4. In computing the weight of rindless cheese for which payment is to be made by the Board, the weight of all cheese comprised in any consignment submitted for grading under the said regulations shall be ascertained as follows:

- Each carton of cheese containing a net weight of 60 lb 3 oz of actual cheese, excluding wrapping, shall, subject as hereinafter provided, be computed at 60 lb;

- The weight of all cheese in any such consignment shall be determined on the basis of the weight as ascertained by the grader of the several cartons selected by him for weighing and set out in the grader's certificate issued in respect of that consignment, and the cartons of cheese so weighed shall be taken as fixing the average weight for the whole quantity of cheese comprised in such certificate, overweights being averaged with underweights in each such certificate in relation to the prescribed weight of 60 lb 3 oz per carton;

5. The prices fixed by the Board shall not be paid for any cheese manufactured otherwise than in compliance with the said regulations.

6. The price to be paid by the Board for any cheese which, with the approval or at the request of the Board, is manufactured, prepared, or packed in special containers, or in special quantities, or otherwise in any special manner, shall be the appropriate price payable for that cheese as hereinbefore provided, adjusted by such appropriate addition or reduction as corresponds with the additional costs or the reduced costs incurred in such special manufacture, preparation, or packing. Any such approval or request of the Board may include a stipulation limiting the additional cost to be incurred and may dispense with the requirements of paragraphs 3 and 4 hereof, and, in that event, payment shall be made for the actual net weight of the cheese exported.
