitted by shore stations and subsequently obtain repetitions from other ships should indicate the fact in the remarks column of the return, stating the transmitting ship and time of receipt. Ships which transmit repetitions should also indicate the fact in their returns.

The attainment of an organization of maximum efficiency is largely dependent upon the information obtained from these reports, and the co-operation of individual ships of the British Merchant Navy will, therefore, be of the utmost assistance.

The arrangements made for broadcasting messages by W/T on these occasions are as follows:

2. The world has been divided into certain areas (vide chart appended) and collective call signs have been introduced for (i) all British merchant ships, and (ii) British merchant ships in a particular area. These call signs are as shown in the following table:

(c) From certain medium and high power W/T stations abroad—

Between 150 kc/s (3,000 metres) and 90-9 kc/s (3,300 metres), and in certain cases on higher frequencies—at the times shown in column 6 of the Schedule.

(d) From certain W/T stations—

500 kc/s (600 metres)—at any time.

4. A list of the stations included in the organization showing the areas for which they will transmit and the waves on which messages will be broadcast is shown in the Schedule. As far as possible the times 0400 and 1600 G.M.T. have been fixed for transmissions from stations under paragraph 3 (c) above, since, in all areas of the world, one or other of these times will fall within a period when ships with one operator are keeping watch. Times at which messages will be broadcast from 500 kc/s (600 metres) stations are not included in the Schedule, since merchant ships keep normal watch on this wave, and messages may, therefore, be broadcast from these stations at any time. If messages are broadcast by stations shown in paragraphs 3 (c) and (d) above outside the single operator periods of their areas, steps will be taken to ensure that these messages are received by ships only keeping watch during single operator periods. Such messages, therefore, in the case of the medium and high power stations which have two or more broadcast periods a day will be retransmitted at the next routine broadcast. In the case of the 500 kc/s stations such messages will be retransmitted at the commencement of the next following single operator period for their area or areas concerned. This organization results in four special 500 kc/s periods a day being available in any area, when broadcast messages may be received, in addition to such messages being made on receipt by the stations concerned.

5. Messages containing information affecting British merchant ships will be broadcast—

(a) By Admiralty to all British merchant ships in all areas;
(b) By Admiralty to British merchant ships in any particular area or areas;
(c) By Naval Authorities abroad to British merchant ships in the areas for which they are responsible.

Messages under (a) will be broadcast from Rugby, Oxford, and Falklands with the call sign GBMS, and will also be broadcast with the same call sign by the W/T stations concerned shown in column 3 of the Schedule. (Messages under (a), during “test” periods, will be broadcast from Rugby, Oxford, and Falklands only.)

Messages under (b) will be broadcast from Rugby, Oxford, and, if necessary, from Falklands, with the call sign or call signs for merchant ships in the particular area or areas concerned. They will also be broadcast by the W/T stations of the area or areas concerned, using the appropriate call sign.

Messages under (c) will be broadcast by the W/T stations shown in column 3 of the Schedule, using the call sign for merchant ships in that area (vide paragraph 2 above). Such messages may also be broadcast from Rugby, Oxford, and/or Falklands with the same call sign.

* For the 0000 G.M.T. transmission Oxford (GJL), on 6,985 kc/s (42/95 m), will replace (GIM) during the months of November, December, and January.
6. The W/T stations broadcasting messages will use their own call signs and will indicate the name of the Naval Authority originating the message at the beginning of the text. For example, a message broadcast by Aden W/T station from Commander-in-Chief, East Indies, for merchant ships in Area 3 B: CT GBS 3 GBS 3 GBS 3 DE GZQ GZQ GZQ BT from Commander-in-Chief, East Indies, BT. During the period 1 March to 30th April, 1926, H.M. ships engaged in the prevention of smuggling arms will be operating without lights in the Persian Gulf BT 1030 (*) BT Repetition BT from Commander-in-Chief, &c., &c., BT 1030 (*) AR VX.

Note.—(*) This is G.M.T. at which the message was ordered to be sent. It may be followed by the date, thus — "1650 NR 15 NR 2."

The procedure outlined in this organization is not intended to interfere with or replace existing arrangements for broadcasting to merchant ships messages concerning navigational dangers, weather reports, or gale warnings. Where routine arrangements exist for broadcasting such messages, those arrangements will continue in force.

8. Normally, the organization promulgated herein is not in operation, but, to test its efficiency, it is introduced at irregular intervals for trial purposes for one week.

DURING THESE PERIODS, "TEST" MESSAGES WILL BE ISSUED BY THE ADMIRALTY TO ALL BRITISH MERCHANT SHIPS, AND BY THE NAVAL AUTHORITIES RESPONSIBLE FOR THE RESPECTIVE AREAS SHOWN IN THE SCHEDULE TO BRITISH MERCHANT SHIPS IN THOSE AREAS. RUGBY AND OXFORD WILL NOT, HOWEVER, BROADCAST ON SUNDAYS, WHILE FALKLANDS WILL DO SO ONLY ON 125 KC/S (2,400 METRES).

Further, these "test" messages will not be broadcast by the 500 KC/S (600 METRES) STATIONS SHOWN IN THE SCHEDULE, BUT, INSTEAD, BRIEF "WARNING" MESSAGES WILL BE BROADCAST DAILY FROM ALL THESE STATIONS (EXCEPT IN AREA 1, WHERE ONLY FOUR STATIONS WILL BROADCAST—VIZ., MALIN HEAD, LAND'S END, NORTH FORELAND, AND CULLERCOATS), STATING THAT THE TEST PERIOD IS IN FORCE. THESE BROADCASTS WILL TAKE PLACE TWICE DURING THE SINGLE-OPERATOR PERIODS, AND WILL BE IN THE FORM "GBMS IN FORCE FOR TEST UNTIL .........."

The warning message may also be transmitted from Rugby and Oxford at the commencement of the tests, during the transmission of the traffic lists at 0048 and 1248. No prior notice will be given of the dates of the "test" periods which will commence with the promulgation of the first "test" message.

9. The organization may be brought into force at any time, should occasion arise to transmit messages of special importance to British merchant ships.

The messages from the Admiralty to all areas at a time of national emergency will be issued in alphabetical sequence, thus:—"Admiralty Message A"", "Admiralty Message B", &c. This is to enable merchant ships to check that they have not missed any messages in the series.

Any messages which have been missed should on no account be asked for by W/T. They should be obtained by V/S from H.M. Ships or other British merchant vessels or by personal application to the British Representative or Consular authorities at the next port of call.

10. If and when such occasion arises to bring the organization into force, either generally or in any particular area, messages notifying its introduction, together with necessary operational details, will be issued by the Admiralty and/or by the Naval Authority responsible for the area or areas concerned. When such messages are necessary, they will be broadcast not only by Rugby and Oxford and the other stations shown in the Schedule, but also where stations included in the organization transmit navigational warnings, weather reports, &c., at routine periods, messages notifying its introduction will be broadcast during those periods. Such messages will bear the address "All British merchant ships" or "British merchant ships in . . . . . . . . area," in full; the use of the call signs mentioned in paragraph 2 above will commence when the organization is brought into force.

SCHEDULE.

Note.—The transmission from Rugby on 10 kc/s (18,750 metres) at 2000 G.M.T. is intended primarily for ships in Area 5, and that on 8,640 kc/s (34-72 metres) at 2000 G.M.T. for ships in Areas 3, 4, 5, and 6.

Authority.—Admiralty Notice No. 3, of 1939.

Area 11.—Note.

Marine Department, Wellington, N.Z.

1. Stations not working on 500 kc/s (600 metres) will broadcast the full "test" message at times and on frequencies laid down in the above Schedule for Area 11.

2. Brief "warning" messages from the 500 kc/s (600 metres) stations will be transmitted at any time and repeated twice every 24 hours during the test period at times when ships with only one W/T operator are keeping watch.

3. Messages for ships in all areas, or any particular area, may also be broadcast from Rugby and Oxford at 0000, 1200, and 2000 G.M.T. and from Falklands at 0410 and 1610 G.M.T., on frequencies shown in paragraph 3. (M. 10/145.)

BRITISH OFFICIAL WIRELESS MESSAGES TO MERCHANT SHIPS

Diagram of Areas

N. to M. No. 3 of 1939

Notice to Mariners No. 17 of 1939.

Marine Department,

Reprint of Admiralty Notice No. 1 of 1939.

Caution when approaching British Ports.

PART I.—CLOSING OF PORTS.

Former Notice: No. 1 of 1938; hereby cancelled.

(1) My Lords Commissioners of the Admiralty, having taken into consideration the fact that it may be necessary to forbid all entrance to certain ports of the Empire, this is to give notice that on approaching the shores of the British Isles, or any of the ports or localities of the British Empire, a sharp look-out should be kept for the signals described in the following paragraph, and for the vessels mentioned in paragraph (5), Part II, of this notice, and the distinguishing and other signals made by them. In the event of such signals being displayed, the port or locality should be approached with great caution, as it may be apprehended that obstructions may exist.

(2) If entrance to a port is prohibited, three red lights vertically disposed by night, or three red balls vertically disposed by day, will be exhibited in some conspicuous position, in or near to its approach, which signals will also be shown by the vessels indicated in paragraph (5), Part II, of this notice.

If these signals are displayed, vessels must approach the port with the greatest caution and implicitly obey all orders or signals given them by the examination vessel or signal station.

(3) At some ports or localities at home or abroad, searchlights are occasionally exhibited for exercise.

Instructions have been given to avoid directing movable searchlights during practice on to vessels under way, but mariners are warned that great care should be taken to keep a sharp look-out for the signals indicated in paragraph (2) above, when searchlights are observed to be working.

PART II.—EXAMINATION SERVICE.

(4) In certain circumstances it is also necessary to take special measures to examine vessels desiring to enter ports or localities at home or abroad.

(5) In such case, vessels carrying the distinguishing flags or lights mentioned in paragraph (7) will be charged with the duty of examining ships which desire to enter the port and of allotting positions in which they shall anchor. If Government vessels, or vessels belonging to the local port authority, are found patrolling in the offing, merchant vessels are advised to communicate with such vessels with a view to obtaining information as to the course on which they should approach the port. Such communication will not be necessary in cases where the pilot on board has already received this information from the local authorities.

(6) As the institution of the examination service will probably be unknown to vessels desiring to enter the port, especial care should be taken in approaching the ports, by day or night, to keep a sharp look-out for the flags or lights mentioned in paragraph (7), and to be ready to "bring to" at once when hailed by her or warned by the firing of a gun or sound rocket.

In approaching by night any port in the British Empire, serious delay and risk will be avoided if four efficient all round lanterns, two red and two white, are kept available for use.

(7) By day the distinguishing flag of the examination steamer will be a special flag (white and red horizontal surrounded by a blue border).

Also, three red balls vertically disposed if entrance is prohibited.
Usually the examination steamers will fly the blue ensign, but in certain circumstances they may fly the white ensign.

By night the steamer will carry:

(a) Three red lights vertically disposed if entrance is prohibited.
(b) Three white lights vertically disposed if entrance is permitted.

The above lights will be carried in addition to the ordinary navigation lights, and will show an unbroken light around the horizon.

(8) Merchant vessels approaching a British port at which the examination service is in force, must hoist their signal letters on arriving within visual signal distance of the port, and are not to wait for the signal "What is the name of your vessel?" to be made from the examination steamer.

(9) Masters are warned that, before attempting to enter any port when the examination service is in force, they must in their own interests strictly obey all instructions given to them by the examination steamer.

Whilst at anchor in the examination anchorage, masters are warned that it is forbidden, except for the purpose of avoiding accident, to do any of the following things, without permission from the examining officer:—

To lower any boat.
To communicate with the shore or with other ships.
To move the ship.
To work cables.
To allow any person or thing to leave the ship.

(10) In case of fog, masters are enjoined to use the utmost care, and the port should be approached with caution.

(11) When the examination service is in force merchant vessels when approaching ports are especially cautioned against making use of private signals of any description, either by day or night; the use of them will render a vessel liable to be fired on.

(12) The pilots attached to the ports will be acquainted with the regulations to be followed.

PART III.—MINE-SWEEPING OPERATIONS.

H.M. vessels engaged in mine-sweeping operations or exercises are hampered to a considerable extent in their manoeuvring powers.

With a view to indicating the nature of the work on which they are engaged, these vessels will show the signals hereinafter mentioned. For the public safety all other vessels, whether steamers or sailing craft, should endeavour to keep out of the way of vessels flying these signals and not approach them inside the distances mentioned herein, specially remembering that it is dangerous to pass between the vessels of a pair or group sweeping together.

1. Signals Shown by Day.

(a) By vessels working singly:—

A black ball at the foremost head, and a similar ball at each yard-arm, or where it can best be seen.
Vessels showing this signal should not be approached nearer than 900 yards.

(b) By vessels working in pairs or groups:—

A black ball at the foremost head, and a similar ball at the yard-arm, or where it can best be seen, on that side on which it is dangerous to pass.
Vessels should not pass within a distance of 400 yards astern of a pair or group of sweepers, or when more than one pair or group are working in company within a distance of 400 yards astern of the rear pair or group. They should on no account attempt to pass between pairs or groups working in company.

2. Signals Shown by Night.

As for day, except that all round green lights will be used in a similar manner to and in place of the black balls.

Note.

Law Practitioners Amendment Act, 1935.

NOTICE is hereby given that on the 13th day of March, 1939, there was filed in the office of the Supreme Court at Wellington an order made on the 9th day of March, 1939, by the Disciplinary Committee of the New Zealand Law Society ordering the name of ROBERT DUNCAN HERM SWINDELEY to be removed at his own request from the roll of solicitors of the Supreme Court of New Zealand as from the 25th March, 1939, to enable him to apply for admission as a barrister in England.

DATED at Wellington, this 28th day of March, 1939.
W. W. SAMSON, Registrar, Supreme Court of New Zealand, at Wellington.
Auckland District Lands and Survey Office, Auckland, 29th March, 1939.

NOTICE is hereby given that the undermentioned sections are open for selection under the Land Act, 1924; and applications will be received at the Auckland District Lands and Survey Office, Auckland, up to 11 o'clock a.m. on Monday, 26th April, 1939.

The land described in the First Schedule may, at the option of the applicants, be purchased for cash or on deferred payments, or be selected on renewable lease. The land described in the Second Schedule may be selected on renewable lease only.

Applicants should apply personally for examination at the Auckland District Lands and Survey Office, Auckland, on Wednesday, 29th April, 1939, at 10.30 o'clock a.m., but if any applicant is unable to attend he may be examined by any other Land Board or by any Commissioner of Crown Lands.

Applicants are required to produce for inspection when examined documentary evidence of their financial position, such as bank pass-books, certificates or letters of credit from managers of banks, financial institutions, or mercantile firms, or from private persons or parents undertaking to give financial assistance. Persons undertaking to assist financially should state to what extent they are prepared to do so and supply guarantees of their own financial position.

The ballot will be held immediately upon conclusion of the examination of applicants, and the successful applicant required to pay immediately at conclusion of ballot a deposit comprising the first half-year's rent, broken-period rent, lease and mortgage fees, deposit in reduction of improvement loading, and proportionate part of insurance premium on buildings.

**FIRST SCHEDULE.**

**AUCKLAND LAND DISTRICT.—THIRD-CLASS LAND.**

Kaikōura County—Kaikōura North Survey District.

**SECTION 3, Block XVI:** Area, 288 acres. Capital value, £135. Deposit on deferred payments, £5. Half-yearly installment on deferred payments, £4 4s. 6d. Renewable lease: Half-yearly £2 14s.

Weighted with £200 for improvements, comprising dwelling, approximately 229 chains fencing, 15 acres cultivation, 50 acres surface sown and 8 acres stumping. This sum is payable in cash, or after payment of a deposit of £30 the balance £270 may be secured on mortgage to the State Advances Corporation of New Zealand payable over a period of twenty years by means of quarterly instalments of principal and interest combined at the rate ruling as at date of selection subject to a rebate of half per cent. for payment of the instalments on or before fourteen days after the due dates thereof.

The successful applicant will require to meet the costs of preparation and registration of the mortgage amounting to £3 1s. This is a run-off section situated on Kihl Road, four miles and a half from Haueturu Post-office, three miles and a half from Haueturu School, seven miles from Oparau Salyards, and forty-five miles from Te Awamutu Railway-station. A deposit of £10 attaching on Te Awamutu by metalled road. The property comprises approximately 40 acres undulating country, balance being hilly and steep with about 100 acres waste. Soil is light loam on sandstone formation; watered by springs and streams. At present approximately 15 acres is in good pasture, 50 acres worm-out pasture, 8 acres felled and stumped, balance having reverted to fern and second growth. Ragwort is bad and requires immediate attention.

Note.—This section is not suitable as a separate holding but would be useful as a run-off to an established nearby farmer.

(H.O. 34/167; D.O., M.L. 3997.)

**Pastoral Run in Nelson Land District for License by Ballot.**

**District Lands and Survey Office,** Nelson, 26th March, 1939.

NOTICE is hereby given that the undermentioned pastoral run is open for license in terms of Part VI of the Land Act, 1924; and applications will be received at the District Lands and Survey Office, Nelson, up to noon on Tuesday, 9th May, 1939.

Applicants are required to apply personally before the Land Board for examination at the District Lands and Survey Office, Nelson, on Thursday, 11th May, 1939, at 10 o'clock a.m., but if any applicant is unable to attend he may be examined by any other Land Board or by any Commissioner of Crown Lands.

Applicants are required to produce for inspection when examined documentary evidence of their financial position, such as bank pass-books, certificates or letters of credit from managers of banks, financial institutions, or mercantile firms, or from private persons or parents undertaking to give financial assistance. Persons undertaking to assist financially should state to what extent they are prepared to do so and supply guarantees of their own financial position.

The ballot will be held immediately upon conclusion of the examination of applicants, and the successful applicant is required to pay immediately at conclusion of ballot a deposit comprising the first half-year's rent, broken-period rent, license fee, and amount of weighting for improvements.

**SCHEDULE.**

**NELSON LAND DISTRICT.—PASTORAL RUN.**

(Exempt from payment of half the annual rental for five years.*)

Amuri County—Motupick, Rototui, Rainbow, Waian, and Arnam Survey Districts.

**PASTORAL Run No. **60 (Rainbow): Area, 75,200 acres, more or less. Annual rental, £110.

Weighted with £200 (payable in cash) for improvements, consisting of dwelling, stable, and fencing.

* Rent exemption is conditional on the licence effecting improvements on the property to the satisfaction of the Land Board, such improvements to be of a value of not less than the amount of the remission involved, and in addition to the improvements required to be effected, to comply with the conditions of the licence, vide clause 6 " Improvements " below.

The run is situated in the Waiau and Rainbow Valleys about four miles from Tophouse. Access is by the main highway for four miles, then by two miles of unformed dray road. Altitude varies from 1,900 ft. to 7,000 ft. above sea-level. The area comprises rough run country, fairly open excepting in the Hegley Valley, which is in bush, there being fair grazing in the valleys, the country running to steep rocky faces on to mountain-tops. The boundaries follow natural features excepting at a point on the southern boundary, where there is a cattle-stop in the Waiau River. The homestead is in the centre of the run, which is suitable for grazing cattle and dry sheep.

Abstract of Conditions of Pastoral License.

1. License shall be for twenty-one years of age.

2. Term of license: Twenty-one years from 1st March, 1940, with contingent right of renewal over the whole run, or if it is subdivided over one subdivision.

3. No person may hold more than one run, except with the approval of the Minister of Lands given on the recommendation of the Land Board. If a husband holds a run, his wife is deemed to be a runholder, and vice versa.

—THE NEW ZEALAND GAZETTE. [No. 20. 780
4. One half-year's rent, broken-period rent, license fee (£1 ls.), weighing for improvements, and statutory declaration shall be deposited by the successful applicant immediately an application is declared successful. Rent commences from date of license; broken-period rent will be payable from date of selection to 1st March, 1940.

5. Rent is payable half-yearly in advance on 1st March and 1st September in each year. If not paid within thirty days of due date a penalty of 10 per cent. is added.

6. Improvements.—The license is required to effect and maintain improvements of a permanent character as follows:
   (a) Within one year from the date of his license, to a value equal to one year's rent payable under the license;
   (b) Within two years from the date of his license, to a value equal to two years' rent payable under the license;
   (c) Within six years from the date of his license, to a value equal to four years' rent payable under the license.

7. Licensee shall prevent the destruction or burning of timber and the growth and spread of gorse, broom, sweetbrier, or other noxious weeds or plants, and shall keep down rabbits.

8. No tussock or snow-grass shall be burned save with the prior consent in writing of the Board, which may be given subject to such conditions, restrictions, and directions as the Board thinks fit.

9. Licensee shall have no right to any minerals; where any mineral is discovered the Governor-General may cancel the license over such land as is required for the proper working of the mine or for access thereto.

10. Licensee shall have no right to the timber or flax on the land comprised in the license, and full rights of ingress, egress, and regress are reserved to the Crown for the purpose of cutting and removing such timber and flax.

11. With the permission of the Land Board the licensee may:
   (a) Cultivate a portion of the run and grow winter feed thereon;
   (b) Plough and sow in grass any area not exceeding 3,000 acres;
   (c) Clear of bush or scrub any portion of the run and sow same in grass;
   (d) Surface-sow in grass any portion of the run.

12. Roads may be taken without payment of compensation.

13. License is liable to forfeiture if conditions are violated.

For any further information required apply to the undersigned.
