

(3) Where an account is rendered to any purchaser for milk supplied to him during a period comprising more than one day, the price that may be charged for the milk to which the account relates shall be computed as follows:—

- (a) For all milk supplied during the period in measurements of half-pint or less, the price shall be computed separately for each lot supplied at a rate not exceeding the appropriate rate fixed by this Order:
- (b) For all milk supplied during the period in measurements of more than half-pint but less than two pints (exclusive of milk so supplied on any one day of a total quantity of one gallon or more), the price shall be computed separately for each lot supplied at a rate not exceeding the appropriate rate fixed by this Order:
- (c) For all milk supplied during the period in measurements of two pints or more (exclusive of milk so supplied on any one day of a total quantity of one gallon or more), the price shall be computed at a rate not exceeding the appropriate rate fixed in the Schedule hereto for two pints:
- (d) Where the quantity of milk supplied to any one purchaser in any one day (exclusive of quantities supplied in measurements of half-pint or less) is not less than one gallon, the maximum price that may be charged shall be computed by reference to the total quantity of milk so supplied to the purchaser during that day.

(4) Where any milk or cream to which this Order applies is sold otherwise than in one of the quantities specified in the Schedule hereto, or otherwise than in a multiple of any specified quantity, the price shall be computed as follows:—

- (a) Where the quantity supplied is less than the smallest specified quantity, the price shall be a proportionate part of the price of the smallest specified quantity:
- (b) Where the quantity supplied exceeds a specified quantity but is less than twice the specified quantity, the price of any surplus over that specified quantity shall be a proportionate part of the price of that specified quantity:
- (c) Where the quantity supplied exceeds twice the amount of the nearest lower specified quantity but is not an exact multiple of that specified quantity, the price of any surplus over the nearest multiple of the specified quantity shall be a proportionate part of that specified quantity.

(5) If in respect of any milk or cream the price charged in accordance with the foregoing provisions of this clause is not an exact number of pence or half-pence, the maximum price shall be computed to the nearest upward halfpenny.
