

Tariff Item	Goods	Concessionary Rates of Duty					Concessionary Reference
		B.P.	Aul.	Can.	MFN.	Gen.	
682.210.3	Nickel bronze welding wire	Free	10%	12½%	..
682.212.1	Brass electrode rule for use in the manufacture of electrode shapes as used on high-frequency welding machines processing products of P.V.C. sheeting	25%	25%	10.8
682.221.1	Brass electrode rule for use in the manufacture of electrode shapes as used on high-frequency welding machines processing products of P.V.C. sheeting.	25%	25%	10.8
684.210.5	Decorative aluminium mouldings, specially polished for use in the manufacture of motor-vehicle bodies	Free	10%	12½%	..
698.121.3	Heavy duty latch sets for commercial refrigerating units ..	25%	25%	10.8
698.860.0	Pattern makers letters and figures of brass or white metal ..	Free	20%\$	25%	10.2
698.911.4	Galvanised malleable iron chain pipes	Free	Free	10.2
698.922.9	Brass core box vents, slotted or mesh type	Free	20%\$	25%	10.2
691.100.9	Clamps specially designed for use in the assembly of temporary structures of circular and rectangular hollow section	Free	20%\$	25%	10.2
698.970.0	Distribution boxes for electrical circuits	Free	20%\$	25%	10.2
711.501.1	Pistons, cylinder sleeves, and piston rings suited for the repair of Lister, Freedom, SL, HA, and LD stationary and marine compression-ignition diesel engines	25%	25%	10.8
712.101.8	Portable hand operated spreaders, of a type worn on the person, for dispersing weed-killer preparations in granular form	Free	Free	Free	10.3
717.150.9	Stainless steel washing drums of capacity not less than 25 lb dry weight, complete with ducting, being components for use in the manufacture of automatic dry cleaning machines	25%	25%	10.8
718.420.8	"Hyster" model d. tamping rollers	Free	20%\$	25%	10.2
718.420.8	Vibrating sheepsfoot rollers	Free	20%\$	25%	10.2
718.420.9	Tyre rims for compactor tyres of the following sizes: 1800×25 40 ply, 1300 × 24 - 26 ply	25%	25%	10.8
718.510.3	Goodwin-Barsby "Acme" 42 × 30 single toggle roller-bearing jaw type stonecrushers	Free	20%\$	25%	10.2
719.190.0	Heat exchangers incorporating a device for the simultaneous movement of the material under treatment	Free	20%\$	25%	10.2
719.190.0	Conveyorised tunnel dryers, specially designed for the drying and treating of negative battery plates	Free	20%\$	25%	10.2
719.210.9	Electric coolant pumps for use with metal working machinery ..	Free	20%\$	25%	10.2
719.230.5	Centrifuges designed specially for the recovery of lubricating oil from metal swarf	Free	20%\$	25%	10.2
719.310.9	Equipment specially designed for invalid lifting and handling in home or in the hospital	Free	20%\$	25%	10.2
719.800.9	Deflector coil-bonding machines	Free	20%\$	25%	10.2
719.800.9	Automatic chip separators being devices for sorting by air blast dry brass swarf from turned brass products	Free	20%\$	25%	10.2
719.920.9	Relief valves specially designed for the release of pressure and vacuum on bulk oil tanks	Free	20%\$	25%	10.2
719.920.9	Valves, being spare parts of "Oertiker" exhaust braking systems	Free	20%\$	25%	10.2
719.930.9	Gear wheels, gear trains, and associated transmission equipment, peculiar to use in electrical meters and instruments	Free	20%\$	25%	10.2
719.930.9	Gears, shafts, spindles, pinions, clutches, being catalogued spare parts of Wolf electric tools and machines	Free	20%\$	25%	10.2
719.930.9	Gears and gearing being spare parts for taxi-meters	Free	20%\$	25%	10.2
719.930.9	Fly wheels, crankshafts, connecting rods, and component parts, being identifiable spare parts of Bolinder gangsaws	Free	20%\$	25%	10.2
719.930.9	Transmission shafts, cranks, bearing houses, plain shaft bearings, gears and gearing pulleys, clutches, and shaft couplings, being catalogued spare parts for use on Alfa Laval, De Laval, and Diabolo cream separators	Free	Free	Free	10.3
719.930.9	Transmission shafts and parts, bearing, gears, bushings, cams, cam-holders, pawls, collar assemblies, cam-shoes, cam-bands, pinions, drive discs, etc., being catalogued spare parts for use solely on "Multilith" printing machines, "Xerox" machines, "Varityper" machines, and headliner machines	Free	20%\$	25%	10.2
719.930.9	Transmission parts of water meters	Free	20%\$	25%	10.2
722.100.3	Current transformers for reduction of current in electrical circuits for the purpose of electrical energy metering and current indication	Free	20%\$	25%	..
722.200.3	Switches being catalogued spare parts for Wolf electric tools ..	Free	20%\$	25%	10.2
722.200.6	Escutcheon and switch assemblies for use in the manufacture of car heaters	25%	25%	10.8
725.050.9	Elements of nickel-chrome alloy, specially suited for use in electric enamelling furnaces	Free	20%\$	25%	10.2
732.400.9	High pressure jetting units for removing slime and silt from drains and sewers	Free	20%\$	25%	10.2
732.891.1	Component parts for use in the manufacture of car heaters, viz.—Demistor nozzles RH and LH, adapters RH and LH, pivot demist levers, lever assemblies, lever terminal assemblies, flap valve and seals, resistor brackets, bypass flaps, demist take offs RH and LH	25%	25%	10.8
735.300.1	(A) Boats propelled by oars or paddles, viz.: 1. Single sculling skiff with riggers and accessories 2. Coxless pair-oar/double-scutt skiff with riggers and accessories 3. Four-oar skiff riggers and accessories 4. Eight-oar skiff with riggers and accessories 5. Surf lifesaving boats, unsinkable type	Free	Free	..
812.420.4	(B) Fishing boats suitable for purse seining Anglepoise shadowless examination lamps specially suited for use by surgeons	Free	10%	12½%	23.5
