Consent to the Generation of Electricity by Lancelot John Brown and Margaret June Brown by the Use of Water

PURSUANT to the Electricity Act 1968, the Minister of Electricity hereby consents to the generation of electricity by Lancelot John Brown and Margaret June Brown, of Orari, dairy farmers by the use of water, subject to the following conditions.

CONDITIONS

1. The conditions directed by the Water Power Regulations 1934 to be implied in every licence to use water for the purpose of generating or storing electricity shall be deemed to be conditions of this consent, as if it were such a licence.

2. This consent is subject to compliance with the Water Power Regulations 1934, the Electrical Supply Regulations 1967, the Electrical Wiring Regulations 1961, the Radio Interference Regulations 1958, and all regulations hereafter made in amendment of or in substitution for any of those regulations, as if in the case of the Water Power Regulations 1934 it were a licence under the Public Works Act 1928 to use water for the purpose of generating electricity, as well as a consent under the Electricity Act 1968 to generate electricity by the use of water.

3. The generation of electricity by the use of water pursuant to this consent shall be carried out by means of the works described in the Schedule hereto.

4. This consent shall, unless it is sooner lawfully determined, continue in force until the 31st day of March 1983 or until electrical energy is available from an electrical supply authority, whichever is the earlier.

5. This consent confers no rights to water under the Water and Soil Conservation Act 1967 or otherwise.

6. For the purpose of assessing the rental or annual sum payable in respect of this consent, the maximum generating capacity of the plant at the date of this consent is 2.5 kW.

SCHEDULE**GENERAL DESCRIPTION OF WORKS**

- Head works consisting of dam and intake and water race leading to the water wheel and powerhouse giving a static head of approximately 6 ft.
- Tail race leading from the water wheel to the stream.
- Water wheel and powerhouse, with all necessary equipment for generating electricity.
