Decision of the Indecent Publications Tribunal

In the matter of the Indecent Publications Act 1963 and in the matter of an application by the Comptroller of Customs in respect of 11 paperback books enumerated below—whether it is indecent or for a decision as to its classification.

The books submitted are:—

1. Beyond Love by Kay Addams as told to Orrie Hitt.
2. Arny Wife by Della Bannion as told to Con Sellers.
3. Passion Patiens by Nurse Karen Gregg as told to Con Sellers.
4. Insatiable by Adam Coulter.
8. Anything—I'll Do Anything by Frank Cannon.
9. And Men My Food by Marcia Hall as told to Con Sellers.
10. The Love Seekers by Orrie Hitt.
11. The Passion Teacher by Phillip Storey.

There was no appearance on behalf of the Comptroller of Customs nor of the publisher's representative in New Zealand. Accordingly no submissions were made to the Tribunal.

All the 11 paperbacks are published by Novel Books Incorporated, Chicago, U.S.A. Each has an imprint on the left hand top corner of the cover “For Adults”. Each carries on the cover a brief synopsis of the plot calculated to introduce the elements of sex or violence the book narrates; and on the front end paper of each an equivalent word is described in such a way as to extend or heighten this emphasis. Some are decorated with coloured photographs, some unexceptionable, some garish; but all are designed with interest emphasised in the titles, the cover synopsis and end paper extracts or paraphrases.

The first three books belong to a series called First Person Exclusive; so does the ninth. Numbers eight, four, five, and seven bear the description Taboo Original Novel, as do also the tenth and eleventh. Number six is termed a Tokey Wedge Exclusive—more fully, “Jack Lynn's newest Tokey shocker”.

The first six above all exploit sex, violence, crime, perversion and cruelty in various mixtures. We have taken care to describe the form of production in order to sustain the word “exploit”. It is a frequent mark of indecent publications that, directly or indirectly, they display in a convincing appeal to the lowest tastes of readers. These books have little or no artistic merit. There is one which has some, being strongly plotted and well constructed, but not enough to outweigh its objectionable features. We regard all six as indecent and so hold.

As regards the last five listed above it is not possible to press so strongly the objections which have determined the Tribunal's opinion of the others. The weakest objection may be to the style of presentation described above, which may induce a reader to think them more lurid than they really are. In that event we will have to thank him for the attention of the publishers and writers for his disappointment. On the whole we find these five books no worse than many now circulating in the community and apparently accepted. We do not think we should be justified in classifying them as indecent.

The Tribunal accordingly decides that the first six listed above are indecent within the meaning of the Indecent Publications Act but no such classification is made in respect of the last five listed, which accordingly we hold to be not indecent.

K. M. GRESSON, Chairman.

Order Prescribing Standard Terms and Conditions

Pursuant to section 26a of the Air Services Licensing Act 1951, the Air Services Licensing Authority hereby orders that Part B of the Order Prescribing Standard Terms and Conditions dated the 20th day of August 1959 and published in the Gazette, on the 24th day of September 1959, is hereby revoked and that the terms and conditions set out hereunder be substituted therefor:

“B. In respect of Licences for Aerial Work Services:

2a. Unless otherwise ordered by the Licensing Authority in respect of a particular licence, the following standard terms and the meaning thereof shall be applicable in all licences for aerial work services in so far as they may apply to the type or types of such services as are authorised in the licences:

(i) "Aerial topdressing service" means any service by aircraft (whether fixed-wing or rotary-wing) for hire or reward whereby any fertiliser or lime is released from aircraft during flight in such a manner as to provide for the direct application of the material to the soil or to plant life thereon.

(ii) "Aerial insecticide pelleting service" means any service by aircraft (whether fixed-wing or rotary-wing) for hire or reward whereby any pellets (including
prills) containing or coated with insecticide are released from aircraft during flight in such a manner as to provide for the direct application of the insecticide to the soil or to plant life thereon.

(iii) "Aerial spraying service" means any service by aircraft (whether fixed-wing or rotary-wing) for hire or reward whereby any agricultural chemical in the form of a liquid is released from aircraft during flight in such a manner as to provide for the direct application of the chemical to the soil or to plant life thereon.

(iv) "Aerial dusting service" means any service by aircraft (whether fixed-wing or rotary-wing) for hire or reward whereby any non-liquid agricultural chemical excluding prills or pellets whether alone or together with any other substance not being a fertiliser or lime is released from aircraft during flight in such a manner as to provide for the direct application of the chemical to the soil or to plant life thereon.

(v) "Aerial poisoning service" means any service by aircraft (whether fixed-wing or rotary-wing) for hire or reward whereby any poisonous agricultural chemical, whether alone or together with any other substance, is released from aircraft during flight for the purpose of destroying or repelling noxious animals.

(vi) "Miscellaneous aerial work service" means any aerial work service by rotary-wing aircraft for hire or reward other than an aerial topdressing service, an aerial spraying service, an aerial dusting service, an aerial poisoning service, or an aerial insecticide pellet service.

2a. In these standard terms and conditions—

(i) "Fertiliser" means any substance, including lime, which is in a state suitable for application to land or plants for the purpose of increasing the growth or productivity of beneficial plants. Provided that any such substance does not come within the term "agricultural chemical" as defined in subparagraph (ii) hereunder.

(ii) "Agricultural chemical" means any substance, whether mineral or any other substance or not, sold for the purpose of protecting any form of plant life from injury caused by any organism or virus, or for the purpose of curing any such injury or any disorder of plant life of a physiological nature, or for the purpose of destroying, preventing or in any other way influencing other than as a fertiliser, the growth of any form of plant life, and includes any animal poison.

3. Classification and Replacement of Aircraft:

(a) In all licences authorising the carrying on of aerial topdressing services the aircraft authorised for such services shall be deemed to be any one of the following categories namely, light aircraft or medium aircraft or heavy aircraft.

(b) For the purposes of paragraph (a) herein—

(i) "Light aircraft" means an aircraft in respect of which the maximum approved agricultural payload does not exceed one-half ton.

(ii) "Medium aircraft" means an aircraft in respect of which the maximum approved agricultural payload is more than one-half ton but does not exceed one ton.

(iii) "Heavy aircraft" means an aircraft in respect of which the maximum approved agricultural payload exceeds one ton.

(c) Subject always to there being no increase in the number of aircraft as are authorised in the licence, the licensee may at any time replace a light aircraft with another type of light aircraft, or a medium aircraft with another type of medium aircraft. The licensee operating a heavy aircraft may replace that aircraft by another heavy aircraft without the prior approval of the Licensing Authority provided the maximum approved agricultural payload of the replacement aircraft is not greater or less than one-half ton of such approved payload in respect of the aircraft being replaced. Every such replacement shall be notified promptly to the Authority.

(d) Nothing in this clause shall apply to helicopters.

4. Boundaries:

(a) As from the date of this order where any boundary of the area authorised for an aerial topdressing service or an aerial spraying service or an aerial insecticide pellet service passes through any part of a farming property, the licensee may enter into an agreement with the owner of such property for the carrying out of aerial topdressing services or an aerial insecticide pellet services on the whole or any part of that property provided a substantial part thereof is within the licensee's licensed area.

(b) Where in any aerial topdressing licence or any aerial insecticide pellet service licence a boundary is defined as being a line running from the mouth of a river or other waterway such line shall be deemed to run from the northern side of the mouth of such river or other waterway unless the licence otherwise provides.

This Order shall come into effect on the 1st day of April 1966.

Dated this 29th day of March 1966.

For and on behalf of the Air Services Licensing Authority—

G. H. LUSK, Chairman.
