

whether new or second-hand, for any purpose other than the repair of existing galvanized steel or iron ridging, eaves gutters, or downpipes of dwellings only.

7. Except with the precedent consent of the Building Controller, no person shall use copper (other than copper tube) for any building or constructional work otherwise than for the manufacture of washing-coppers, hot-water cylinders, drainage vent stacks, flushing cisterns, or supply-tanks of up to 50 gallons in capacity. For the purposes of this clause the term "copper" includes copper sheets and parts of copper sheets and any other kind or form of copper capable of being fabricated for the purposes of any kind of constructional work.

8. Except with the precedent consent of the Building Controller, no person shall use copper tube for any constructional work otherwise than as piping for conveying hot water (including any exhaust pipe from a hot-water cylinder) and as a cold-water feed-pipe from a supply-tank or pressure-reducing valve to a hot-water cylinder.

9. Except with the precedent consent of the Building Controller, no person shall use screwed steel conduit for the enclosure of electric cable for internal wiring in any case where an alternative method of enclosure or covering is provided for in the Electrical Wiring Regulations 1935, but such alternative method of enclosure or covering shall be used.

10. Except with the precedent consent of the Building Controller, no person shall use corrugated asbestos-cement sheets—

- (a) For wall sheathing; or
- (b) For the purpose of roofing new houses built in urban areas in the North Island.

11. Except with the precedent consent of the Building Controller, no owner or person acting in the general management or control of any sash and door factory or joinery factory shall manufacture any door or allow or permit any door to be manufactured therein unless the door is one of the types specified in, and conforming to, the requirements of the New Zealand Emergency Standard Specification entitled "New Zealand Emergency Standard Specification for Doors," issued by the New Zealand Standards Institute under the authority of the Minister of Industries and Commerce, bearing date November, 1945, and numbered N.Z.S.S. E. 106, as amended from time to time, or with any specification which may hereafter be issued in substitution therefor. For the purposes of this clause "door" means a door exceeding 4 ft. 6 in. in height, but not exceeding 7 ft. 6 in. in height; but does not include a cupboard door or a door for any domestic outbuilding or garage.

12. In any case where an application has been made to any local authority, whether before or after the publication of this notice, for a permit for any constructional work, the local authority shall not issue the permit therefor without the precedent consent of the Building Controller.

13. In any case where any person proposes to commence any constructional work and no permit therefor is required from a local authority, that person shall not commence the work without the precedent consent of the Building Controller unless the work is—

- (a) Paperhanging or painting which is not prohibited by clause 16 hereof; or
- (b) Work which is maintenance or replacement work or which relates only to fixtures and fittings and in which the value of the building materials required to be used does not exceed £10.

14. Except with the precedent consent of the Building Controller, no person shall use cement or ready mixed concrete for any of the following purposes:—

- (i) Concrete paving.
- (ii) The manufacture of concrete paving slabs.
- (iii) Concrete curbing and channelling.
- (iv) The construction of paths.
- (v) The construction of terraces.
- (vi) The construction of fences (not including fence-posts).
- (vii) The construction of garden walls.
- (viii) The construction of retaining-walls.
- (ix) The construction of swimming-baths.
- (x) The construction of swimming-pools.
- (xi) The construction of fish-ponds and other ponds.
- (xii) The manufacture of precast-concrete ornaments.
- (xiii) The manufacture of garden furniture.

15. Except with the precedent consent of the Building Controller, no person shall sell, supply, dispose of, or part with the possession of, or deliver cement or ready mixed concrete unless he is satisfied that it is not intended to be used for any of the aforesaid purposes.

16. Except with the precedent consent of the Building Controller, no person shall use paint containing white lead or linseed oil for the purpose of painting or coating the external exposed surface of any walls, whether part of a building or not, finished in concrete, asbestos-cement sheets, brick, plaster, or stone.

17. The following Building Construction Control Notices are hereby revoked:—

- (a) The Building Construction Control Notice No. 20 (*Gazette*, 9th May, 1946, Vol. II, page 660).
- (b) The Building Construction Control Notice No. 21 (*Gazette*, 8th August, 1946, Vol. II, page 1088).
- (c) The Building Construction Control Notice No. 22 (*Gazette*, 8th August, 1946, Vol. II, page 1088).

Dated at Wellington, this 4th day of September, 1947.

R. L. MACPHAIL, Building Controller.
