NOTICE is hereby given that the land described in the Schedule hereunto has been acquired under the Forest Act, 1921-22, as a State forest.

STATE FOREST SERVICE NOTICES

Land in the Otago Land District acquired for a State Forest

State Forest Service, Wellington, 10th April, 1946.
3. At the end of each four-week period the Conservator shall notify the purchaser of the numbers and volumes of logs of each species delivered during that period and the total payments therefore, and delivery shall be considered to be complete when the logs have been measured, marked, and delivered to the milling district or on suitable log-storage sites at or near the mill.

4. After the delivery of a log is complete the purchaser shall be paid therefor, notwithstanding that the log may subsequently be damaged by fire, insect, fungal attack, or any other cause.

5. Should the purchaser at any time make default in any of the payments due under the sale or in any manner in connection therewith the Conservator shall have in addition to other remedies the right to cease delivery of logs until all such payments have been met to his satisfaction.

6. The purchaser, his agents, employees, or contractors shall not be permitted to enter the State Forest at other than the open areas in the vicinity of the mill or access roads thereto without the written consent of a Forest Officer and upon such conditions as he may impose.

7. The purchaser shall erect a sawmill with necessary buildings on a site which may be leased from the Commissioner, or alternatively on a site to be approved by the Conservator.

8. The Commissioner shall lease to the purchaser sites for the erection of dwellings within a proposed village settlement, but the number of dwellings shall be subject to agreement with the Conservator, while the general layout and sites of all such dwellings shall conform to a plan which may be obtained from the office of the Conservator.

9. The type and design of the equipment and buildings to be erected shall be subject to the approval of the Conservator, and each tender shall submit with his tender preliminary draft plans and specifications of sawmill and other buildings. In addition, the purchaser shall, within eight weeks of the acceptance of his tender, forward to the Conservator for approval final plans and specifications for all such buildings, and shall not proceed with the erection of any building without such approval, nor shall he after receiving such approval make any amendment to such plans or specifications without the consent of the Conservator.

10. Every tenderer shall enclose with his tender particulars of the type of mill equipment he proposes to install, and such equipment shall not be installed without the approval of the Conservator.

11. The dwellings for the employees referred to in Condition 8 hereof shall be of substantial construction and modern design and equipment, and shall be complete with drainage and water, and the requirements of full particulars of requirements may be obtained from the Conservator.

12. The purchaser shall dispose of slash mill-refuse and other waste in such manner and on such sites as shall be approved by the Conservator.

13. The purchaser shall, if required by the Commissioner enter into a written agreement to give full effect to the terms and conditions of this sale, and such agreement shall contain such further terms and conditions as may be required by the Commissioner and is usual in log sales of this nature made by the State Forest Service.

14. The Commissioner reserves the right to purchase at the termination of the agreement, or any subsequent license or agreement, all machinery, buildings, fences, or other improvements at a price to be agreed upon between the Commissioner and the purchaser, and failing such agreement the price shall be determined by arbitration. If, however, the Commissioner does not wish to exercise this right of purchase, the purchaser may sell to persons approved by the Commissioner, otherwise the purchaser will be allowed six months in which to remove all the aforesaid improvements, and shall not proceed with the erection of any building without such approval, nor shall he after receiving such approval make any amendment to such plans or specifications without the consent of the Conservator.

15. Every duly authorized Forest Officer shall have the right of entry at reasonable times upon any premises of the successful tenderer for the purpose of inspecting the cutting of logs and examining his books, or taking extracts therefrom for the purpose of verifying the contents of logs sold to him and the quantities of timber produced therefrom.

16. The attention of all tenderers is drawn to the fact that the local controlling authority may require the successful tenderer to pay any claims or charges which may be made by that body for the maintenance of the road over which the timber may be transported, and before the sale agreement is completed a letter indicating that satisfactory arrangements have been made in this connection must be submitted to the Conservator.

17. Intending tenderers are expected to visit the locality and satisfy themselves in every particular on all matters relative to the sale.

18. Each tenderer must state the price per cubic foot he is prepared to pay for each class of logs in each species. The highest price tendered shall become the property of the Crown.

19. The purchaser shall not be permitted to transfer, assign, or in any way part with the rights and privileges granted under the sale agreement, or any subsequent license or agreement, without the written consent of the Commissioner.

20. Tenders should be enclosed in sealed envelopes addressed "Conservator of Forests, Rotorua," and endorsed "Tender for Timber." Each tender shall state whether or not it is made by or on behalf of a returned serviceman or returned servicewoman.

21. Except as provided in Conditions 7 and 8 hereof, nothing in the subsequent license or agreement shall be construed or taken to confer upon the purchaser the right to the possession of any land so as to create any leasehold estate or interest therein.

N. J. DOLAMORE, Conservator of Forests.
