

4. GENERAL DESCRIPTION OF WORKS

The licensee is hereby authorized, subject to the conditions hereof, to construct, maintain, and use the following works for the purposes of this license, the positions of the said works being indicated on the said plan P.W.D. 123212:—

- (a) Headworks consisting of a dam and intake with a water-race leading to the overshot water-wheel and power-house hereinafter referred to, giving a static head of approximately 6 ft.:
- (b) A power-house with all necessary equipment for generating electricity:
- (c) A tail-race leading from the said overshot water-wheel to Humphreys Creek:
- (d) Electric lines leading from the power-house aforesaid, across Humphreys Creek to the licensee's dwelling and other buildings, all being situated in Section 2572, Block I, Oira Survey District.

5. SYSTEM OF SUPPLY

The system of supply shall be as described in paragraph (j) of clause 21-01 of the Electrical Supply Regulations 1935. The generating voltage and the transmission voltage shall be approximately 110 volts direct current.

6. DURATION OF LICENSE

Unless sooner determined, this license shall continue in force until the 31st day of March, 1968, or until electrical energy is available from an Electric-power Board or other public source of supply, whichever is the earlier.

7. RENTAL

For the purpose of assessing the annual rental payable in respect of this license, the licensee may install a suitable maximum-demand indicator to the satisfaction of the Inspecting Engineer of the State Hydro-electric Department, and, failing such installation, the rental shall be assessed on the maximum generating capacity of the plant installed. The present plant is rated at 0.5 kilowatt.

W. O. HARVEY, Clerk of the Executive Council.
(S.H.D. 26/3634.)

Authorizing the Christchurch City Council to erect Electric Lines within Portions of the City of Christchurch, Portion of the County of Waimairi, and Portion of the County of Heathcote

B. C. FREYBERG, Governor-General

ORDER IN COUNCIL

At the Government Buildings at Wellington, this 30th day of April, 1947

Present:

THE RIGHT HON. P. FRASER PRESIDING IN COUNCIL

PURSUANT to the Public Works Act, 1928, His Excellency the Governor-General of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, subject to the terms and conditions set forth in the First Schedule hereto, doth hereby authorize the Christchurch City Council (hereinafter referred to as the licensee) to lay, construct, put up, place, and use within the areas of supply described in the Second Schedule hereto such electric lines as may now or hereafter from time to time be required within the said areas of supply.

FIRST SCHEDULE

CONDITIONS

1. Implied Conditions

THE conditions directed to be implied in all licenses by the Electrical Supply Regulations 1935 and the Electrical Wiring Regulations 1935 shall be incorporated in and shall form part of this license, except in so far as the same may be inconsistent with the provisions hereof.

2. License subject to Regulations

This license is issued under the Electrical Supply Regulations 1935, the Electrical Wiring Regulations 1935, and the Radio Interference Regulations 1934, and is subject thereto and to any regulations made or to be made in amplification or amendment thereof or in substitution therefor: Provided that the licensee shall not by virtue of this clause be required, except in the normal course of alteration, repair, or maintenance, to reconstruct in conformity with the regulations hereinbefore mentioned any electric lines which conform to the regulations in force at the time of the construction thereof.

3. System of Supply

The system of supply shall be in accordance with paragraphs (a), (c), (f), and (h) of clause 21-01 of the Electrical Supply Regulations 1935. Electrical energy shall be received in bulk from the State Hydro-electric Department at a nominal pressure of 11,000 volts between phases. Primary distribution throughout the areas of supply shall be at a pressure of 11,000 volts between phases with alternative distribution pressures of 6,600 or 3,300 volts between phases respectively.

4. Duration of License

Unless sooner determined in accordance with the provisions of the Public Works Act, 1928, or of the regulations made thereunder, or other statutory authority, this license shall continue in force until the 19th day of November, 1959.

5. Charges on Sale

The charges for electrical energy shall not exceed 9d. per unit for lighting purposes and 4d. per unit for all other purposes: Provided that "lighting purposes" shall include electrical energy used for such purposes directly or indirectly from the source of supply, except where used to charge a secondary battery for standby emergency lighting only.

In the case of wholesale supply the charge shall not exceed £16 per kilovolt-ampere per year plus ¼d. per unit. "Wholesale supply" for this purpose shall be held to be a supply in respect of which a consumer shall guarantee to pay not less than £180 per annum.

SECOND SCHEDULE

AREAS OF SUPPLY

LINES adapted for supply as prescribed in these presents for the transmission of electricity within (a) portions of the City of Christchurch, shown coloured red on the plan hereinafter referred to; (b) portion of the County of Waimairi, shown edged in green on the said plan; and (c) portions of the Mount Pleasant and the Heathcote Valley Ridings of the County of Heathcote, shown edged in yellow on the said plan; the said areas being shown on plan marked P.W.D. 123541, deposited in the office of the Minister of Works at Wellington, and thereon coloured as above mentioned.

W. O. HARVEY, Clerk of the Executive Council.

(S.H.D. 26/318.)

Authorizing the Waitaki Electric-power Board to erect, maintain, and use Electric Lines within the Outer Area of the Waitaki Electric-power District

B. C. FREYBERG, Governor-General

ORDER IN COUNCIL

At the Government Buildings at Wellington, this 30th day of April, 1947

Present:

THE RIGHT HON. P. FRASER PRESIDING IN COUNCIL

PURSUANT to the Public Works Act, 1928, and the Electric-power Boards Act, 1925, His Excellency the Governor-General of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, doth, subject to the conditions set forth in the First Schedule hereto, hereby authorize the Waitaki Electric-power Board (hereinafter with its successors and assigns referred to as the licensee) to lay, construct, put up, place, and use the electric lines described in the Second Schedule hereto; and, further, for the purposes of section seventy-six of the Electric-power Boards Act, 1925, subject to the said conditions, doth hereby authorize the licensee to construct and maintain the said electrical works.

FIRST SCHEDULE

1. IMPLIED CONDITIONS

THE conditions directed to be implied in all licenses by the Electrical Supply Regulations 1935 and the Electrical Wiring Regulations 1935 shall be incorporated in and shall form part of this license, except in so far as the same may be inconsistent with the provisions hereof.

2. LICENSE SUBJECT TO REGULATIONS

In respect of the lines hereby authorized, the licensee shall comply with the Electrical Supply Regulations 1935, the Electrical Wiring Regulations 1935, the Radio Interference Regulations 1934, and with any regulations made or to be made in amendment or amplification thereof or in substitution therefor.

3. SYSTEM OF SUPPLY

The system of supply shall be as described in paragraphs (a), (c), (d), (e), and (f) of clause 21-01 of the Electrical Supply Regulations 1935. The primary distribution voltage shall be 11,000 volts between phases.

4. DURATION OF LICENSE

This license shall, unless sooner determined, continue in force until the 21st day of November, 1967. Upon the expiry of the said term, or upon the sooner determination of this license by revocation or otherwise, all rights hereby granted to the licensee shall cease and determine; but such expiration or determination shall not relieve the licensee of any liability theretofore incurred under this license.

5. CHARGES FOR ELECTRICAL ENERGY

The charges for electrical energy shall not exceed 1s. per unit for lighting purposes and 6d. per unit for all other purposes: Provided that "lighting purposes" shall include electrical energy used for such purposes directly or indirectly from the source of supply, except where used to charge a secondary battery for standby emergency lighting only; and, provided further, that if accounts are paid within fourteen days of due date the charges shall not exceed 9d. per unit for lighting purposes and 4½d. per unit for all other purposes. In the case of wholesale supply the charge shall not exceed £16 per kilovolt-ampere per year plus ¼d. per unit. "Wholesale supply" for this purpose shall be held to be a supply in respect of which the consumer shall guarantee to pay not less than £180 per year.
