   "Uncertified seed potatoes" means all seed potatoes that have not been so certified and packed;

   "Distributor", in relation to any lot of potatoes, means a wholesaler, as defined in the said Act, who sells those potatoes otherwise than to a retailer for purposes of retail sale.

3. (2) In relation to certified seed potatoes, means the group into which any potatoes have been classed by the Department of Agriculture in accordance with its scheme for the certification of seed potatoes:

4. (3) The maximum price that may be charged or received for the sacks in which any lot of potatoes to which this Order applies are packed shall be computed as follows:—

   For cornsacks of a size 48 in. by 26 in., 46 in. by 26 in., 44 in. by 26 in., 48 in. by 23 in., or 41 in. by 23 in.: At the rate of 42s. 6d. per ton of potatoes.

   For fertilizer sacks of a size 49 in. by 24 in.: At the rate of 14s. per ton of potatoes.

5. (4) Where any potatoes to which this Order applies are packed in sacks the maximum price that may be charged or received for the potatoes shall be computed on the gross weight of the potatoes and the sacks.

**Application of this Order**

5. (5) In its application to growers' prices, this Order applies only to seed potatoes that are grown in the South Island, and in its application to other prices, this Order applies to all seed potatoes sold in New Zealand.

6. (6) Except as otherwise provided herein, this Order applies to all such potatoes (whether sold before or after the date of the coming into force of this Order) that are delivered to the purchaser on or after that date.

7. (7) Nothing in this Order shall apply with respect to specially hand picked potatoes if such potatoes are sold in lots exceeding 1 cwt, and if such potatoes are packed in sacks duly labelled to show (a) that they have been hand picked and (b) the name or registered trade-mark of the distributor or wholesaler in whose store they were hand picked.

   Where any such potatoes are delivered by the grower otherwise than to a railway-station in the South Island, the actual price to be charged by the grower may be increased by the charges (if any) incurred by the grower in effecting delivery, and then reduced by the charges that would have been incurred by the grower if delivery had been effected by a common carrier at current freight rates to the railway-station that is nearest or most convenient of access to the grower's premises.

11. (1) Subject to the provisions of the next succeeding clause, the price (sacks included) that may be charged by any distributor for any seed potatoes to which this Order applies shall not exceed the sum of the following amounts:

Any authority given by the Tribunal under this clause of the lot shall be computed to the next upward halfpenny.
12. Where any wholesaler who does not normally carry on business as a distributor sells any potatoes to another wholesaler (thus becoming a distributor in respect of that transaction), the price to be charged by the vendor may exceed the maximum price determined in accordance with the last preceding clause by such amount as may be mutually agreed upon by the parties to the transaction: Provided that in any case the maximum price that may be charged by the purchasing wholesaler in accordance with the next succeeding clause shall be determined as if he had bought those potatoes at the price paid by the wholesaler from whom he bought them.
