J. Guise., and Company, of Auckland, having on the 3rd day of July, 1940, admitted in writing that they had prior to that date committed offences against the Customs Acts the Minister of Customs has accepted from the said firm in full satisfaction of the penalties thereby incurred the sum of two hundred and fifty pounds (£250).

Marine Department, Wellington, N.Z., 13th August, 1940.

CAUTION WHEN APPROACHING BRITISH PORTS.

PART III.—MINE-SWEEPING OPERATIONS.

Amendment:—
H.M. Vessels engaged in mine-sweeping operations or exercises are hampered to a considerable extent in their manoeuvring powers.

Vessels must keep clear of mine-sweepers.

With a view to indicating the nature of the work on which they are engaged, these vessels will show the signals hereinafter mentioned. For the public safety all other vessels, whether steamers or sailing craft, should endeavour to keep out of the way of vessels flying these signals and not approach them inside the distances mentioned herein, specially remembering that it is dangerous to pass between the vessels of a pair or group sweeping together.

1. Signals shown by Day.

When towing sweeps.

All vessels towing sweeps are to show:—

By day.—A black ball at the foremasthead and a black ball at the yardarm on the side or sides on which it is dangerous for vessels to pass.

By night.—All round green lights instead of the black balls, and in a similar manner.

(b) Vessels or formations showing these signals are not to be approached nearer than 500 yards on either beam and ships are not to cross astern at a less distance than 1,000 yards.

In no circumstances is a ship to pass through a formation of mine-sweepers.

(c) Mine-sweepers should be prepared to warn merchant vessels who persist in approaching too close by means of any of the appropriate signals from the Merchant Navy Code or the International Code of Signals.
