Notice to Mariners No. 2 of 1958

(This notice repeats parts of Admiralty Notice to Mariners No. 3 of 1953.)

3. OFFICIAL RADIO MESSAGES TO BRITISH MERCHANT SHIPS—"THE GBMS ORGANIZATION"

Former Notice 3/52 cancelled.

Notes—The substance of this Notice will not be reproduced in Admiralty Lists of Radio Signals or in Notices to Ship Wireless Stations. Amendments will be published weekly in Section VI of Weekly Complete Editions, Admiralty Notices to Mariners (Corrections to Admiralty Lists of Radio Signals and Notices to Mariners 5, 3a and 3b).

IT IS IMPORTANT THAT MASTERS ENSURE THAT THIS NOTICE IS AVAILABLE TO AND UNDERSTOOD BY THEIR RADIO OFFICERS. AN EXTRA COPY IS SUPPLIED FOR THE USE OF THE RADIO OFFICER.

GENERAL

This Notice describes the organizations whereby official messages are passed to British merchant ships. Such messages will normally relate to the safety and welfare of the ships concerned, and may be addressed to one or more individual ships, or to all ships as in paragraph 10.

2. The organization described below is known as the "GBMS Organization" and will not be brought into force until so ordered by the Admiralty.

3. In peacetime when Admiralty desires to pass official messages to British Merchant Ships, such messages will be transmitted under the call sign GACQ and broadcast over the long distance organisation and/or by 500 kcs coast stations if necessary.

4. When the organization described in this Notice to Mariners is ordered to be brought into force:—

(a) Ships are to continue to read the traffic from the areas in whose area they are sailing. Messages will be broadcast at the same routine times and on the same frequencies as in the normal Long Distance Area Scheme and no alterations will be brought into force without prior notification by GBMS message.

(b) T.F.S. ARE TO BE DISCONTINUED.

(c) MESSAGES ARE NOT TO BE ACKNOWLEDGED unless ships are specially directed to do so in the text of the message.

(d) DAILY SERIAL NUMBERS WILL BE DISCONTINUED.

(e) SHIPS ARE TO CONFORM TO ANY RESTRICTIONS ON THE USE OF RADIO WHICH MAY BE ISSUED BY THE ADMIRALTY.

5. Schedules A and B, also issued in Notices to Ship Wireless Stations, are reproduced in this Notice to Mariners for convenience. The corresponding diagram of Areas is also reproduced.

It must be clearly understood, however, that corrections to these Schedules may be in arrears and that, when GBMS Organization is brought into force, Area Transmitting and Receiving Stations will continue on those frequencies in use at the time.

6. Every GBMS message will normally be broadcast at each Schedule A period for 24 hours after receipt at the Area Station, i.e., for 6 transmissions. This number of broadcasts will, in the early stages of an emergency, be exceeded in the case of Area 1 (Portishead). Messages will be broadcast once through at each transmission period and ships should make every effort to receive the complete message at the first transmission.

Operational Authorities may use their discretion regarding the number of broadcasts required for a particular ship, when the level of traffic is such that fewer transmissions are considered justified, but only if satisfied that, knowing the position of the ship, there can be no doubt of the receipt of the message.

Navigational warnings will continue to be broadcast in the last half-hour of each period.

Short Distance

7. In addition to the Schedule A transmissions, messages will normally be transmitted from one or more of the appropriately situated coast stations shown in paragraph 13. They will normally be broadcast on receipt and, as ordered, at subsequent routine periods (see paragraph 13 for British

500 kcs Coast Stations Routine). They are NOT TO BE ANSWERED OR ACKNOWLEDGED unless ships are specially directed to do so in the text.

8. After an initial call on 500 kcs the messages will be transmitted on the appropriate working frequency, shown in paragraph 13. The naval authority responsible for arranging the transmission of GBMS messages in each area is also shown.

GENERAL MESSAGES

9. GBMS messages addressed to ALL British merchant ships will be lettered consecutively commencing with "A", in order that Masters can check that all such messages have been received.

10. Once the lettered series has been started it is most important that all the messages are received, and Masters should take the necessary steps to obtain at the first opportunity any that are missing.

Copies of lettered messages will be distributed to merchant ships in harbour by the Naval authorities.

11. Collective call-signs to which general messages will be addressed are as follows:—

(a) GBMS—All British merchant ships.

(b) GBMS 1 to 9—All British merchant ships in the area concerned (areas are those shown in the diagram attached). e.g., GBMS 5—All British merchant ships in Area 3.

(c) GACQ—All British merchant ships in peace time.

SHIP-SHORE

12. Ships are to conform to any restrictions on the use of radio which may be issued by the Admiralty. Provided the use of wireless is permissible, a message may be transmitted either on H.F. to one of the stations shown in Schedule B, or on M.F. to one of the Coast Stations shown in paragraph 13, as appropriate. Certain changes to Schedule B answering frequencies will be promulgated by GBMS message at a later stage.

Note: The substance of this Notice will not be reproduced in Admiralty Lists of Radio Signals or in Notices to Ship Shore Stations.

### SUPPLEMENTARY RECEIVING STATIONS

The following stations are linked to the GBMS Organisation. They should normally be called direct nor have messages addressed to them, but they may offer to accept ship-shore H.F. traffic in order to expedite clearance:

### LETTERED MESSAGES

5. General Messages issued by the Admiralty intended for Merchant Ships in all areas world-wide are identified by the word MERCAST followed by double letters in alphabetical sequence, e.g.: AA — AZ BA — BE contained in the text.

In addition to these world-wide General Messages there are two other series of general messages. One is applicable to Merchant Ships in the Atlantic Ocean area only, and the other to Merchant Ships in the Pacific area only. These series are known as the MERCASTLANT and MERCASTPAC Series respectively. These series are identified in the same manner as the world-wide series except that the letters will be prefixed by "MERCASTLANT" and "MERCASTPAC" as appropriate. These messages which are not of an emergency nature will be disseminated to Naval Authorities who will deliver them to Masters upon arrival in port. Such general messages will contain the same identifying features as if they had been broadcast. When a MERCAST lettered signal has been sent to the Naval Authorities for delivery, the next MERCAP general message broadcast to ships at sea will contain information to this effect and indicate the identifying letters of the message. Merchant ships will thus be able to determine whether they have received all messages in each series.

### CALL SIGNS

6. Collective call signs to which general messages concerning British ships will be addressed, are as follows: NUKO All ships guarding MERCAP. NRMS All British Merchant Ships. NRMS 1 to 13 All British Merchant Ships in Area indicated. GBMS All British Merchant Ships. GBMS 1 to 13 All British Merchant Ships in Area indicated. Areas are those shown in the diagram attached.; e.g. NRMS 3 All Allied Merchant Ships in Mercast Area III.
