

## 5. SYSTEM OF SUPPLY.

The system of supply shall be as described in paragraph (a) of clause 21-01 of the Electrical Supply Regulations, 1935. The generating voltage and the transmission voltage shall be approximately 400 volts alternating current.

## 6. DURATION OF LICENSE.

Unless sooner determined, this license shall continue in force until the 31st day of March, 1959, or until electrical energy is available from an Electric-power Board, or other public source of supply, whichever is the earlier.

## 7. RENTAL.

For the purpose of assessing the annual rental payable in respect of this license, the licensee may install a suitable maximum-demand indicator to the satisfaction of the Inspecting Engineer of the Public Works Department, and failing such installation, the rental shall be assessed on the maximum generating capacity of the plant installed. The present plant is rated at 12 kilowatts.

C. A. JEFFERY,  
Clerk of the Executive Council.

(P.W. 26/2930.)

*Amending and Extending a License authorizing the Wairere Electric-power Board to use Water for the Purposes of generating Electricity.*

GALWAY, Governor-General.

## ORDER IN COUNCIL.

At the Government Buildings at Wellington, this 9th day of June, 1939.

Present:

THE RIGHT HON. M. J. SAVAGE PRESIDING IN COUNCIL.

IN pursuance and exercise of the powers conferred by the Public Works Act, 1928, and section seventy-six of the Electric-power Boards Act, 1925, and all other powers in anywise enabling him in this behalf, His Excellency the Governor-General of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, doth, subject to the conditions set forth in the Second Schedule hereto, hereby amend as set forth in the First Schedule hereto the Order in Council (hereinafter referred to as "the license") dated the sixth day of October, one thousand nine hundred and twenty-four, and published in *New Zealand Gazette* No. 64 of the ninth day of the same month, authorizing the Wairere Electric-power Board (hereinafter referred to as "the licensee") to use water from the Mokau River for the purpose of generating electricity and to use electric lines within the Wairere Electric-power District and Outer Area of such District; and further, for the purposes of section seventy-six of the Electric-power Boards Act, 1925, doth hereby authorize the licensee to construct and maintain the additional works described in the said Second Schedule.

## FIRST SCHEDULE.

1. The operative part of the license is amended by deleting therefrom wheresoever they appear the words "one hundred cubic feet per second" and substituting therefor the words "one hundred and fifty cubic feet per second."

2. Clause 5 of the license is revoked and the following clause substituted:—

## "5. RENTAL.

"The licensee shall in respect of this license pay to the Public Works Engineer for the district, or otherwise as the Minister may from time to time require, a rental; (a) at the rate of 1s. per annum per kilowatt of maximum output in respect of the first 470 k.w. generated, as recorded by the watt-hour-meter to be installed by the licensee in the power-house; payment to be yearly on the 31st day of March in each year. For the purpose of this clause maximum output means twice the number of units generated and recorded in the half-hour during which the output is the maximum for the year. Watt-hour-meter readings shall be recorded half-hourly throughout each day. The minimum rental under the provisions of this paragraph shall be not less than £10 per annum and (b) the annual rental payable in respect of output beyond the first 470 k.w. generated shall be based on the additional generating costs incurred in such additional generation and shall be computed at the rate of £1 per kilowatt of maximum demand in accordance with the provisions of the Water-power Regulations, 1934. For this purpose the licensee may install a maximum-demand indicator to the satisfaction

of the Inspecting Engineer of the Public Works Department, and failing such installation the rental shall be assessed on the maximum generating capacity of the plant installed. Rental under this paragraph shall be assessed and payable as from the date the additional plant first came into operation."

## SECOND SCHEDULE.

## 1. ADDITIONAL WORKS AUTHORIZED.

The additional works hereby authorized are those indicated on the plan marked P.W.D. 99142, deposited in the office of the Minister of Public Works at Wellington, such works involving alterations to the headworks and tail-race already authorized, to permit of the use of an additional 50 cubic feet of water per second and the installation of a standby turbine and alternator.

## 2. ADDITIONAL WORKS TO BE SUBJECT TO REGULATIONS.

## (a) Implied Conditions.

The conditions directed to be implied in all licenses by the Water-power Regulations, 1934, the Electrical Supply Regulations, 1935, and the Electrical Wiring Regulations, 1935, shall in so far as the additional works hereby authorized are concerned, be incorporated in and shall form part of this license except in so far as the same may be inconsistent with the provisions hereof.

## (b) Regulations.

The authority hereby conferred is issued under the Water-power Regulations, 1934, the Electrical Supply Regulations, 1935, and the Electrical Wiring Regulations, 1935, and is subject thereto, and to any regulations made or to be made in amplification or amendment thereof or in substitution therefor.

## 3. PURCHASE OF STATE ELECTRICAL ENERGY.

In the event of the licensee contracting for a supply of electrical energy from the Government electric-power supply system, the additional works hereby authorized shall not be regarded as having increased the installed generating capacity beyond the total of 470 kilowatts authorized by the license hereinbefore referred to.

C. A. JEFFERY,  
Clerk of the Executive Council.

(P.W. 26/1176/L.)

*Licensing James Leask to use and occupy a Part of the Foreshore of Half-moon Bay, Stewart Island, as a Site for a Shed.*

GALWAY, Governor-General.

## ORDER IN COUNCIL.

At the Government Buildings at Wellington, this 2nd day of June, 1939.

Present:

HON. P. FRASER PRESIDING IN COUNCIL.

PURSUANT to the Harbours Act, 1923, His Excellency the Governor-General, acting by and with the advice and consent of the Executive Council, doth hereby license and permit James Leask, of Half-moon Bay, Stewart Island (hereinafter called "the licensee," which term shall include his executors, administrators, and assigns unless the context requires a different construction), to use and occupy all those parts of the foreshore and land below low-water mark of Half-moon Bay, Stewart Island, as shown on plan marked M.D. 2127, approved on the nineteenth day of May, one thousand nine hundred and eleven, and deposited in the office of the Marine Department at Wellington, for the purpose of the erection of a shed, as shown on the said plan, such license to be held and enjoyed by the licensee upon and subject to the terms and conditions set forth in the Schedule hereto.

## SCHEDULE.

## 1. In these conditions the terms—

"Foreshore" means such parts of the bed, shore, or banks of a tidal water as are covered and uncovered by the flow and ebb of the tide at ordinary spring tides:

"Low-water mark" means low-water mark at ordinary spring tides:

"Minister" means the Minister of Marine as defined by the Shipping and Seamen Act, 1908, and includes any officer, person, or authority acting by or under the direction of such Minister.
