

## AGRICULTURAL BOTANY

By J. S. YEATES and ELLA O. CAMPBELL

This book supplies a long-felt want in this country by providing a simple explanation of the manner in which plants function and the conditions necessary for their growth. Wherever possible technical terms have been avoided, and those essential to a proper understanding of the subject have been fully explained. Over one hundred illustrations contribute to a clear exposition of the subject. As a result, although the book is primarily intended for use in schools and colleges, it is also suitable for farmers, orchardists, horticulturists, and home gardeners.

236 pages.

Price, 25s. Postage free.

## YOUR OWN HOME—HOW?

A guide for those who desire to build. Contains fourteen house designs, advice on purchase of sections, methods of financing, low cost plan service and other valuable advice.

Price, 2s. 6d. Postage free.

## YOUR OWN HOME—HOW? (No. 2)

Another booklet written primarily for those with limited finance. Contains fourteen new house designs, advice on finance, group building scheme, economics in design and construction and other expert advice.

Price, 2s. 6d. Postage free.
