

70	Unworked drawn or blown (window) glass.	Glass fibre (including fabrics and articles), cut or worked, cast, rolled, drawn or blown glass; mirrors, unframed. Table and kitchen glass-ware. Illuminating glass-ware. Bricks, etc. Articles of glass and glass beads.
71	Bullion and articles of gold.	Articles of (or incorporating) jewellery (including imitation jewellery). Other articles of precious metals.
72 E		
Base Metal and Articles		
73	Pig iron, cast iron and spiegeleisen. Ferro alloys. Tubes, pipes and fittings of cast iron. Castings and forgings of iron and steel; stranded wire and cables and articles, e.g., plaited bands, slings, etc; Railway track construction material of iron and steel. Pipe fittings of steel.	Iron and steel (including alloy and high carbon) wire coated or uncoated but not insulated, e.g., baling, barbing, fencing and nail wire; Galvanised wire, etc. Welded mesh, netting, barbed fencing wire and fabricated fencing of iron and steel. Bolts, nuts, washers, screws, nails and staples; Springs of all kinds; Welded chain.
74	Wrought bars, rods, angles, etc., and wire of copper. Tubes, pipes, hollow bars, sections and blanks of copper or copper alloys; stranded wire cable. Redraw rod of copper.	Wire products not insulated; Articles of iron or steel for domestic or sanitary ware. High pressure conduits. Tubes and pipes of steel 6" and above. Structures and other articles of iron or steel. Knitting needles. Hotwater boilers. Stoves (solid, liquid and gas fuelled). Mfrd. articles of steel, e.g., heel plates, nose rings, plugs, clips, etc. Baths, basins, etc.; cooking holloware.
75	Articles of nickel.	Iron and steel coils for re-rolling. Galvanised iron or steel coil, hoop and strips and sheet; corrugated sheet iron; Sponge, ingots, blooms, billets, bars, rounds and rods of iron and steel. Angles, shapes, channels "Y" section and fence standards of iron and steel. Tubes, pipes and blanks of steel, up to 6". (Including rectangular hollow section.)
76	Unwrought aluminium waste and scrap; Stranded wire and cables; Wrought bars, angles, plates; sheets, tube and pipe fittgs. Barbed fencing wire.	Cooking and heating apparatus, e.g., primus stoves; other articles of copper, e.g., nose rings for animals, turn buckles, couplings, nozzles, etc.
77	Articles of magnesium.	Articles for domestic use, e.g., holloware, gas cooking and heating apparatus, bobbins and spools. Aluminium structures and parts, reservoirs and tanks.
78	Angles, shapes and sections of lead. Lead foil. Tubes, pipes, bends, traps and other articles of lead. Lead solder in strip or sheet.	
79, 80, 81	Articles of zinc, tin, tungsten and other base metals.
