Transmitting and Receiving Officers for the Service of Notices by Telegraph

In pursuance of the powers conferred upon me by the Post and Telegraph Act, 1876 (hereinafter termed the said Act), and by the regulations made on the 12th May, 1914, and published in the New Zealand Gazette of the 21st May, 1914, the following officers, at the addresses set against their names, are hereby appointed transmitting and receiving officers for the purpose of dealing with all notices by telegraph sent under the said Act or regulations, and of signing such certificates in relation to the service of any such notices as are required or authorized to be signed or given under the said Act or the regulations aforesaid:

Stanley Graham Heffernan, Chief Postmaster, Masterton.

Leslie Wilmott Hedge, Superintendent, Telegraph Branch, Auckland.

W. A. BODKIN, for the Minister of Telegraphs.
NOTICE is hereby given—

(a) That the Board of Trade proposes to consider the question of recommending the exemption from import licensing in respect of goods from other than scheduled countries comprised in 145 items (List No. 1) as set out in the 1951 Import Licensing Schedule;

(b) That persons, firms, or organizations considering themselves or their members likely to be materially affected by the exemption from licensing of any particular item, and desirous of lodging an objection thereto, must do so in writing addressed to the undersigned so as to reach him on or before 16th March, 1951; and

(c) That the fact that no objection is lodged against the removal of import licensing in respect of any particular item will not prejudice the right of any person, firm, or organization to represent to the Board at a later date that the rates of tariff duty on that item should be reviewed.

List No. 1 includes a wide range of goods, many of which are of a kind made in New Zealand. This notice does not justify any assumption that any item in the list will be exempted from the need for a licence or that any goods comprised in such list which are ordered without a licence will be permitted to be imported. Copies of the list may be obtained from Collectors of Customs, Offices of the Department of Industries and Commerce, or direct from the undersigned.

R. F. WILSON, Acting Secretary.

REVIEW OF IMPORT LICENSING.—LIST No. 1

Preliminary Notes

1. Representations should state concisely the principal grounds for objection to de-control.
2. It is desired that five copies of representations should be submitted. It would be helpful if paragraphs were numbered.
3. Separate representations should be made in respect of each item in the list.
4. Representations should be headed with the reference number, tariff item number, and brief description of the item, e.g.:—

No. 5 Ex T.I. 16 (2) Chocolate, &c.

5. It is desired that wherever possible representations should be made by national trade associations, but such representations in respect of any item will not preclude consideration of representations from any person or firm writing direct to the Board.

6. If any person, firm, or organization is in doubt as to whether particular goods are classified within any of the items in this list, inquiry should be made of the local Collector of Customs.

THE GROWTH AND DEVELOPMENT OF SOCIAL SECURITY IN NEW ZEALAND

A survey of social security in New Zealand from 1898 to 1949, and the most comprehensive work on the subject yet published in this country.

Of 180 pages, the book is divided into three parts—cash benefits, health benefits, and finance. Each subject is dealt with in detail and there is a comprehensive index.

The book will undoubtedly be of considerable interest to those interested in social security and social services, and will be especially valuable to University students.
